Report on the Financial Statements

We were engaged to audit the accompanying financial statements of G.U.F.P. 401(k) Savings & Retirement Plan, which comprise the statements of net assets available for benefits as of September 30, 2018, and the related statement of changes in net assets available for benefits for the year ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note H, which was certified by Capital Bank and Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and execute investment transactions. The Plan Administrator has obtained a certification from the trustee, as of and for the year ended September 30, 2018, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets (Held at End of Year), September 30, 2018, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

G.U.F.P. 401(K) SAVINGS & RETIREMENT PLAN
Notes to Financial Statements

Note A - Description of the Plan

The following description of the G.U.F.P. 401(k) Savings & Retirement Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the company who have at least 1,000 hours of service at the end of their first twelve consecutive months of employment and are age 21 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan Administrator.

Contributions

Each year, participants may contribute a portion of pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. The Plan does not include an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate. Company matching contributions are discretionary. Contributions are subject to certain statutory limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings (losses) and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contributions portion of participant accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after five years of credited service.

Note A - Description of the Plan (concluded)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Notes fund. Loan terms cannot extend beyond five years. Specific rate of interest, security and repayment are determined at the time the loan is executed. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant becomes 100% vested in all of their accounts under the Plan. In the case of termination due to disability or retirement, such participant may elect to have such vested account balance distributed to them as soon as administratively feasible following termination of employment. In the case of termination due to death, the account balance will be used to provide the decedent's beneficiary with a death benefit in a single lump-sum payment.

In-Service distributions of the vested portion of a participant's non-elective employer contribution account are allowed at (1) attainment of normal retirement age, or later, (2) attainment of age 59 ½ or later, (3) upon a participant's total disability, and (4) in the event of a safe-harbor hardship as defined.

Forfeited Accounts

At September 30, 2018 and 2017 forfeited non-vested accounts totaled $1 and $8, respectively. If a Participant forfeits any of his/her benefits under the Plan, those forfeited amounts may be used to offset Employer contributions under the Plan for the Plan Year in which the forfeiture occurs. In 2018, employer contributions were reduced by $1,359 from forfeited non-vested accounts.

Note B - Summary of Significant Accounting Policies

Date of Management's Review of Subsequent Events

Subsequent events were evaluated through June 14, 2019, which is the date the financial statements were available to be issued.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of September 30, 2018 and 2017, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan is considered a taxable event. But the loan will not be charged against the participant's vested account balance until a distributable event occurs under the terms of the Plan.

Note B - Summary of Significant Accounting Policies (concluded)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain operating expenses of the Plan are paid directly by the Company and are therefore excluded from these financial statements.

Note C – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets;

Note C – Fair Value Measurements (continued)

	• quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the assets and liability; • inputs that are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no Plan assets requiring the use of Level 2 of Level 3 inputs for the periods presented.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2018 and 2017.

Mutual funds: These investments are public investment vehicles valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.

Although the methods above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values, the Plan believes its valuation methods are appropriate and consistent with other market participants and that the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following fair value hierarchy tables present information about the Plan's Investments measured at fair value on a recurring basis as of September 30, 2018 and 2017. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

Note C – Fair Value Measurements (concluded)

		Fair Value Measurements at the End of the Reporting Period Using:		
September 30, 2018	Fair Value	Level 1	Level 2	Level 3
Mutual funds	$ 2,714,969	$ 2,714,969	$ -	$ -
Total assets in the fair value hierarchy	2,714,969	$ 2,714,969	$ -	$ -
Investments measured at net asset value	-			
Total investments at fair value	$ 2,714,969			

		Fair Value Measurements at the End of the Reporting Period Using:		
September 30, 2017	Fair Value	Level 1	Level 2	Level 3
Mutual funds	$ 2,115,124	$ 2,115,124	$ -	$ -
Total assets in the fair value hierarchy	2,115,124	$ 2,115,124	$ -	$ -
Investments measured at net asset value	-			
Total investments at fair value	$ 2,115,124			

Gains and losses included in changes in net assets available for benefits for the year ended September 30, 2018, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended September 30, 2018, there were no transfers between Level 1 and 2 and no transfers into or out of Level 3.

Note D – Related Party and Party-In-Interest Transactions

The Plan has a number of service providers. Such parties are parties-in-interest under ERISA, including Capital Bank and Trust Company, which is the trustee of Plan assets and manages Plan investments. The Plan issues loans to participants which are secured by the balances in the participants' accounts. The Company paid certain administrative expenses of the Plan, including recordkeeping and audit fees.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note E - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer accounts.

Note F - Tax Status

On March 31, 2014, the Internal Revenue Service issued a favorable opinion letter with respect to the qualified status of the Plan's prototype non-standardized plan under §401(a) of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan to recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax period in progress.

Note G - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note H - Information Prepared and Certified by Trustee

The following information included in the accompanying financial statements and supplemental schedule were obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	2018	2017
Investments at fair value	$ 2,714,969	$ 2,115,124
Notes receivable from participants	$ 110,571	$ 106,570
Investment income (loss)	$ 371,092	$ 296,605

Note I – Change in Accounting Principles

In May 2015, the FASB issued ASU 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent). This ASU permits a reporting entity, as a practical expedient, to measure the fair value of certain investments using the net asset value (NAV) per share (or its equivalent) of the investment. Prior to the adoption of ASU 2015-07, investments for which fair value is measured using the practical expedient were characterized within the fair value hierarchy on the basis of whether the investment is redeemable with the investee at NAV on the measurement date, never redeemable with the investee at NAV, or redeemable with the investee at NAV at a future date. ASU 2015-07 removes the requirement to categorize investments for which fair value is measured using NAV as a practical expedient in the fair value hierarchy. Although the investment is not categorized within the fair value hierarchy, entities are required to provide the amount measured using the NAV (or its equivalent) practical expedient to permit reconciliation of the fair value of investments included in the fair value hierarchy to total investments measured at fair value on the Statement of Net Assets for Benefits. The ASU is effective for non-public companies for fiscal years beginning after December 15, 2016, with early adoption permitted. Management elected to adopt ASU 2015-07 early (for Plan year ended September 30, 2017).

Note J – Subsequent Event

On August 14, 2018, a Corporate Resolution was made in which the Plan was to be amended to become a Safe Harbor 401(k) Plan. Under the amended Plan, the Employer will match 100% for the first 3% and 50% for the next 2% of Employee contributions. The amendment is effective October 1, 2018.
