OPTIMAX SYSTEMS, INC. 401(K) PROFIT SHARING PLAN

Notes to Financial Statements
December 31, 2018 and 2017

1. Description of Plan

The following brief description of the Optimax Systems, Inc. 401(k) Profit Sharing Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established January 1, 1999 as a salary reduction Plan pursuant to Section 401(k) of the Internal Revenue Code. It covers substantially all employees of Optimax Systems, Inc. (the "Company") who meet the conditions of eligibility. The Plan is also subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). On April 1, 2017, the plan was amended to include automatic enrollment and escalation provisions, with a special effective dates addendum for the provisions of May 1, 2017. Effective February 1, 2018, the Plan was amended to change the discretionary match calculation period to each payroll period.

Participation

Full-time employees of the Company are eligible to participate with no service requirement with the entry dates to be immediately upon eligibility. Part-time employees are eligible to participate upon attaining 21 years of age and 1,000 hours of service.

Contributions

Participants may elect to defer a portion of their salary into the Plan as qualified pre-tax contributions at their own discretion, with the maximum contribution subject to federal limits. Under the adopted automatic enrollment provisions, employees who meet eligibility requirements are automatically enrolled to defer 3% into the Plan thirty days after hire. As part of the amendment, other active participants without a deferral election and who were not suspended from making deferral contributions were automatically enrolled on June 1, 2017. On March 31 of each Plan year, those automatically enrolled or those who are deferring to the plan without an established periodic deferral increase as part of their salary reduction agreement will experience a 1% increase in deferral percentage up to a maximum of 10%. During 2018 and 2017, qualified participant pre-tax contributions totaled $1,568,313 and $1,201,212, respectively.

The Company may make discretionary matching contributions on behalf of each participant who deferred into the Plan. The discretionary matching contribution is determined by the Company each year. In 2017, the Company elected a discretionary matching contribution of a dollar-for-dollar match up to $10 per week calculated on an annual basis. In 2018, the Company elected to continue with the prior year match election amount calculated on a weekly basis. During 2018 and 2017, employer discretionary matching contributions totaled $149,185 and $110,232, respectively.

1. **Description of Plan** (Continued)

Contributions (Continued)

The Company may also decide each plan year to make a discretionary profit sharing contribution on behalf of the eligible participants. Such contributions shall be allocated to eligible participants in the ratio that each participant's compensation bears to the total compensation of all qualifying participants for the plan year. Discretionary employer contributions may vary annually and are determined by the Company. For the years ended December 31, 2018 and 2017, the Company did not make a discretionary profit sharing contribution.

In addition, participants may transfer funds from other qualified plans, with the consent of the plan administrators.

Participant accounts

Each participant shall have an account that will be credited with the participant's contributions, Company contributions, Plan earnings and forfeitures of terminated participants' non-vested accounts. Allocations are based on participant compensation or account balances, as defined.

Vesting

Participants are immediately 100% vested in their elective deferrals, rollover contributions, and employer discretionary matching contributions, plus actual earnings thereon.

Participants vest in discretionary employer profit share contributions plus actual earnings thereon in accordance with the following schedule:

Year of Service (1,000 or More Hours of Service in Plan Year)	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Additionally, participants become fully vested upon attainment of age 65, death or total disability.

1. **Description of Plan** (Continued)

Payment of benefits

Upon termination of service due to death, disability, termination or retirement, the entire account balance, if less than $5,000, will be distributed in the form of a lump-sum payment. If the account balance is greater than $5,000, the participant may choose a lump-sum distribution or to receive required minimum distributions as permitted under the Internal Revenue Code.

Forfeitures

Forfeitures arising under the Plan may, at the Company's discretion, be used for payments of the Plan's administrative expenses or to reduce the employer's discretionary contributions to the Plan. There were no forfeitures for the years ended December 31, 2018 and 2017, nor were there any forfeitures available at December 31, 2018 and 2017 for future application.

Notes receivable from participants

Participants may borrow a minimum of $1,000 and a maximum of the lesser of 50% of their vested balance, or $50,000. Participants may have only one loan outstanding at any given time. Participants' loans are secured by their account balances. Loans must be repaid through payroll withholdings. Each loan shall bear interest at the prime rate plus 2%. The prime rate of interest was 5.50% at December 31, 2018. Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Administrative expenses

Optimax Systems, Inc. ("the Sponsor") has elected to pay a portion of the administrative fees of the Plan, while a portion is also paid out of the Plan assets.

	2018	2017
Total administrative expenses	$ 57,615	$ 34,211
Less: Expenses paid by plan sponsor	54,540	22,154
	$ 3,075	$ 12,057

2. Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") and present the net assets available for plan benefits and changes in those net assets.

Cash and cash equivalents

The Plan considers all highly liquid investments with a maturity of three months or less to be cash equivalents.

Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Revenue recognition

Purchases and sales of securities are recorded on the trade date basis. Interest and dividends are recorded on the accrual basis. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

2. **Summary of Significant Accounting Policies** (Continued)

Fair value measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual fund accounts: Values are determined based on quoted market prices in active markets.

2. **Summary of Significant Accounting Policies** (Continued)

Fair value measurements (Continued)

Cash equivalents: Includes money market accounts, certificates of deposit and all highly-liquid instruments purchased with an original maturity date of three months or less.

Common collective trust: Valued at contract value of the underlying investments, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Income taxes

The Plan evaluates income tax positions for uncertainty to determine any tax positions that may not be fully sustained upon examination by taxing authorities, despite the belief that the underlying tax positions are fully supportable. Tax positions are reviewed on an ongoing basis and are analyzed in light of changing facts and circumstances, including progress of tax audits, developments in case law, and closing of statute of limitations. The Plan administrator has determined that the Plan has no uncertain tax positions. The Plan is no longer subject to examinations by the applicable taxing jurisdictions for periods prior to December 31, 2015.

Plan management's review of subsequent events

The Plan administrator has evaluated events occurring between the end of the most recent plan year and June 25, 2019, the date the financial statements were available to be issued.

3. **Financial Information Certified by the Custodian and Trustee**

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Nationwide Trust Company, FSB and Fidelity Management Trust Company, the custodian and trustee of the Plan, respectively, have certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for plan benefits, the schedule of assets held for investment purposes and the related investment activity reflected in the statements of changes in net assets available for plan benefits.

4. Investments

The fair value of investments determined to be level 1 assets as of December 31, 2018 and 2017 consisted of:

	2018	2017
Cash and cash equivalents	$ 126	$ 78
Mutual funds	8,537,891	8,508,645
	$8,538,017	$8,508,723

The value of other investments not included in the fair value hierarchy as of December 31, 2018 and 2017 consisted of:

	2018	2017
Common collective trust	$ 431,416	$ 303,236

5. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

6. Tax Status

The Plan obtained its latest determination letter on March 31, 2014 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan is qualified and is tax-exempt as of the financial statement date.

7. Related Party Transactions

The Plan invested in mutual funds managed by Nationwide Financial Services, Inc. Nationwide Trust Company, FSB, an affiliate of Nationwide Financial Services, Inc., acted as a custodian for only those investments as defined by the Plan. Transactions in such investments qualified as party-in-interest transactions which are exempt from prohibited transactions rules. Administrative fees paid to Nationwide Financial Services, Inc. amounted to $-0- and $10,286 for the years ended December 31, 2018 and 2017, respectively.

The Plan invests in mutual funds managed by Fidelity Investments, an affiliate of Fidelity Management Trust Company that acts as a trustee for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions which are exempt from prohibited transactions rules. Administrative fees paid to Fidelity Investments amounted to $3,075 and $1,421 for the years ended December 31, 2018 and 2017, respectively.
