1. DESCRIPTION OF PLAN

General

Sonepar USA 401(k) Plan (the Plan) was established effective July 1, 2000, and was amended and restated most recently as of January 1, 2016. The Plan is sponsored by Sonepar Management US, Inc. (the Company). The following Plan description provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering certain employees of the Company. The Company's Investment Committee (Plan administrator) controls and manages the operation and administration of the Plan. Charles Schwab Bank (Schwab) serves as the trustee, Prudential Retirement Insurance & Annuity Co. (Prudential) serves as the Insurance Company for the group annuity contract and Schwab Retirement Plan Services, Inc. serves as the record keeper of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Plan Mergers

Effective December 18, 2018, the Codale Electric Supply, Inc. Salary Deferral Plan was merged into the Plan. All assets were transferred to the Plan and reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2018.

Eligibility

All employees are automatically eligible to participate in the Plan on the first day of the month coinciding with or next following the date of hire.

Contributions

Participants may elect to contribute between 1% and 75% of eligible before-tax compensation as defined in the Plan agreement. The automatic enrollment contribution rate is 3% of eligible compensation as defined by the Plan agreement. A participant may increase or decrease the amount contributed at any time. A participant's before-tax contributions to the Plan are limited to the amount allowed under the provisions of the Internal Revenue Code (IRC). Highly compensated employees' pre-tax contributions may have their contributions restricted. In addition, the percentage of annual salary specified as before-tax contributions by a participant in his or her deferral election shall be subject to adjustment by the Plan administrator at any time to maintain the Plan's compliance with the nondiscrimination requirements of Section 401(k) of the IRC. In the case of a participant making a hardship withdrawal, the participant may not make contributions to the Plan for six months from the date of such withdrawal. Effective January 1, 2019, the Plan no longer requires the six month suspension for hardships due to the Budget Act of 2018.

A participant can roll over part or all of an eligible rollover distribution received from a prior employer's qualified plan or from an Individual Retirement Account (IRA), if allowed by the Plan administrator.

1. DESCRIPTION OF PLAN – CONTINUED

Effective July 1, 2018, participants may designate a portion or all of their elected deferrals as Roth contributions. The Plan adopted an amendment in December 2018, whereby effective as of January 1, 2018, all references, provisions, and defined terms related to “Roth Contributions" were deleted and will have no force or effect on the terms of the Plan or participation in the Plan. The Company adopted forward-looking provisions related to the implementation of "Roth Contributions" in 2017; however, due to administrative concerns, the implementation of "Roth Contributions" was never completed. The Company intends to reintroduce this feature in 2021.

The Company may make a discretionary match of up to 6% of deferrals. The amount of the matching contribution, if any, is determined each year. During the year ended December 31, 2018, the Company made discretionary matching contributions of approximately $15,260 which were reduced by approximately $770 from forfeited nonvested accounts. The Company can also elect to make a discretionary supplemental employer profit sharing contribution, as defined by the Plan agreement, to each eligible participant in the Plan. For the year ended December 31, 2018, the Company made no such contribution. As of December 31, 2018 and 2017, $3,979 and $3,081, respectively, were due to the Plan from the Company related to employer discretionary matching contributions.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant’s account is credited with the participant’s deferral contributions, the Company’s matching contributions, allocations of any Company profit sharing contributions, Plan investment income, and charged with any benefit payments and allocations of Plan investment losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of a participant’s account.

Investments

Participants direct the investment of their account into various investment options offered by the Plan. The Plan currently offers numerous mutual funds, common collective trust funds and one guaranteed investment contract in various combinations. Additionally, the Plan offers a self-directed brokerage option that allows participants to buy, sell and hold a broad array of stocks, bonds, exchange-traded funds, and mutual funds.

1. DESCRIPTION OF PLAN – CONTINUED

Vesting

Participants are fully vested in their contributions and earnings thereon. Plan participants are vested in the Company matching contributions and any supplemental employer profit sharing contributions and earnings thereon the earlier of the following vesting schedule or upon reaching 65 years of age.

Years of Service	Percentage
Less than 2	0 %
2	25
3	50
4	75
5	100

Participants' interest in their accounts is fully vested upon death or disability.

Forfeitures

At December 31, 2018 and 2017, forfeited, nonvested accounts totaled approximately $304 and $395, respectively. Forfeitures of nonvested accounts are used to reduce employer contributions and administrative expenses. During the year ended December 31, 2018, forfeitures aggregated $938 of which employer contributions were reduced by approximately $770 and administrative fees by $288.

Notes Receivable from Participants

Participants may borrow from their accounts upon request in an amount that, when added to the outstanding balance or any other loan or loans to the participant, will not exceed the lesser of (i) $50 reduced by the highest outstanding loan balance during the previous 12-month period, or (ii) one-half of the vested amounts in the participant's account. The loan must be adequately secured, bear a reasonable interest rate, and be repaid within a maximum of five years unless such loan is to acquire a principal residence, in which case the loan is to be repaid in a maximum of 15 years. Principal and interest are paid ratably through payroll deductions.

Withdrawal Provisions

Upon application, all or a portion of a participant's before-tax contributions account, the vested portion of the Company matching contribution, earnings on the contributions, and the vested portion of any supplemental employer profit sharing contributions may be withdrawn after:

(a) A participant attains age 59½, or

(b) Providing satisfactory evidence that the withdrawal is required on account of a "hardship" in accordance with the Plan document and the IRC, a participant may withdraw amounts credited and vested in his or her before-tax accounts. Hardship withdrawals will be limited to situations in which a participant has an immediate and heavy financial need and a distribution from the Plan is necessary to meet the need.

1. DESCRIPTION OF PLAN – CONTINUED

Taxable distributions resulting from in-service withdrawals (except for financial hardship reasons) are considered to be eligible rollover amounts and are subject to a 20% mandatory federal tax withholding. In-service withdrawals for financial hardship purposes are no longer eligible rollover amounts and are subject to a reduced federal tax withholding rate of 10%, unless the participant chooses for withholding not to apply.

Upon application, a participant may withdraw at least $1 from his or her rollover account (including earnings) up to two times a year, without financial hardship.

Payment of Benefits

The Plan is designed to provide benefits at the time of retirement. Upon termination of service because of death, disability, retirement, or for any other reason, a participant may request a distribution of his or her vested account balance upon proper written direction delivered to the Plan administrator. The form of distribution is a lump-sum distribution if the participant terminates employment and has a vested account balance of less than or equal to $5.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates and Risks and Uncertainties

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates. The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the guaranteed investment contract which is stated at contract value. Shares of mutual funds are valued at the net asset value (NAV) of shares based on quoted market price of such funds held by the Plan. The valuations of the investment in the common collective trusts are based upon the NAV as provided by the trustee. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The self-directed brokerage accounts are valued at quoted market prices in active markets of investments. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes gains and losses on investments bought and sold, as well as held during the year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest.

Administrative Expenses
All expenses incurred to administer the Plan are paid through forfeitures of nonvested accounts by the Company, with the exception of broker fees, which are paid by the Plan.

Payment of Benefits
Benefits are recorded when paid by the Plan.

3. GROUP ANNUITY CONTRACT

The Plan has a fully benefit-responsive investment contract with Prudential. Prudential maintains the contributions in the Prudential general account. The account is credited with earnings on the underlying investments at guaranteed crediting rates and charged for participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. When establishing interest crediting rates for this contract, Prudential considers many factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the issuer's general account. These rates are established without the use of a specific formula.

Generally, there are no events that would limit the Plan's ability to transact at contract value with Prudential. The Plan administrator believes that as of December 31, 2018, the occurrence of such events that would limit the Plan's ability to transact at contract value with Plan participants is not probable.

4. FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB), Accounting Standards Codification (ASC) 820, *Fair Value Measurements* (ASC 820) are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The level in the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

The following table sets forth by level, within the fair value hierarchy, the Plan's participant-directed assets at fair value as of December 31, 2018 and 2017. There were no transfers to or from Levels l, 2, or 3 of the fair value hierarchy in 2018 and 2017. The Plan's policy is to recognize transfers between levels as of the end of the reporting period.

	Fair value measurements at December 31, 2018 using

5. INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan administrator has obtained certifications from the trustees that the following data is complete and accurate:

- Investments, with the exception of the fully benefit-responsive investment contract, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2018 and 2017;
- Investment activity (interest, dividend, and net depreciation in the fair value of investments), as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2018;
- The schedule of assets (held at end of year), December 31, 2018, as shown on Schedule H, Line 4i.

6. RELATED PARTY TRANSACTIONS

Fees paid by Plan to Schwab for recordkeeping services and participant-initiated transactions are related party transactions. Fees paid to Schwab for the year ended December 31, 2018 were approximately $645. Certain Plan investments are units of the contract with Prudential.

7. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the Plan is terminated, participants would become fully vested in their accounts.

8. TAX STATUS

The Plan has received a favorable determination letter from the Internal Revenue Service (IRS) dated September 8, 2017. The Plan has been amended since receiving the favorable determination letter, however, the Plan administrator and the Plan management believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that is the Plan is qualified, and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions, including the IRS. The Plan is not currently under IRS examination for any Plan years.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits presented in the financial statements as of December 31, 2018 and 2017 to the Form 5500.

	2018	2017
Net assets available for benefits per the financial statements	$ 705,670	$ 716,049
Employee and employer receivable	(3,265)	(3,129)
Net assets per Form 5500	$ 702,405	$ 712,920

The following is a reconciliation of changes in net assets available for benefits per the financial statements to the net loss per Form 5500 for the year ended December 31, 2018:

Net decrease in net assets available for benefits per the financial statements prior to transfers	$ (30,395)
Less receivables at end of year	(3,265)
Plus receivables at beginning of year	3,129
Net loss per Form 5500 prior to transfers	$ (30,531)

10. PROHIBITED TRANSACTIONS

During 2018, the Company determined that certain amounts of participant deferrals were not remitted to the Plan in accordance with the DOL's rules regarding the timeliness of depositing such employee contributions, representing a nonexempt loan of funds to the Company from the Plan. During 2018, the Company took remedial actions under the DOL's Self-Correction Program to correct the matter and remit lost earnings on delinquent contributions. The lost earnings were not material to the financial statements.

11. SUBSEQUENT EVENTS

Management has evaluated subsequent events through July 2, 2019, which is the date the financial statements were available to be issued, and have determined that there are no additional subsequent events that require disclosure under ASC 855, *Subsequent Events*.
