Notes to Financial Statements

Note 1: Description of the Plan

The following description of the German American Bancorp, Inc. 401(k) Savings Plan (Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by German American Bancorp, Inc. (Company). The Company owns 100% of German American Bancorp (Bank). The Bank owns 100% of its subsidiaries, German American Insurance, Inc. and German American Investment Services. All employees of the subsidiaries, Bank and Company are eligible to participate in the Plan once certain eligibility requirements are met. A participant shall enter the Plan on January 1, April 1, July 1 or October 1 following attainment of the eligibility requirements. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Fidelity Management Trust Company (Fidelity) is the trustee of the Plan and serves as Plan custodian.

Contributions

The Plan permits eligible employees, through a salary deferral election, to have the Company make annual contributions of up to 60% of eligible compensation. Employee rollover and employee Roth contributions are also permitted. The Company makes matching contributions of 100% of employees' salary deferral amounts up to 3% of employees' compensation and 50% of the next 2% of employees' compensation. The Company has the discretion to make additional contributions to the Plan if it so chooses, which are allocated to each participant's individual account. No such contributions were made in 2018 or 2017. Contributions are subject to certain limitations.

Participant Investment Account Options

Each participant has the option of directing his or her contributions into any of the various investment options offered by the Plan and may change the allocation daily.

The Plan Document includes an automatic deferral feature whereby a participant is treated as electing to defer a certain percentage of eligible compensation unless the participant makes an affirmative election otherwise. The automatic deferral feature also provides for an annual increase in the percentage deferred and is ultimately capped at 10%.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution and Plan earnings and is charged with an allocation of administrative expenses, as applicable. Allocations are based on participant earnings, deferrals or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, plus earnings thereon. Effective January 1, 2004, the Plan was amended to incorporate a safe harbor matching employer contribution in which eligible participants are immediately vested in employer matching contributions. Prior to the amendment, employer matching and discretionary contributions were vested on a gradual schedule, but were fully vested when the participant had completed six years of service. The nonvested balance was forfeited upon termination of service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1% above the prime rate, as defined. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service, an employee may elect to receive either a lump-sum amount equal to the value of his or her account, installment payments or certain annuity options.

Forfeited Accounts

At December 31, 2018 and 2017, forfeited nonvested accounts totaled $31,001 and $31,844, respectively. These accounts will be used to reduce future employer contributions.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Quoted market prices, if available, are used to value investments. Mutual funds are valued at quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year-end. The Plan's interest in the collective trust is valued at the NAV of units of the collective trust. The NAV is used as a practical expedient to estimate fair value of the collective trust investment. Self-directed brokerage account investments are comprised of mutual funds and common stocks that are valued on the basis of readily determinable quoted market prices.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Note 3: Certification of Plan Trustee

The Company has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the trustee of the Plan, has certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits and related disclosures as of December 31, 2018 and 2017
- Investment income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2018 and 2017

- Investment information included in the accompanying schedule of assets (held at end of year) as of December 31, 2018

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4: Related-Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for certain investment management services are included in net appreciation (depreciation) in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

The Plan paid $18,838 and $17,697 of record keeping fees to Fidelity during 2018 and 2017, respectively. The Company provides certain administrative services at no cost to the Plan.

Note 5: Plan Amendments

Effective January 1, 2017, the Plan was amended and restated to allow for the merger of the River Valley Bancorp, Inc. 401(k) Savings Plan with and into the Plan, and the assets and liabilities of the River Valley Bancorp, Inc. 401(k) Savings Plan were transferred to the Plan as of this effective date.

Effective January 1, 2018, the Plan was amended to exclude service award payments that consist of related cash bonuses and gift cards from eligible compensation.

Effective March 19, 2018, May 18, 2018, and October 1, 2018, the Plan was amended to modify participation and predecessor service provisions associated with an acquisition made by the Plan sponsor.

Effective September 4, 2018, the Plan was amended to modify certain provisions associated with the automatic deferral feature.

Note 6: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1: Quoted prices in active markets for identical assets or liabilities

Level 2: Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2018 and 2017:

		Fair Value Measurements Using		
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2018				
Mutual funds	$ 61,071,616	$ 61,071,616	$ -	$ -
Self-directed brokerage accounts	926,895	926,895	-	-
Investment measured at net asset value (A)	3,127,829	-	-	-
Investments at fair value	$ 65,126,340	$ 61,998,511	$ -	$ -

		Fair Value Measurements Using		
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2017				
Mutual funds	$ 63,063,100	$ 63,063,100	$ -	$ -
Self-directed brokerage accounts	424,575	424,575	-	-
Investment measured at net asset value (A)	3,581,279	-	-	-
Investments at fair value	$ 67,068,954	$ 63,487,675	$ -	$ -

(A) In accordance with Subtopic 820-10, an investment measured at the NAV per share (or its equivalent) has not been classified in the fair value hierarchy. The fair value amount presented in this table is intended to permit a reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2018. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, investments are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. The Plan holds no investments classified within Level 3 of the hierarchy.

Investment Measured Using the Net Asset Value per Share Practical Expedient

The Plan invests in a collective trust fund for which fair value is measured using the NAV per share practical expedient. As of December 31, 2018 and 2017, the fair value of this investment was $3,127,829 and $3,581,279, respectively. There were no unfunded commitments for this investment at December 31, 2018 and 2017, and the investment has a daily redemption frequency. There are no participant redemption restrictions for this investment.

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 9: Plan Tax Status

The IRS has determined and informed the Company by a letter dated December 21, 2011, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Note 10: Subsequent Events

Subsequent events have been evaluated through June 28, 2019, which is the date the financial statements were available to be issued.
