Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in *Note 4*, which was certified by Principal Life Insurance Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2017, that the information provided to the plan administrator by the trustee is complete and accurate.

Other Matter—Supplemental Schedule

The supplemental Schedule H, Line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2017 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Other Matter—2016 Financial Statements

The financial statements of the Plan as of and for the year ended December 31, 2016, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed the predecessor auditors not to perform and they did not perform any auditing procedures with respect to the information certified by the trustee. Their report, dated June 2, 2017, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for reporting and disclosure under the Employee Retirement Income Security Act of 1974.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule as of December 31, 2017 and for the year then ended, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

December 31, 2017

1. Description of the Plan

The following description of the National Health Management, Inc. Facilities 401(k) Savings Plan (Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which provides retirement benefits for substantially all employees of the following adopting employers (collectively, the Company):

- Independence Court Associates
- Independence Court of Hyattsville Associates
- Independence Court of Monroeville Associates
- Liberty Court Associates
- National Health Management, Inc.

An employee becomes eligible to enter the Plan following the attainment of age 18 and completion of one year of service, defined by the Plan as 1,000 or more hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Participants may contribute up to 100% of their annual compensation, as defined by the Plan, or a maximum amount set by law (as periodically adjusted by the Internal Revenue Service) as a pre-tax contribution. Participants age 50 or older are able to make additional catch-up contributions to the Plan up to the maximum amount permitted by law. The Plan allows for rollover contributions and for eligible participants to make catch-up contributions in accordance with Internal Revenue Service (IRS) regulations. Participants direct the investment of their contributions into various investment options offered by the Plan.

National Health Management, Inc. (Company) provides a matching contribution in an amount equal to 50% of the first 4% of the participants' elective salary deferral contributions. The Company may also make an additional matching contribution to eligible participants at the end of the plan year and/or discretionary contribution during each Plan year. Participants are eligible for a share of the additional matching and/or discretionary contributions if they were an active participant at any time during the Plan year and have 1,000 or more hours of service in the Plan year. There were no additional matching or discretionary contributions made in 2017 or 2016.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Contributions (continued)

In certain circumstances, participants were able to elect to have benefits earned under another eligible retirement plan transferred or rolled over to their account pursuant to this Plan. Additionally, the Plan allows participants to change the amount of their contribution on a quarterly basis or elect to stop contributing on any date.

Investment Options

Participants can direct that their pre-tax and Company contributions, plus earnings or losses thereon, be invested in any of the participant directed investment options offered pursuant to the Plan. The Plan allows participants to change their investment elections on a periodic basis.

The investments of the Plan consisted of diverse portfolios with no significant concentration of risk by issuer, industry, or geographic location.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings (losses), and is charged with his or her withdrawals and certain participant specific administrative expenses and an allocation of other administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, including rollovers, and Company contributions, plus actual investment earnings or losses thereon.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 but not more than 50% of their vested account or \$50,000, reduced by any outstanding loan balance, if any during the one-year period ending on the day before their loan is made, if less. A loan is secured by the balance in the participant's account and bears interest commensurate with rates available for similar loans from commercial

lending institutions as determined by the Loan Administrator. Principal and interest are paid ratably through payroll deductions, if available. Each loan shall be repaid over a period not to exceed five years.

Payment of Benefits

Upon retirement or other termination of employment, distribution of a participant's vested account balance will be made as soon as administratively practicable following their request for distribution. If a participant's vested account balance does not exceed \$5,000, a participant's entire vested account balance shall be normally distributed to the participant (or in the event of the participant's death, his beneficiary) in a lump-sum payment as soon as administratively practicable following the date the participant retires or otherwise terminates from employment.

However, in the event of a mandatory distribution to a participant whose vested account balance exceeds \$1,000 but is equal to or less than \$5,000, if the participant does not elect to have such automatic distribution paid directly to an eligible IRA or other eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the plan administrator shall pay the distribution in a direct rollover to an individual retirement account.

Distributions are normally made in a single lump-sum cash payment. However, a participant with a vested account balance exceeding \$5,000 may elect to receive their distribution in the form of an annuity or installment payments over a period as permitted under the Plan. Other Plan distribution provisions apply in the event of death or disability. The Plan also provides for participant loans as described above and certain hardship withdrawals. Distributions of benefits are recorded as withdrawals from the Plan and reduction of assets available for plan benefits in the period paid to the participant.

The Plan also provides for participant loans as described above and hardship withdrawals. Distributions of benefits were recorded as withdrawals from the Plan and reduction of assets available for plan benefits in the period paid to the participant.

Administrative Expenses

Certain expenses of maintaining the Plan were paid directly by the Company and excluded from these financial statements. Plan recordkeeping fees are paid by the Plan and are reflected in the financial statements as administrative expenses. Fees related to the administration of notes

receivable from participants and withdrawal and distribution processing fees are charges directly to the participant's account and are included in administrative expenses. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan.

Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants will become 100 percent vested in their employer contributions.

2. Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See *Note 5* for discussion of fair value measurements.

Purchases and sales of securities are accounted for on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gains distributions are included in dividend income.

The Plan includes in the statements of changes in assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains (losses) and the unrealized appreciation (depreciation) on those investments. Unrealized appreciation or depreciation in the aggregate fair value of investments represents the change in the difference between aggregate fair value and the cost of investments, including reinvestment of earnings. The realized gain or loss on sale of investments is the difference between the proceeds received and the average cost of investments sold.

National Health Management, Inc. Facilities 401(k) Savings Plan

Notes to Financial Statements (continued)

2. Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related loan origination and annual administration fees are recorded as administrative expenses and are expensed when they are incurred. An allowance for doubtful accounts of \$12,366 and \$12,610 has been recorded as of December 31, 2017 and 2016, respectively. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities may occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of assets available for benefits.

Use of Estimates

Preparation of the Plan's financial statements requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

Reclassifications

Certain 2016 amounts have been reclassified to conform with the 2017 presentation.

National Health Management, Inc. Facilities 401(k) Savings Plan

Notes to Financial Statements (continued)

3. Income Tax Status

The Plan has received an opinion letter dated March 31, 2014 from the Internal Revenue Service stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the Internal Revenue Code (Code), and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the Code. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code, and, therefore, believes that the Plan is qualified and the related trust is tax exempt and the Plan has no income subject to unrelated business income. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2014.

4. Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2017 and 2016 and net appreciation (depreciation) in fair value of investments and interest and dividend income for the years then ended, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Principal Life Insurance Company, the trustee of the Plan.

5. Fair Value Measurements

FASB Accounting Standards Codification (ASC) Topic 820 (ASC 820), *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

National Health Management, Inc. Facilities 401(k) Savings Plan

Notes to Financial Statements (continued)

5. Fair Value Measurements (continued)

Pooled separate accounts: The fair value of units held in pooled separate accounts are valued at the NAV as reported by Principal Life Insurance Company. The NAV is based on the value of the underlying investments, minus its liabilities, and then divided by the number of units outstanding. The NAV is quoted on a private market that is not active; however, the unit price of the underlying investments is traded on an active market. The pooled separate accounts have no unfunded commitments as of December 31, 2017.

Common collective trust fund: The fair values of participation units in the Principal Stable Value Fund (Fund), a stable value collective trust, are based upon the NAV of units held by the Plan at year end. The fund provides for daily redemptions by the Plan at reported NAV per unit, with no advance notification requirements. The Fund is maintained by Principal Global Investors Trust Company (the Trust Company) and its investment advisor, Morley Capital Management, is an indirect wholly owned subsidiary of Principal Financial Group.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016:

	Assets at Fair Value as of December 31, 2017

Total investments at fair value				\$ 3,687,191

6. Related Party Transactions

Certain Plan investments are shares in pooled separate accounts and a common collective trust fund managed by Principal Life Insurance Company and Affiliates. Principal Life Insurance Company is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

Fees paid by the Plan to Principal Life Insurance Company were \$25,239 and \$20,642 for the years ended December 31, 2017 and 2016, respectively.
