NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2018 AND 2017

1. DESCRIPTION OF PLAN

The following description of the Cincinnati Fan & Ventilator Company, Inc. (the "Company") Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of the Company who have completed three months of service as defined in the plan document, and are age twenty-one or older. An employee may enter the Plan and begin making elective deferrals on the first day of the following month, after meeting the Plan's eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The participants may elect to contribute a portion of their pretax compensation, as defined in the Plan. However, contributions for any Plan year may not exceed certain limits which are set forth in the Plan and the Internal Revenue Code (IRC). Transfers from qualified plans are allowed under provisions of the Plan. The Plan allows eligible participants to make catch-up contributions in accordance with Internal Revenue Service (IRS) regulations. Each year the Company will provide an annual non-elective safe harbor contribution of 3% of the participant's eligible compensation and a discretionary non-safe harbor matching contribution. The employer matching contribution may not exceed 6% of compensation. The Company may also make a discretionary employer profit sharing contribution allocated annually. The eligibility for the profit sharing contribution is 1,000 hours of service per year, and employment on the last day of the allocation period, unless termination of employment is due to death, disability, or retirement. For the year ended September 30, 2018, the Company did not make a discretionary profit sharing contribution. Participants direct the investment of their contributions and the Company's non-safe harbor matching contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's voluntary contribution, the Company's contribution (including any forfeitures which are treated as employer contributions), and an allocation of plan earnings. Allocation of plan earnings is based on participant account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

CINCINNATI FAN & VENTILATOR COMPANY, INC. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2018 AND 2017

Vesting

Participants are immediately vested in their contributions and safe harbor contributions, plus actual earnings thereon. Vesting in the Company's non-safe harbor match and profit sharing contribution plus actual earnings thereon is based on years of continuous service. A year of service shall mean a Plan year during which an employee completes at least 1,000 hours of service. The Company contributions are fully vested over a range of two to six years, as defined in the plan document.

Any participant contribution accounts resulting from transfers or rollovers are fully vested and non-forfeitable at all times.

Payment of Benefits

On termination of service due to death, disability, retirement, or any other reason, a participant may elect to receive their distribution in the form of a lump-sum amount equal to the value of the participant's vested interest in his or her account, in the form of a series of installment payments over a period not extending beyond the participant's life expectancy, or in the form of a rollover into another qualified plan. The Plan has included a provision for employees to make withdrawals from their account under certain "hardship" circumstances.

Forfeited Accounts

The non-vested portion of the discretionary employer contribution account of a participant whose employment with the employer is terminated other than on account of total and permanent disability, and prior to the earlier of their death or normal retirement date, is forfeited as of the date of such termination. Any forfeitures occurring are treated as discretionary employer contributions and are allocated as such. At September 30, 2018 and 2017, forfeited non-vested accounts totaled \$23,640 and \$17,854, respectively. There were forfeitures of \$3,552 and \$3,439 during 2018 and 2017. For the years ended September 30, 2018 and 2017, \$0 and \$0 of forfeitures were used to reduce discretionary employer contributions, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

CINCINNATI FAN & VENTILATOR COMPANY, INC. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2018 AND 2017

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Accordingly, actual results may differ from those estimates.

Cash and Cash Equivalents

The Plan considers all highly liquid investments with an original maturity of three months or less to be cash and cash equivalents.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends and capital gain distributions are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

Expenses and costs of administering the Plan are paid for by the Plan and the Company. Administrative expenses include the preparation of the Form 5500, compliance testing, consulting, recordkeeping, document and updates.

Subsequent Events

The Plan has evaluated subsequent events through July 3, 2019, which is the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIANS

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Trust Company has certified to the completeness and accuracy of all investments reflected on the accompanying statement of net assets available for benefits as of September 30, 2018 and certain investment related activity reflected in the statement of changes in net assets for the year ended September 30, 2018. Reliance Trust Company, and U.S. Bank, N.A., the prior custodians of the plan, have certified to the completeness and accuracy of all investments reflected on the accompanying statement of net assets available for benefits as of September 30, 2017 and certain investment related activity reflected in the statement of changes in net assets available for benefits for the year ended September 30, 2018.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

CINCINNATI FAN & VENTILATOR COMPANY, INC. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2018 AND 2017

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2018 and 2017.

- *Money market mutual funds:* Valued at the daily closing price as reported by the fund. The money market funds are open-end mutual funds registered with the Securities and Exchange Commission (SEC). The funds are required to publish their daily net asset value and to transact at that price. The money market funds held by the Plan are deemed to be actively traded.
- *Mutual fund.* Valued at the daily closing price as reported by the fund. The mutual fund held by the Plan is an open-end mutual fund that is registered with the SEC. This fund is required to publish its daily net asset value (NAV) and to transact at that price. The mutual fund held by the Plan is deemed to be actively traded.
- *Common/collective trusts.* Valued at the NAV of units of the common/collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily; however, the trust may impose withdrawal restrictions at its discretion if warranted by operating conditions.
- *Group annuity contract.* The Key Guaranteed Portfolio Fund is a non-benefit responsive guaranteed fixed annuity contract and is valued at contract value, which approximates fair value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The significant inputs, including the crediting interest rates, are provided by the issuer of the contract and are readily available to the public.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30, 2018 and 2017. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of September 30, 2018				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 12,054,622	\$ -	\$ -	\$ 12,054,622

Investments at fair value	<u>\$ 12,054,622</u>	<u>\$ 433,139</u>	<u>\$ -</u>	<u>\$ 12,487,761</u>

CINCINNATI FAN & VENTILATOR COMPANY, INC. RETIREMENT PLAN

Investments at fair value	<u>\$ 6,971,928</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 11,019,705</u>

(a) In accordance with Subtopic 820-10, certain investment that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts present in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented at fair value in the statement of net assets available for benefits.

The Plan's policy is to recognize transfers between levels as of the end of the reporting period. There were no significant transfers between levels during 2018 and 2017.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of September 30, 2018 and 2017, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

September 30, 2017	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common/collective trusts

5. PARTY-IN-INTEREST TRANSACTIONS

A party-in-interest transaction is defined under the DOL regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer and certain others. As of September 30, 2018 and 2017, certain investments including mutual funds, group annuity contract, and money market funds are sponsored by Great-West Trust Company, LLC and Reliance Trust Company, custodians of the Plan, and, therefore, these investments qualify as party-in-interest investments. During 2018, the Plan paid administrative fees to Great-West Trust Company, LLC of \$12,380, which also qualify as party-in-interest transactions. Blue & Co., LLC is the independent auditor for the Plan. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to participant accounts will be fully vested and will be paid to the participants. In case of a partial termination, only those affected will become fully vested.

7. TAX STATUS

The Internal Revenue Service has determined by an opinion letter dated March 31, 2014 that the prototype adopted by the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The Plan has not obtained or requested a determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the federal taxing authorities. Management has analyzed the tax positions taken by the Plan, and has concluded that as of September 30, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2018 AND 2017

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:
