INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
ESCO Technologies Inc. Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the ESCO Technologies Inc. Retirement Plan (the Plan), which comprise the statement of net assets available for benefits as of September 30, 2018, and the related statement of changes in net assets available for benefits for the year then ended, the statement of accumulated plan benefits as of September 30, 2017, the related statement of changes in accumulated plan benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by Commerce Bank, N.A., the trustee of the Plan, except for comparing the information with the related information included in the 2018 financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended September 30, 2018, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the 2018 financial statements.

Other Matter - Supplemental Schedules

The supplemental Schedules of Assets (Held at End of Year) as of September 30, 2018 and Reportable Transactions for the year ended September 30, 2018, are required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Other Matter - 2017 Financial Statements

The financial statements of the Plan as of September 30, 2017, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Commerce Bank, N.A., the trustee of the Plan. Their report, dated June 21, 2018, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2018 financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS
September 30, 2018 and 2017

NOTE 1 — DESCRIPTION OF PLAN

The following description of the ESCO Technologies Inc. Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was adopted effective October 1, 1990 and is a defined benefit noncontributory pension plan. The Plan is sponsored by ESCO Technologies Inc. (the Company) covering certain employees at Doble Engineering Company; ETS-Lindgren Inc.; PTI Technologies Inc.; VACCO Industries; and employees at the corporate headquarters of the Company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Commerce Bank, N.A. (Commerce) serves as the trustee of the Plan.

The Plan is administered by the Company's Human Resources and Compensation Committee (Committee). The Committee has overall responsibility for the operation and administration of the Plan. In addition, the Company's Audit and Finance Committee determines the appropriateness of the Plan's investment policy and monitors investment performance. The Human Resources and Compensation Committee and the Audit and Finance Committee reports to the Company's Board of Directors.

Funding Policy

The Company's funding policy is to contribute an amount equal to the minimum required contribution under ERISA. The Company may increase its contribution above the minimum if appropriate based on its tax and cash position and the Plan's funded position. The required minimum contributions for the years ended September 30, 2018 and 2017 were \$1,072,092 and \$2,146,811, respectively. The Company made contributions of \$4,110,109 and \$9,420,608 for the years ended September 30, 2018 and 2017, respectively.

Vesting

The Plan provides for participants to become fully vested in their benefits after five years of vesting service.

Retirement Benefits

The Plan was amended to freeze benefit accruals (for both pay and pension credited service) at December 31, 2008 for Doble Engineering Company and December 31, 2003 for all other participating subsidiaries.

Under terms of the Plan, participants are eligible for monthly benefit payments upon reaching the normal retirement age. Monthly benefit payments are determined by application of a benefit formula times the participant's years of pension credited service. The Plan contains provisions for early retirement, postponed retirement, death and automatic survivor benefits.

NOTES TO FINANCIAL STATEMENTS
September 30, 2018 and 2017

NOTE 1 — DESCRIPTION OF PLAN (Continued)

Retirement Benefits (Continued)

Terminated participants may elect, after attaining the age required by the Plan, with ten years of vesting service, to begin receiving the benefits provided under the terms of the Plan based on the participants' pension credited service. The Plan offers lump sum distribution windows to certain eligible terminated participants.

Death and Disability Benefits

If a participant dies after becoming vested, the participant's surviving spouse shall be paid an annuity for the life of the surviving spouse equal to 50% of the participant's retirement commencing at the date the participant would have become eligible for retirement benefit had the participant lived.

Active employees who become totally disabled receive monthly disability benefits as described in the Plan document. Disability benefits are paid until normal retirement age at which time disabled participants begin receiving normal retirement benefits computed as though they had been employed to normal retirement age.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS
September 30, 2018 and 2017

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses

Administrative expenses are generally paid directly from Plan assets. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future payments, including lump-sum distributions, which are attributable under the Plan's provisions to the service, which employees have rendered to the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated participants with vested rights or their beneficiaries, (b) beneficiaries of vested participants who have died, and (c) present employees or their beneficiaries based upon service rendered to the valuation date.

The actuarial present value of accumulated plan benefits was determined by the Plan's consulting actuaries and is that amount which results from applying actuarial assumptions to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, and withdrawal, or retirement) between the valuation date and the expected date of payment.

The computation of the actuarial present value of accumulated plan benefits was made as of October 1, 2017. Had the valuation been performed as of September 30, there would be no material differences.

The significant actuarial assumptions used in the valuation as of September 30, 2017 are as follows:

Mortality:	RP-2014 Table
Average Retirement Age:	63
Discount Rate	3.65%
Rate of Return on Assets:	6.00%
Salary Increase Rate:	Due to benefit freeze, the salary increase is no longer applicable

There were three key actuarial assumption changes from prior year in preparation of the September 30, 2017 valuation: the discount rate used to value the pension obligations increased from 3.25% to 3.65%; the expected long-term return on plan assets was decreased from 6.25% to 6.00%; and the mortality table was updated to reflect one additional year of projected mortality improvement. These changes have been reflected in the statement of changes in accumulated plan benefits as "changes in plan assumptions" for the year ended September 30, 2017.

ESCO TECHNOLOGIES INC. RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
September 30, 2018 and 2017

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Actuarial Present Value of Accumulated Plan Benefits (Continued)

The foregoing assumptions are based on the presumption that the Plan will continue. Actual results may differ from assumptions used. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Subsequent Events

Subsequent events were evaluated through July 2, 2019, which is the date the financial statements were available to be issued.

NOTE 3 — FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets and liabilities in active markets;
- quoted prices for identical or similar assets and liabilities in inactive markets;
- inputs other than quoted market prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS
September 30, 2018 and 2017

NOTE 3 — FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2018 and 2017.

Common/collective trusts: the Plan holds units of various Aon Hewitt Group Trust (AGHT) Funds offered through a private placement. The units are valued daily using the net asset value (NAV) as the practical expedient to estimating fair value. The NAVs are based on the fair value of each fund's underlying investments less any liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Fund transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value are as follows:

Investments at Fair Value as of September 30, 2018				
	Level 1	Level 2	Level 3	Total
Cash Equivalents	\$ 2,103,201	\$ -	\$ -	\$ 2,103,201
Investments Measured at NAV*				<u>71,196,253</u>
				<u>\$ 73,299,454</u>

Investments at Fair Value as of September 30, 2017				
	Level 1	Level 2	Level 3	Total
Cash Equivalents	\$ 1,875,237	\$ -	\$ -	\$ 1,875,237
Investments Measured at NAV*				<u>63,104,166</u>
				<u>\$ 64,979,403</u>

* Common/Collective trust investments have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

NOTE 4 — RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. In addition AHGT and related entities (Aon), received direct payments from the Plan for investment management services of \$134,492 and \$122,956 for the years ended September 30, 2018 and 2017, respectively. Aon provides investment management services to the Plan and therefore, these transactions qualify as exempt party-in-interest transactions under ERISA. The plan sponsor pays directly any other fees related to the Plan's operations.

ESCO TECHNOLOGIES INC. RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
September 30, 2018 and 2017

NOTE 5 — PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

In the event the Plan terminates, the net assets of the Plan will be allocated as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

1. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
2. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC), a U.S. government agency, up to the applicable limitations discussed below.
3. Vested benefits not insured by the PBGC.
4. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan sponsor and the level of benefits guaranteed by the PBGC.

NOTE 6 — RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

ESCO TECHNOLOGIES INC. RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
September 30, 2018 and 2017

NOTE 6 — RISK AND UNCERTAINTIES (Continued)

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Changes in the discount rate and investment returns can have a significant effect on the funded status of the Plan.

NOTE 7 — TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by letter dated September 27, 2016, that the Plan and the related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC).

NOTE 8 — CERTIFIED INVESTMENTS

Information regarding investments held at September 30, 2018 and 2017, and net appreciation in fair value of investments and interest for the years then ended, disclosed in the accompanying financial statements and supplemental schedules, was obtained or derived from data provided to the plan administrator and certified to as complete and accurate by Commerce, the trustee of the Plan.

Form of payment	5-year Certain and Life Annuity (Life annuity for PTI and Doble participants)
Percent married	80% of participants. Used to value pre-retirement surviving spouse benefits.
Spouse age	Wife three years younger than husband.
At-risk assumptions	For at-risk calculations, all participants eligible to elect benefits during the current and subsequent ten plan years are assumed to commence benefits at the earliest possible date under the plan, but not before the end of the current plan year, except in accordance with the regular valuation assumptions. In addition, all participants (not just those eligible to begin benefits within the next 11 years) are assumed to elect the most valuable form of benefit under the plan.
Timing of benefit payments	Annuity payments are payable monthly at the beginning of the month.

Methods

Valuation date	First day of plan year
Funding target	Present value of accrued benefits as required by regulations under IRC §430.
Target normal cost	Present value of benefits expected to accrue during the plan year plus plan-related expenses expected to be paid from plan assets during the plan year as required by regulations under IRC §430.
Actuarial value of assets	Average of the fair market value of assets on the valuation date and 12 and 24 months preceding the valuation date, adjusted for contributions, benefits, administrative expenses and expected earnings of 6.25% (with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of market value, including contributions receivable (discounted using the effective interest rate for the prior plan year).
Benefits not valued	<p>All benefits described in the Plan Provisions section of this report were valued. Willis Towers Watson has reviewed the plan provisions with ESCO Technologies Inc. and, based on that review, is not aware of any significant benefits required to be valued that were not.</p> <p>The plan pays small benefits (with a present value up to \$5,000 in a single lump sum payment). Such lump sums are not explicitly valued; rather such participants' benefits are valued using the benefit choice assumptions described above.</p>

Changes in Assumptions and Methods

Change in assumptions since prior valuation	<p>The segment interest rates used to calculate the funding target and target normal cost were updated to the current valuation date as required by IRC §430.</p> <p>The mortality table used to calculate the funding target and target normal cost was updated to include one additional year of projected mortality improvement, as required by IRC §430.</p> <p>The assumed plan-related expenses added to the target normal cost were changed from \$1,100,000 for the prior valuation to \$800,000 for the current valuation to account for lower expected expenses to be paid from the trust.</p>
Change in methods since prior valuation	<p>There have been no change in methods since the prior valuation.</p>

Sources of Data and Other Information

The plan sponsor furnished participant data as of October 1, 2017. Information on assets, contributions and plan provisions was supplied by the plan sponsor. Data and other information were reviewed for reasonableness and consistency, but no audit was performed. Based on discussions with the plan sponsor, assumptions or estimates were made when data were not available, and the data was adjusted to reflect any significant events that occurred between the date the data was collected and the measurement date. We are not aware of any errors or omissions in the data that would have a significant effect on the results of our calculations.

Assumptions Rationale - Significant Economic Assumptions for Contributions

Discount rate	<p>The basis chosen was selected by the plan sponsor from among choices prescribed by law, all of which are based on observed market data over certain periods of time.</p>
Plan-related expenses	<p>As required by regulations, plan-related expenses are calculated by estimating the expenses to be paid from the trust during the coming year (including, for example legal, administration, and trustee fees to be paid from the trust).</p>

Assumptions Rationale – Significant Demographic Assumptions

Mortality	Assumptions used for funding purposes are as prescribed by IRC §430(h).
Termination	Termination rates are based on plan sponsor expectations for the future with periodic monitoring of observed gains and losses caused by termination patterns different than assumed.
Retirement	Retirement rates are based on plan sponsor expectations for the future with periodic monitoring of observed gains and losses caused by retirement patterns different than assumed.

Source of Prescribed Methods

Funding methods	The methods used for funding purposes as described in Appendix A.1, including the method of determining plan assets, are “prescribed methods set by law”, as defined in the actuarial standards of practice (ASOPs). These methods are required by IRC §430, or were selected by the plan sponsor from a range of methods permitted by IRC §430.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
