(1) Description of Plan and Summary of Significant Accounting Policies

(a) Description of Plan

The following description of the Elliott Aviation, Inc. Employee's Savings and Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution and 401(k) savings plan covering all employees of Elliott Aviation, Inc. (the "Company") and its wholly-owned subsidiaries: Elliott Aviation Flight Services, Inc., Elliott Aviation Aircraft Sales, Inc., Elliott Aviation Technical Products Development, Inc., Elliott Aviation of the Quad Cities, Inc., Elliott Aviation of Des Moines, Inc. and Elliott Aviation of Minneapolis, Inc. who have completed 60 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute a percentage of pretax annual compensation (subject to federal limitations) in form of a salary reduction. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover contributions). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 4% of eligible compensation with an automatic increase of 2% annually up to a maximum of 10%. Contributions related to auto-enrollments are automatically invested in a designated balanced fund until changed by the participant. The Plan provides for Company matching and profit sharing contributions which are at the discretion of the Company. Effective June, 2018, the Company contributed 50% of the participant's contribution up to 6% of the participant's eligible contribution. Prior to June, 2018, the Company contributed 50% of the participant's contribution up to the first 4% of eligible compensation. The Company did not make a profit sharing contribution in 2018 and 2017.

Employee contributions, matching employer contributions, and employer discretionary contributions are invested in one or more investment fund options offered by the Plan as directed by the individual participant.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions, and (b) Plan earnings, and charged with the participant's withdrawals. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited balances of terminated participant's nonvested accounts are used to pay for the Plan's general administrative expenses and/or reduce employer contribution. Forfeitures included in net assets available for benefits as of September 30, 2018 and 2017 amounted to $1,553 and $1,117, respectively. Total forfeitures used to reduce employer contributions and/or pay administrative expenses amounted to $29,493 in 2018 and $34,941 in 2017.

(1) Description of Plan and Summary of Significant Accounting Policies, continued

(a) Description of Plan, continued

Vesting

Participants are immediately vested in their elective deferrals plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of service with 100% vesting occurring after six years of credited service. Participants become 100% vested upon reaching normal retirement age of 65 if still an active employee.

Payment of Benefits and Participant Loans

On death, disability, retirement or termination of service, a participant (or participant's beneficiary in the event of death) may elect to receive as a distribution from his or her account the value of their account in installments, as a joint or survivor annuity, or in a lump sum payment.

The Plan provides that participants may borrow (minimum of $1,000) up to 50% of the total vested balance of their accounts up to a maximum of $50,000. The loans are subject to a maximum term of five years or a period of time not to exceed fifteen years for loans used to acquire a principal residence. The loans are secured by the balance in the participant's account and bear interest at rates which are fixed at the prime rate plus 2% at the loan inception date. Principal and interest is paid ratably through monthly payroll deductions.

Plan Contract Change

In September 2017, the Plan changed its investment contract with Principal Trust Company to allow for the addition of Pooled Separate Accounts. Due to this change, investments from original investment contract were liquidated and reinvested in funds of the new plan contract. Participants were offered the option to maintain previous investment allocations or to transfer funds into the pooled separate accounts. All funds were reinvested prior to September 30, 2017.

(b) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting. The Plan evaluated subsequent events through July 8, 2019, which is the date the financial statements were available to be issued.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are held by Principal Trust Company (Custodian) who allocates plan assets to the individual accounts of each participant as directed by the participant.

(1) Description of Plan and Summary of Significant Accounting Policies, continued

(b) Summary of Significant Accounting Policies, continued

Investment Valuation and Income Recognition, continued

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

The Plan's investments are stated at fair value, except for the fully benefit-responsive investment contract (Principal Fixed Income Option) which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in a transaction between market participants at the measurement date. The fair value of investments is based on quoted market prices of national securities exchanges. Where marketable securities are not listed on an exchange, price quotations are obtained from securities brokerage firms. Contract value represents contributions made under the contract plus earnings at the contract rate of 1.15% in 2018 and 1.36% in 2017 less participant withdrawals and administrative expenses. See note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes realized and unrealized gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits and Participant Loans

Benefits are recorded when paid.

Participant loans are valued at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of September 30, 2018 and 2017. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced and the delinquent participant loan is recorded as a benefit payment based on the terms of the Plan document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions to the applicable participants subsequent to year end.

Reclassification

Certain accounts for 2017 have been reclassified to conform with the presentation for 2018.

(2) Investments (Unaudited)

The following information has been certified by Principal Trust Company (Custodian) as of September 30, 2018 and 2017 and for the years then ended.

	2018	2017
Investments, at fair value:		
Mutual funds	$11,628,969	9,153,618
Common Investment Trusts	9,354,583	7,848,663
Pooled Separate Accounts	3,973,549	4,792,936
Total investments, at fair value	24,957,101	21,795,217
Investment contract, at contract value -		
Principal Fixed Income Option	3,061,447	3,333,664
	$28,018,548	25,128,881

	2018	2017
Investment income:		
Net appreciation in fair value of investments	$ 2,239,154	2,237,535
Dividends, mutual funds	139,967	531,475
Interest – fixed income fund	37,426	48,665
Interest on participant loans	22,942	18,798
Total income	$ 2,439,489	2,836,473

The Plan's investment contract is a traditional fully benefit-responsive guaranteed investment contract with Principal Life Insurance Company (Principal) who maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 4%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Principal. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

(3) Fair Value Measurements (Unaudited)

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit as follows:

		Fair Value Measurements Using:	
	Fair Value	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
September 30, 2018:			
Mutual funds	$11,628,969	11,628,969	-
Common investment trusts	9,354,583	-	9,354,583
Pooled separate accounts	3,973,549	-	3,973,549
	$24,957,101	11,628,969	13,328,132
September 30, 2017:			
Mutual funds	$ 9,153,618	9,153,618	-
Common investment trusts	7,848,663	-	7,848,663
Pooled separate accounts	4,792,936	-	4,792,936
	$21,795,217	9,153,618	12,641,599

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of quoted prices in active markets of similar assets for assets in non-active markets, and Level 3 inputs which consist of other valuation techniques that have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. There were no Plan investments requiring the use of Level 3 inputs in 2018 and 2017.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Level 2 Fair Value Measurements

The collective investment trusts invest in a collective trust fund as well as a variety of separate accounts and mutual funds. The fair value of the collective investment trusts and the separate accounts are not publicly quoted pricing inputs. The fair value of mutual funds are publicly quoted pricing inputs. The fair value of all these investments are used in determining the net asset value of the collective investment trusts, which is not publicly quoted.

(3) Fair Value Measurements (Unaudited), continued

Level 2 Fair Value Measurements, continued

The pooled separate accounts are maintained by Principal in which the underlying assets of the accounts are publically traded open-end mutual funds registered with the U.S Securities and Exchange Commission. The net asset value of these mutual funds are determined daily. Thus, the fair value of substantially all mutual fund investments is based on the quoted market prices of the investments within the pooled separate accounts.

(4) Administrative Expenses

Plan administrative expenses relating to general administration and recordkeeping are paid through use of forfeitures. Plan administrative expenses related to participant loan administration, member requested services, withdrawal charges and personal retirement accounts are charged to participant accounts. As described in note 1(a), the Plan changed its investment contract with Principal Trust Company in September, 2017. Under the new contract, investment fees are deducted from participant accounts rather than a reduction of the investment rate of return as in the prior contract.

A summary of plan administrative expenses is as follows:

	2018	2017
Expenses paid by forfeitures	$ 2,050	16,985
Expenses charged to participants accounts	133,666	50,430
ERISA budget expense credit	(28,860)	(16,161)
Total administrative expenses	$106,856	51,254
Total plan administrative expenses as a percent of average plan assets	0.40%	0.21%

(5) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

(6) Tax Status

The Plan is a nonstandardized defined contribution plan sponsored by Principal Life Insurance Company. The prototype plan has received a letter from the Internal Revenue Service as to its qualified status. The Plan has been amended since receiving the determination letter. The Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable provisions of the Internal Revenue Code and therefore believe the Plan is qualified and the related trust is tax-exempt.

The Plan evaluates the tax benefits of a tax position using the "more likely than not" threshold. As of September 30, 2018, management is not aware of any uncertain tax positions and related tax benefits which would be material to the Plan's financial statements. The Plan files annual information returns which for years subsequent to 2014 are subject to examination by taxing authorities.

(7) Related Party Transactions

Certain Plan investments are shares of mutual funds managed by Principal Life Insurance Company. Principal Life Insurance Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

(8) Risks and Uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and amounts reported in the statement of net assets available for benefits.

(9) Reconciliation of Financial Statements to Form 5500

Net assets at September 30, 2017 and the change in net assets for the year then ended per the financial statements were lower by $2,316 then the corresponding amounts shown on the Form 5500 due to the excess participant contributions. There were no reconciliation differences in net assets as of September 30, 2018 and the change in net assets for the year ended September 30, 2018 per the financial statements was higher by $2,316 then the corresponding amount per the Form 5500 due to the prior year excess participant contributions.

(10) Recent Accounting Pronouncements

In February 2017, the Financial Accounting Standards Board issued ASU 2017-06 "Employee Benefit Plan Master Trust Reporting" to improve disclosures regarding investments in interests in master trusts. ASU 2017-06 will become effective for the Plan's 2019 financial statements.

In August 2018, the Financial Accounting Standards Board issued ASU 2018-13 "Fair Value Measurement" to improve the effectiveness of disclosures in the notes to the financial statements. The standard modifies or eliminates certain disclosures related to the fair value of investments. ASU 2018-13 will become effective for the 2020 financial statements.

Management is currently analyzing the effects of the above pronouncements on the Plan's financial statements.
