CHEMTRON CORPORATION 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of the Chemtron Corporation 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering substantially all employees of Chemtron Corporation and its affiliates, MKM Environmental Company and Ohio Container Corp. (collectively the "Company"), who meet the minimum age and service requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. Employees become eligible to participate in the Plan after attaining age 21 and one year of eligibility service in which at least 1,000 hours of service are attained. This eligibility becomes effective on the first month and seventh month of the Plan year coincident with or next following attaining these requirements.

Contributions:

Participants may make pre-tax or Roth contributions of an amount equal to not less than 1% and up to 100% of their compensation, subject to certain limitations imposed by the Internal Revenue Service. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make discretionary matching and profit sharing contributions to all eligible participants. Matching contributions were at a rate of 25% of each participant's 1% of deferral up to 4%, with a maximum match of 1% for the year ended December 31, 2018. The Company made no profit sharing contribution for the year ended December 31, 2018.

Participant Accounts:

Participants' accounts are credited with their contributions, the Company's contribution and Plan earnings and are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account.

Vesting:

A participant has a 100% non-forfeitable vested interest in his or her contributions plus actual earnings thereon. Vesting in the Company's contribution is based on years of service. A participant is 100% vested after six years of credited service (0% after year one, 20% each year thereafter) or in the event of disability, death or reaching normal retirement age as defined by the Plan agreement.

CHEMTRON CORPORATION 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 1. Description of Plan (Continued)

Payment of Benefits:

A participant or his or her beneficiary, upon termination, disability, death or retirement, may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. In the case of a severe financial hardship, the administrator, at its sole discretion, may approve the distribution of all or a portion of a participant's voluntary contributions or fully vested Company profit sharing contributions, subject to certain restrictions.

Forfeitures:

The Plan may utilize forfeitures to offset the Plan's administrative expenses or to reduce future Company contributions, at the Company's discretion. The Plan used \$3,424 of forfeitures to offset Company contributions for the year ended December 31, 2018. At December 31, 2018 and 2017, \$3,822 and \$1,422, respectively, remained as unallocated forfeitures. The \$3,822 of forfeitures were used to reduce Company contributions in 2019.

Expenses:

Expenses of the Plan are paid by the Company or the Plan at the Company's discretion, with the exception of distribution fees, which are paid by the affected participant.

Note 2. Summary of Accounting Policies

- A. **Basis of Presentation** – The accompanying financial statements have been prepared on the accrual basis of accounting.

The Company has evaluated subsequent events through July 2, 2019, which is the date the financial statements were available to be issued.

- B. **Investment Valuation and Income Recognition** – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividend income is accrued on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

- C. **Use of Estimates** – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

- D. **Payments of Benefits** – Benefits are recorded when paid.

Note 3. Unaudited Information

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified to the completeness and accuracy of all investments reflected in the statements of net assets available for benefits at December 31, 2018 and 2017, the supplemental schedule at December 31, 2018, the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2018 and investment related information in the accompanying notes to the financial statements. This information is unaudited by independent accountants.

Note 4. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. The inputs used to measure fair value are classified into three levels:

- Level 1 – Quoted market prices in active markets for identical assets and liabilities
- Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data
- Level 3 – Unobservable inputs in which little or no market data exists

The following is a description of the valuation methodologies used for plan assets measured at fair value:

- The fair value of registered investment companies is determined based on their quoted closing market prices in active markets for identical investments, and is classified as Level 1.
- The investments in the common/collective trust fund are held by Great-West Trust Company, LLC. The fair value of investments held in these accounts is based on their reported net asset value ("NAV"). The NAV is based primarily on observable inputs and the market value of the underlying investments, and is classified as Level 2.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. There have been no changes in the methodologies used from 2017 to 2018. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of plan termination, participants shall be 100% vested in their accounts and will receive a total distribution of their accounts.

Note 6. Federal Income Tax Status

The prototype document on which this Plan is based obtained a determination letter, dated March 31, 2014, from the Internal Revenue Service ("IRS"), in which the IRS stated that the basic prototype document and related trust, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since the prototype was adopted, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, it believes that the Plan is qualified and the related trust is tax-exempt as of the financial statement date.

The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2018, there are no uncertain tax positions taken or expected to be taken that would require such recognition or disclosure in the financial statements.

Note 7. Party-in-Interest Transactions

Great-West Life & Annuity Insurance Company is the Custodian as defined by the Plan and received administration fees from the Plan. Administrative fees paid by the Plan to the Custodian totaled \$6,725 for the year ended December 31, 2018.

Note 8. Risks and Uncertainties

The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
