Note 1 - Plan Description

The following description of The Metalworking Group, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees, with the exclusion of union and nonresident alien employees, of The Metalworking Group Holdings, Inc. (the "Company") who have completed two months of service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan provides for employee salary 401(k) contributions up to a maximum of 90 percent of annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. Employees who do not voluntarily enroll in the Plan are automatically enrolled in the Plan at a deferral rate of 3 percent of annual compensation, subject to limitations established by the Internal Revenue Code. Employees may opt out of the automatic enrollment feature. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Plan provides for employer matching contributions of 100 percent of the first 1 percent of the participant's contribution and up to 80 percent on the next 5 percent of the employee's deferred compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Participant Notes Receivable

Participants may borrow from their accounts subject to certain maximum and minimum amounts, as prescribed in the Plan and in the Internal Revenue Code. Notes receivable are collateralized by the participant's account balance and bear interest at a market rate.

Vesting

Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of service. For employer safe harbor matching contributions, the participant is vested after two years of credited service. For all other employer contributions, a participant is 20 percent vested after two years of credited services and gains an incremental 20 percent each subsequent year, reaching full vesting at the end of six years of credited service.

Benefit Payments

The full value of the employee's account balance is payable upon attainment of his or her normal retirement age. The Plan defines the normal retirement age as 65. If an employee works beyond age 65, he or she may request to begin receiving the benefit. A participant may elect to receive either a transfer to another qualified plan, a lump-sum amount equal to the value of the employee's vested account (subject to 20 percent income tax withholding), or annual installments over a prescribed period of time.

September 30, 2018 and 2017

Note 1 - Plan Description (Continued)

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to pay plan expenses only. At September 30, 2018 and 2017, forfeited account balances totaled \$56,782 and \$47,920, respectively. No forfeitures were used to fund 2018 contributions.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

The Company paid approximately \$14,000 to third parties for legal, accounting, investment, and administrative expenses of the Plan.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including June 18, 2019, which is the date the financial statements were available to be issued.

Notes to Financial Statements

September 30, 2018 and 2017

Note 3 - Unaudited Information

Reliance Trust Company (the "Trustee") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Trustee.

Note 4 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Accordingly, no provision for income taxes has been made in the accompanying financial statements.

Note 5 - Reconciliation of the Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at September 30, 2018 and 2017 to Form 5500:

	2018	2017
Net assets available for benefits per the financial statements	\$ 10,013,884	\$ 9,433,250
Less employer contribution receivable	(324,919)	(280,825)
Net assets available for benefits per Form 5500	<u>\$ 9,688,965</u>	<u>\$ 9,152,425</u>

The following is a reconciliation of change in net assets available for benefits per the financial statements for the year ended September 30, 2018 to Form 5500:

Change in net assets available for benefits per the financial statements	\$ 580,634
Less employer contribution receivable - Current year	(324,919)
Add employer contribution receivable - Prior year	<u>280,825</u>
Change in net assets available for benefits per Form 5500	<u>\$ 536,540</u>

Note 6 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

Notes to Financial Statements

September 30, 2018 and 2017

Note 6 - Fair Value Measurements (Continued)

In instances whereby inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following valuation methodologies have been used to value the Plan's investments:

Mutual Funds

Mutual funds are valued at quoted prices reported in active markets.

Common Collective Trust Fund

The common collective trust fund is valued at net asset value per share (NAV) or its equivalent of the fund, which is based on the fair value of the fund's underlying assets. There are no redemption restrictions or unfunded commitments on these investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at September 30, 2018 and 2017:

Assets Measured at Fair Value on a Recurring Basis at September 30, 2018				
Investments (at Fair Value)	Level 1	Level 2	Level 3	
Mutual funds	\$ 7,955,213	\$ -	\$ -	
Investments measured at NAV - Common collective trust fund	1,504,628			
Total investments at fair value	<u>\$ 9,459,841</u>			
Assets Measured at Fair Value on a Recurring Basis at September 30, 2017				
Investments (at Fair Value)	Level 1	Level 2	Level 3	
Mutual funds	\$ 7,156,774	\$ -	\$ -	
Investments measured at NAV - Common collective trust fund	1,734,592			
Total investments at fair value	<u>\$ 8,891,366</u>			

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no significant transfers between levels of the fair value hierarchy during 2018 or 2017.
