NOTE 1 DESCRIPTION OF PLAN

The following description of the Blistex Inc. Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established in 1955 to allow Blistex Inc. (the Employer) to share a portion of its profits with its employees, to promote within them the strongest interest in the successful operation of the business, to encourage efficiency in their work, to assure them that they will share in the prosperity of the business, and to provide them with an opportunity for accumulation of funds for retirement. The Plan was most recently amended and restated effective April 1, 2018. The Plan and the Trust, of which it is a part, are intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

The Plan is a defined contribution plan covering all eligible classes of employees of the Employer. Employees, who have one year of service and are age 18 or older, become eligible to receive Employer discretionary contributions on the first day of the Plan year nearest to the date of the satisfaction of the age and service requirements.

Effective April 1, 2018, employees, who have three months of service and are age 18 or older, become eligible to participate in the deferral component of the Plan on the first day of the quarter following the satisfaction of the age and service requirements.

Contributions

Each year, the Employer contributes a discretionary portion of its current profits to the Plan. These contributions are subject to legal, Plan, and compensation limitations. Generally, a participant must be employed on the last day of the year and complete at least 1,000 hours of service with the Employer during the Plan year to receive an allocation of the contribution.

Effective April 1, 2018, the Plan allows for a salary deferral arrangement under Section 401(k) of the IRC. Eligible participants are permitted to elect to have a specified amount of their compensation contributed as pre-tax 401(k) contributions to the Plan. Effective July 1, 2018, the Plan included an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation, and their contributions invested in the designated default fund until changed by the participant. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each eligible participant's account is credited with the participant's contributions, a share of the Employer's annual contribution and forfeitures of terminated participants' nonvested accounts. Participant accounts are credited with Plan earnings or losses and charged with an allocation of administrative expenses. Allocations are based on eligible compensation or account balances, or participant transactions, as prescribed by the Plan. Although asset-based fees for recordkeeping services, as well as the individual fund expenses, are charged on a pro rated basis, Plan administrative charges for audit services and certain legal fees are charged to each participant's account on a per-capita basis. The benefit to which a participant is entitled is limited to the benefit that can be provided from the participant's vested account balance. The Plan allows participants to direct contributions to any of the provided investment alternatives.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's contribution is based on years of continuous service. A participant is 20% vested after two years of credited service and vests 20% per year thereafter, until becoming fully vested after six years of credited service. Notwithstanding the above, a participant is fully vested upon reaching normal retirement age, death, or permanent disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $15,000 or 50% of their vested balance of salary deferred contributions. The notes are secured by the balance in the participant's account and bear interest at the BMO Harris Bank N.A. prime rate plus 1%. Principal and interest is paid ratably through payroll deductions. There were no notes receivable from participants during the year ended December 31, 2018 and 2017.

Benefit Payments

Upon termination of service due to death, disability, or retirement, a participant may elect to receive the value of the vested interest in his or her account in the form of a lump-sum distribution or installments. The Plan allows for in-service distributions if a participant reaches age 59½ and hardship distributions subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed $1,000, the Plan administrator will authorize the benefit payment without the participant's consent. If the balance of the terminated participant's account is between $1,000 and $5,000, the Plan Sponsor may authorize that the benefit payment be rolled into an individual retirement account in the participant's name.

Forfeited Accounts

At December 31, 2018 and 2017, there were forfeited nonvested account balances of $15,332 and $12,769, respectively, which were allocated to eligible participants based on Plan provisions subsequent to the years then ended.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan committee and trustees of the Plan determine the Plan's valuation policies utilizing information provided by the custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits Payments

Benefits are recorded when paid.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Employer, as provided by the Plan document. Expenses paid directly by the Employer, are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through July 3, 2019, the date the financial statements were available to be issued.

NOTE 3 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2018 and 2017.

Mutual Funds: Are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Fund: Valued at the NAV of units of the bank collective trust. NAV is a readily determinable fair value and is the basis for current transactions. Participant transactions (purchases and sales) may occur daily.

NOTE 4 CERTIFICATION OF INVESTMENT INFORMATION

BMO Harris Bank N.A., the custodian of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information reflected on the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017, the statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2018.

NOTE 5 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:

The following is a reconciliation of the net increase (decrease) in net assets available for benefits per the financial statements to Form 5500 for the years ended December 31:

	2018	2017
Net Increase (Decrease) in Net Assets Available for Benefits per the Financial Statements	$ (1,941,900)	$ 4,010,814

Net Increase (Decrease) in Net Assets Available for Benefits per Form 5500	$ (1,943,366)	$ 4,010,853

NOTE 6 PLAN TAX STATUS

The Plan adopted a Volume Submitter Profit Sharing Plan, which received a favorable opinion letter from the IRS as of September 24, 2015, which stated that the Plan is designed in accordance with applicable sections of the IRC. The Plan also received a favorable determination letter as of September 15, 2010, with respect to the tax-qualified status of the Plan. Although the Plan has been amended since receiving the opinion and determination letters, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in their Employer contributions.

NOTE 8 PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in shares of a collective fund issued by BMO Harris Bank N.A., the custodian of the Plan. Therefore, the investment transactions qualify as party-in-interest transactions. In addition, the Plan has arrangements with other service providers. Fees incurred by the Plan for these services were $92,423 and $78,140 for the years ended December 31, 2018 and 2017, respectively. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 9 RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.
