INDEPENDENT AUDITORS' REPORT

To the Participants and Board of Trustees
University of Dayton Tax Deferred Annuity Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the University of Dayton Tax Deferred Annuity Plan, which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Teachers Insurance and Annuity Association of America and College Retirement Equities Fund (collectively, TIAA) and Lincoln National Life Insurance Company (Lincoln), and Fidelity Management Trust Company (Fidelity) the custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that TIAA, Fidelity (January 1, 2017 to May 30, 2018), and Lincoln held the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from TIAA and Lincoln as of December 31, 2018 and 2017, and for the year ended December 31, 2018, that the information provided to the plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matters described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2018 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF THE PLAN:

The following description of the University of Dayton Tax Deferred Annuity Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, covering all employees of the University of Dayton (the "University") except students employed by the University. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Contributions

Contributions made to the Plan are comprised of only employee contributions. Eligible participants may enter the Plan immediately and may elect to make contributions on a pre-tax or after-tax basis, subject to certain Internal Revenue Service limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. In addition, participants that have been employed by the University for more than 15-years may make additional catch up contributions ("Special 403(b) Catch Up Contributions") equal to the lesser of the following: 1) \$3,000; 2) \$15,000 minus the amount of Special 403(b) Catch Up Contributions made in prior years; or 3) \$5,000 times the numbers of years worked for the University minus the total amount of salary deferrals made while employed by the University. Participants are also permitted to make rollover contributions to the Plan from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant accounts

Each participant's account is credited with the participant's contributions and an allocation of the Plan's earnings. Allocations of Plan earnings are based upon the performance of the investment funds chosen by the participant. The benefit to which a participant is entitled is the amount that can be provided from the participant's account.

Investment options

Plan contributions are invested, at the direction of the participant, in one or more funding vehicles available to participants under the Plan. The vendors available to participants are Teachers Insurance and Annuity Association of America and College Retirement Equities Fund (collectively, TIAA) Lincoln National Life Insurance Company (Lincoln) and Fidelity Management Trust Company (Fidelity). Effective July 1, 2011, participants were no longer able to contribute to Lincoln, but were permitted to maintain account balances held at Lincoln. Effective May 30, 2018, participants were no longer able to contribute to Fidelity and all balances held at Fidelity were transferred to TIAA.

Vesting

Participants are immediately vested in their contributions plus earnings thereon.

Notes receivable from participants

Prior to May 30, 2018, participants with balances held by Fidelity were permitted to borrow from their vested account. Following the transfer of participant accounts from Fidelity to TIAA, participants with balances held by TIAA became eligible to borrow from their accounts. Participants may borrow a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of the vested balance of the account. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the administrator. Loans are payable within five years except for those used to acquire a principal residence. Notes receivable from participants outstanding at December 31, 2018 and 2017 were \$783,426 and \$297,967, respectively.

Loans collateralized by participant accounts

Prior to May 1, 2018, participants with funds held by TIAA and Lincoln were permitted to obtain loans from the vendors for a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their account balance. Effective May 1, 2018, such loans were no longer permitted; however certain balances remained outstanding.

Loan proceeds were disbursed by the vendors who collateralized a portion of the participant's account balance. Upon the execution of a loan agreement, a portion of the participant's account balance equal to the unpaid loan was transferred into the unallocated insurance contract offered by the vendor. Loan repayments are made by participants directly to the vendors. As loan payments are received by the vendors, a portion of the funds held as collateral are released. Defaults are determined in accordance with the terms of the Plan loan agreements between the vendor and the participant. Upon default, the Plan loan becomes taxable to the participant; however, the collateral remains in the participant's account until the participant reaches a distributable event such as retirement or termination.

Plan loans outstanding at December 31, 2018 and 2017 were \$1,459,081 and \$2,044,888, respectively. As these loans are between the vendor and the participant, they do not appear on the statements of net assets available for benefits.

Payment of benefits

Upon termination of service due to death, disability or retirement, distribution shall be made to the participant or beneficiary in a single lump sum payment, partial payments, installment payments or a single life annuity payment.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The following are the significant accounting policies of the Plan:

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017.

Withdrawals and payment of benefits

Withdrawals and benefits are recorded upon distribution. Payments to purchase allocated insurance contracts are recognized as decreases in the statements of changes in net assets available for benefits as the insurance company has assumed the obligation to provide benefits under the terms of the applicable insurance contracts.

Administrative expenses

Certain administrative functions are performed by employees of the University; no such employee receives compensation from the Plan. The University has elected to pay certain costs associated with the administration of the Plan from its assets. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through the report date, the date the financial statements were available to be issued.

3. INVESTMENTS:

The Plan has investment contracts with the TIAA and Lincoln. Contributions may be deposited into the insurance companies' general accounts under unallocated investment contracts, variable annuity accounts, or into pooled separate accounts. The insurance companies are contractually obligated to repay the principal and a specified interest rate for contributions deposited into their general accounts. A portion of the unallocated insurance contracts have surrender charges and other restrictions on withdrawals and are therefore, not considered to be fully benefit-responsive. The remaining portion of the unallocated insurance contracts do not have restrictions on withdrawals and are considered fully benefit-responsive. Unallocated insurance contracts considered to be fully benefit-responsive are presented at contract value, while unallocated insurance contracts that do not qualify as fully benefit responsive are presented at fair value. The variable annuity accounts and pooled separate accounts are credited with the actual earnings of the underlying investments and charged for plan withdrawals and administrative expenses. Participants may also invest their contributions in various registered investment companies managed by TIAA.

Plan management has elected the method of compliance permitted by 29 CFR2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA, Lincoln, and Fidelity, the Plan's custodians, have certified the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017, and the supplemental schedule of assets (held at end of year) as of December 31, 2018; the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2018. Fidelity was a custodian of the Plan as of December 31, 2017 and from January 1, 2018 through May 30, 2018.

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Self-directed brokerage account: Account primarily consists of registered investment companies and cash equivalents that are valued on the basis of readily determinable market prices.

Registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Unallocated insurance contracts: The TIAA Traditional Annuity is an unallocated fixed-dollar annuity and investment product offered by TIAA, an insurance company that is fully and unconditionally guaranteed by TIAA. The TIAA Traditional Annuity is maintained in the TIAA general account. Contributions to the TIAA Traditional Annuity purchase a contractual or guaranteed amount of future benefits for the participants and are secured by the general assets of TIAA. Due to certain withdrawal limitation, the annuity contracts are not considered to be fully benefit responsive. As such, the Plan records its investment in the TIAA Traditional Annuity at fair value. Fair value is determined using a discounted cashflow analysis using discounted rates that are expected to approximate future crediting rates.

Variable Annuity Accounts: Participants purchase accumulation units in the variable annuity contracts and their value is calculated and published daily

Pooled separate accounts: The TIAA Real Estate Pooled Separate Account is valued at the net asset value per accumulation unit of the investment. The underlying real estate holdings or other real estate related investments are valued principally utilizing external appraisals. Although the underlying assets of the account cannot be quickly sold and converted to liquid assets, the TIAA general account provides the Plan with a liquidity guarantee. Transfers out of the pooled separate account are limited to one per calendar quarter. There are no unfunded commitments or redemption notice period. Pooled separate accounts maintained by Lincoln are valued at net asset value per accumulate unit of investment. The underlying investments consist primarily of registered investment companies with readily determinable fair values. There are no withdrawal restrictions or unfunded commitments.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017.

5. FULLY BENEFIT- RESPONSIVE INVESTMENT CONTRACTS:

Funds invested in the TIAA Traditional Annuity under group supplemental retirement unit-annuities (GSRA) and supplemental retirement annuities (SRA) are considered fully benefit-responsive. Funds invested in the fixed account portion of the Lincoln Fixed Account Multi-Fund Group Variable Annuity are also considered fully benefit-responsive.

TIAA and Lincoln maintain the contributions in general accounts. The accounts are credited with discretionary earnings on the contributions and charged for participant withdrawals and administrative expenses. The contract issuers are contractually obligated to repay the principal and specified interest rates that are guaranteed to the Plan. The guaranteed investment contracts do not permit TIAA and Lincoln to terminate the agreements prior to the scheduled maturity dates.

The contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by TIAA and Lincoln, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuers' abilities to meet their financial obligations. The issuers' abilities to meet their contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuers. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with participants.

In addition, certain events allow the issuers to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without consent of the issuer.

6. RELATED-PARTY TRANSACTIONS:

Certain plan investments are managed by TIAA and Lincoln, the custodians as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment.

7. PLAN TERMINATION:

Although it has not expressed any intent to do so, the University has the right to terminate the Plan subject to the provisions of ERISA.

8. TAX STATUS:

The Plan has not been submitted to the Internal Revenue Service for a determination of its compliance with the Internal Revenue Code. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date. The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service (IRS) in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b).

9. RISKS AND UNCERTAINTIES:

The Plan investments are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
