Notes to Financial Statements

1. DESCRIPTION OF PLAN

The following description of Ameriflex, Inc. 401 (k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Ameriflex, Inc. 401(k) (the "Company") under the provisions of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. All employees who are age 18 or older and who have completed 1,000 hours of service within 12 consecutive months are eligible to participate in the Plan. After meeting the eligibility requirements, employees may enroll in the Plan on January, April, July or October 1st in the year they become eligible. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions

Participants may elect to reduce their compensation, as defined by the Plan, by a certain amount and have that amount contributed to the Plan as a pre-tax salary deferral. Participants may also contribute amounts representing distributions from other qualified plans in which participants have previously participated. The Company makes an employer profit sharing contributions up to a maximum of 4% of employee’s annual compensation. Contributions are subject to certain limitations.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and employer profit sharing contributions and also income and expenses. Allocations are based on participant compensation, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant-Directed Investments

Upon enrollment in the Plan, a participant directs the investment of his or her account balance to the investment funds offered under a John Hancock Life Insurance Company (U.S.A.) (“John Hancock”) group annuity contract, wherein the participants of the Plan may direct the investments of their contributions to John Hancock guaranteed interest accounts or pooled separate accounts.

1. DESCRIPTION OF PLAN (Continued)

Participant-Directed Investments (Continued)

Contributions directed to guaranteed interest accounts are invested in John Hancock general accounts and are guaranteed as to principal and interest; however, market value adjustments may apply on early withdrawals. John Hancock is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan over a defined 3 or 10 year term. The guaranteed interest rate applicable to these deposit accounts is determined each month by John Hancock. At the end of each reporting year, a "composite rate" of interest is determined for each participant account, depending on the amount contributed and the rate in effect on the day it is allocated under the participant account. The composite rate is the effective annual rate earned by all contributions to that guaranteed account during that reporting year for that participant. Contributions continue to earn the calculated composite interest rate for the duration of the guarantee term. At December 31, 2018, the composite interest rates range from 0.60% to 1.20%.

Contributions directed to pooled separate accounts are segregated from other assets of John Hancock as required by law and represent sub-accounts that invest in mutual funds managed by unaffiliated mutual fund companies, mutual funds managed by John Hancock Investment Management Services, LLC and sub-advised by MFC Global Investment Management or unaffiliated third parties, collective investment trusts managed by John Hancock, or exchange traded funds. The pooled separate account investments have no unfunded commitments, redemption frequency is daily and there is no required redemption notice period.

Vesting

Participants are immediately vested in their own contributions, rollovers from other qualified plans, and actual earnings thereon. Vesting in the employer contributions is based on years of service. A participant is 100% vested after 6 years of service. A participant becomes fully vested in all contributions in the event that the participant retires, dies, or becomes totally disabled.

The following is the Plan's vesting schedule for nonelective employer contributions:

Years of Service	Vesting Percentage
Less than 2	0 %
2	20 %
3	40 %
4	60 %
5	80 %
6	100 %

Forfeited Accounts

At December 31, 2018, forfeited nonvested accounts is $3,285. Forfeited nonvested accounts, will be used to reduce future employer contributions. In 2018, employer contributions were reduced by $23,000 from forfeited nonvested accounts.

1. DESCRIPTION OF PLAN (Continued)

Payments of Benefits

On termination of employment, a participant may elect to receive a lump-sum distribution equal to the value of the participant's vested account balance. Under certain conditions, in-service withdrawals are allowed.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance reduced by the highest outstanding loan balance in the participant's account in the past twelve months. Loan repayment terms are for a period not to exceed 5 years, except in the case of loans used to acquire a principal residence, wherein the loan repayment term may be for a longer period. Loans are secured by the balance in the participant's account and bear interest at the rate equal to the prevailing interest rate charged by persons in the business of lending money for loans made under similiar circumstances. At December 31, 2018, the interest rates on loans range between 4.25% and 7.5%. Principal and interest are normally paid ratably through semi-monthly payroll deductions.

Plan Termination

Although it has not expressed any intent to do so, the Company is under no obligation or liability to continue its contributions and may discontinue such contributions or terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES (Continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion regarding fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Management fees and operating expenses charged to the Plan for investments in the pooled separate accounts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants related to participant loans are stated at the unpaid principal balance. Interest income associated with the notes receivable are recorded when interest payments are received, usually semi-monthly. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid or upon distribution.

Plan Expenses

Certain expenses of maintaining the Plan are paid directly by the Company, at its option, and are excluded from these financial statements. Fees related to specific participant transactions, such as for participant loans and benefit payments, and also for fees related to the guaranteed income feature offered on the Plan's investments in lifestyle funds, are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

3. FINANCIAL INFORMATION CERTIFIED BY THE CUSTODIAN

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, which include investments and notes receivable from participants at December 31, 2018 and 2017, and interest and net appreciation in fair value of investments and interest income from notes receivable from participants for the year ended December 31, 2018, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by John Hancock Life Insurance Company (U.S.A.), the custodian of the Plan, in accordance with Section 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy with the related inputs to the valuation methodology are described as follows:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets that the Plan has the ability to access.

Level 2 - Significant other observable (directly or indirectly) inputs, including quoted prices for similar assets in active markets or in inactive markets and other market observable inputs such as interest rate, credit risks, etc.

Level 3 - Significant unobservable inputs, including the Plan's own assumptions in determining the fair value of investments.

Following is a description of the valuation methodologies used for the Plan's investment assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Pooled Separate Accounts

Valued at the unit net asset value as reported by the insurance company, based on the market value of the underlying investments of the accounts. The net asset value ("NAV") is used as a practical expedient to estimate fair value.

Guaranteed Investment Contracts

Valued at estimated fair value by the insurance company by adjusting the account values to reflect the differential in current interest rates and actual composite interest rates adjusted by the number of months to maturity.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Guarenteed investment contracts	$ -	$ -	$ 4,729	$ 4,729
Total investments in the fair value hierarchy	$ -	$ -	$ 4,729	$ 4,729
Pooled separate accounts at NAV (a)				2,717,209
Total investments, at fair value				$ 2,721,938

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Guarenteed investment contracts	$ -	$ -	$ 3,720	$ 3,720
Total investments in the fair value hierarchy	$ -	$ -	$ 3,720	$ 3,720
Pooled separate accounts at NAV (a)				2,697,728
Total investments, at fair value				$ 2,701,448

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The Plan's investments in the pooled separate accounts (summarized with the December 31, 2018 dollar value) reflect the following investment strategies:

Asset Allocation - Target Risk ($1,948,859) - invests in asset mix of stocks, bonds and cash equivalents in its portfolio according to a selected time frame that is appropriate for a particular investor based on a future date such as retirement.

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS (Continued)

Aggressive Growth ($80,533) - attempts to achieve the highest capital gains. Investments held in these funds are companies that demonstrate high growth potential, usually accompanied by share price volatility.

Growth ($206,962) - has capital appreciation as its primary goal by investing in companies that are positioned for strong earnings growth potential, and normally invest in more well-established companies.

Growth & Income ($16,865) - dual strategy of capital appreciation (growth) and current income generation through dividends or interest payments. A growth and income fund may invest only in equities or in a combination of stocks, bonds, and other securities.

Income ($10,618) - emphasizes current income as opposed to capital appreciation. Such funds usually hold a variety of government, municipal and corporate debt obligations and money market instruments.

Conservative ($453,372) - seeks to preserve an investment portfolio's value by investing in lower risk securities such as fixed-income and money market securities.

The pooled separate accounts have no unfunded commitments, redemption frequency is daily and there is no required redemption notice period.

The following table sets forth a summary of changes the Plan's Level 3 assets for the year ended December 31, 2018:

Balance at beginning of year	$	3,720
Purchases (from contributions)		1,144
Interest income		18
Unrealized loss (in net appreciation)		(153)
Balance at end of year	$	4,729

5. PARTY-IN-INTEREST TRANSACTIONS

Plan investments are units of pooled separate accounts managed by John Hancock. John Hancock is the investment contract issuer and holds the Plan's investments in a group annuity contract. Under this contract there are fees paid to John Hancock related to investment services, including other investment management companies, and also recordkeeping services, which are included in the net appreciation in fair value of the Plan investments.

As mentioned in Note 2, certain expenses related to contract administrative fees of $5,259 and transaction fees of $1,950 were paid by the participant to John Hancock in 2018. Such expenses are included in Plan expenses.

The above transactions, including also the notes receivable from participants, qualify as allowable party-in-interest transactions for which there are statutory exemptions.

6. TAX STATUS OF THE PLAN

The Plan currently conforms to a volume submitter 401(k) profit sharing plan, which has received an Internal Revenue Service favorable opinion letter. Therefore, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with applicable requirements of the IRC, and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. SUBSEQUENT EVENTS

Effective August 1, 2019, Ameriflex, Inc. 401(k) Profit Sharing Plan will merge into the MW Industries, Inc. Consolidated Employer Retirement Savings Plan (the "Plan").

Subsequent events have been evaluated through July 12, 2019, the date the financial statements were available to be issued.
