Notes To Financial Statements

Note 1: Description Of Plan

The following description of the Stein Fibers, Ltd. Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering substantially all employees of Stein Fibers, Ltd., Royal Processing Co., Inc., United Synthetics, Inc., and Innovative Fibers, LLC (the Companies) who are at least 21 years of age and have completed one year of credited service (1,000 hours) with the Companies. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Each year, participants may contribute a percentage of annual compensation, as defined in the Plan. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct their contributions into various investment options offered by the Plan. The Companies will make non-elective safe harbor contributions to the Plan. In addition, each participating company may make a discretionary profit sharing contribution. For the years ended December 31, 2018 and 2017, the non-elective safe harbor contribution was 3% of compensation. For the years ended December 31, 2018 and 2017, the discretionary profit sharing contributions ranged between 0% and 3%.

Participant accounts - Each participant's account is credited or charged, as applicable, with all participant contributions and allocations of the Companies' contributions, transfers, plan earnings (losses), forfeitures, expenses, or other distributions made to or from such accounts during the period. Allocations are based on participant earnings or account balances, in accordance with terms of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. A portion of the assets held at year end are allocated to non-participant directed accounts resulting from prior year employer contributions (see Note 5).

Vesting - Participants are immediately vested in their voluntary contributions and any safe harbor contributions plus earnings thereon. Participants become fully vested in employer discretionary contributions over a six-year period of credited service in accordance with the provisions of the Plan.

Notes receivable from participants - Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and are made in accordance with the terms of the Plan.

Note 1: Description Of Plan (Continued)

Payment of benefits - On termination of service due to death, disability, retirement, or separation from service, a participant or their beneficiary will be entitled to receive a distribution of the participants total vested account balance. Benefits will be paid in accordance with terms of the Plan.

Plan termination - Although it has not expressed any intention to do so, the Companies have the right, under the Plan, to discontinue their contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, each participant's account will become fully vested and be distributed in accordance with the Plan Agreement.

Forfeitures - Forfeited non-vested accounts at December 31, 2018 and 2017 amounted to $1,929 and $440, respectively. Forfeitures may be used to reduce the Companies' contributions or pay plan expenses. Forfeitures used to reduce employer contributions totaled $-0- for each year. Plan expenses paid from forfeitures during the years ended December 31, 2018 and 2017 amounted to $7,323 and $22,691, respectively.

Note 2: Summary Of Significant Accounting Policies

Investment valuation - Accounting principles generally accepted in the United States of America establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available. The three levels of the fair value hierarchy in accordance with accounting principles generally accepted in the United States of America are described below:

(a) Level 1: Unadjusted quoted prices in active markets for identical, unrestricted assets, or liabilities that the Plan has the ability to access at the measurement date;

(b) Level 2: Quoted prices which are not active, quoted prices for similar assets or liabilities in active markets, or inputs other than quoted prices that are observable (either directly or indirectly) for substantially the full term of the asset or liability; and

(c) Level 3: Significant unobservable prices or inputs (including the Plan's own assumptions in determining the fair value of investments) where there is little or no market activity for the asset or liability at the measurement date.

Note 2: Summary Of Significant Accounting Policies (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Purchases and sales of securities are recorded on a trade-date basis with the gain or loss based upon the average-cost method. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes receivable from participants - Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Income taxes - The Plan is exempt from federal income tax under the Internal Revenue Code. Tax positions are evaluated and recognized in the financial statements when it is more-likely-than-not the position will be sustained upon examination by the tax authorities.

The Plan has adopted a prototype plan which has an opinion letter dated March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes that the Plan is currently designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code. Therefore, the Plan Administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The application of these accounting principles involves the exercise of judgment and use of assumptions as to future uncertainties and, as a result, actual results could differ from these estimates. The Plan periodically evaluates estimates and assumptions used in the preparation of the financial statements and makes changes on a prospective basis when adjustments are necessary.

Presentation - Certain reclassifications, when applicable, are made to the prior year financial statement presentation to correspond to the current year's format. Reclassifications, when made, have no effect on net assets available for benefits or changes in net assets available for benefits.

Note 3: Investments

The statements of net assets available for benefits, the investment activities included in the statements of changes in net assets available for benefits for the years ended December 31, 2018 and 2017, and the accompanying notes to the financial statements (other than the assignment of levels) were prepared in part or entirely from information certified by Transamerica Financial Life Insurance Company, the Custodian, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes investments and notes receivable from participants of $12,590,483 and $13,869,871 at December 31, 2018 and 2017, respectively, and related investment income (loss) of $(796,140) and $1,867,501 for the years ended December 31, 2018 and 2017, respectively.

Note 4: Fair Value Measurements

The following is a description of the valuation methodologies used for assets at fair value at December 31, 2018 and 2017:

Pooled separate accounts: Valued at the net asset value (NAV) based on the value of the underlying securities. The Pooled Separate Accounts (PSAs) investing in mutual funds or domestic equity securities are measured using quoted prices in active markets for identical assets. Those PSAs directly investing in fixed maturity securities are measured based on the pricing data provided by outside valuation service providers who in turn generally use the mean of bid and ask prices but may also use alternative observable pricing inputs for certain securities. The pooled separate accounts may be redeemed at any time.

Stable Value Fund: Valued at the NAV of units held by the Plan at the reporting date. The NAV is used as a practical expedient to estimate fair value. The Transamerica Stable Value Core Account seeks to protect against any loss of principal while providing returns in excess of money market funds and one-year treasury bills. Participant transactions may occur daily.

Other investments: Include foreign bonds and an annuity contract valued based on amounts reported by the investment managers.

Cash: Valued at a constant $1 per share.

The preceding methods may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

All assets have been valued using a market approach. There were no changes in the valuation techniques during the current year.

Stable Value Fund				1,135,534
Total Investments At Fair Value				$ 13,875,303

Note 4: Fair Value Measurements (Continued)

In accordance with accounting principles generally accepted in the United States of America, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit the reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Note 5: Nonparticipant-Directed Investments

Information about the net assets and the significant components of the changes in net assets relating to the nonparticipant-directed investments for the years ended December 31 are as follows:

	2018	2017
Net assets:		
Other investments	$ 66,028	$ 67,697
Cash	1,298	1,107
Total	$ 67,326	$ 68,804
Changes in net assets:		
Net transfer to participant-directed investment options	$ 50	$ (943)
Total investment income (loss), net of fees	(1,528)	3,076
Benefits paid to participants from outside investments	-	(3,211)
Total	$ (1,478)	$ (1,078)

Note 6: Related Party Transactions

Certain fees for administrative services may be paid by the Companies. Certain plan investments are managed by Transamerica Financial Life Insurance Company as denoted on the supplementary Schedule of Assets (Held at End of Year). Transamerica Financial Life Insurance Company is the Custodian and recordkeeper for the Plan and; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

Note 7: Concentrations Of Credit Risk

Financial instruments that potentially subject the Plan to concentrations of credit risk consist principally of cash in financial institutions. Balances are insured up to the Federal Deposit Insurance Corporation limits.

Note 8: Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9: Commitments And Contingencies

The Plan follows the guidance for uncertainty in income taxes. As of December 31, 2018, the Plan believes that it has appropriate support for the income tax positions taken and to be taken on its returns based on an assessment of many factors including experience and interpretations of tax laws applied to the facts of each matter. The Plan has concluded that there are no significant uncertain tax positions requiring disclosure, and there are no material amounts of unrecognized tax benefits.

Note 10: Subsequent Events

Subsequent events have been evaluated through July 15, 2019, which is the date the financial statements were available to be issued.
