Report on the Financial Statements

We have audited the accompanying financial statements of Worthington Industries, Inc. Deferred Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statements of changes in net assets available for benefits for the years ended December 31, 2018 and 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2018, and the changes in net assets available for benefits of the Plan for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets Held for Investment Purposes at End of Year as of December 31, 2018 and Schedule of Delinquent Participant Contributions for the year ended December 31, 2018 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTES TO FINANCIAL STATEMENTS
Worthington Industries, Inc.
Deferred Profit Sharing Plan

1. Description of Plan

The following description of the Worthington Industries, Inc. Deferred Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all non-union employees of Worthington Industries, Inc. (“Worthington”) and its subsidiaries who are participating employers under the Plan (collectively the “Company”) who meet the hour and age requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The trustee for the Plan is Fidelity Management Trust Company (the “Trustee”). Worthington is the Plan Sponsor.

The Plan is one of two plans within the Worthington Deferred Profit Sharing Plan Master Trust (the “Master Trust”). The other plan is the Worthington Industries, Inc. Retirement Savings Plan for Collectively Bargained Employees.

Eligibility:

All non-union, full-time employees of the Company age eighteen and older are eligible to participate in the Plan. These employees are eligible to participate in the employer contribution component of the Plan after six months of employment. All seasonal and part-time employees of the Company age eighteen and older who are employed for one year are eligible to participate in the Plan and in the employer contribution component of the Plan. Effective January 1, 2018, employees of New AMTROL Holdings, Inc. and its subsidiaries, which was acquired June 2, 2017, are eligible to participate in the Plan.

Contributions:

Employee deferral – Participants may make pre-tax and/or ROTH contributions up to a maximum of 90% of their annual compensation. Contributions are subject to annual addition and other limitations imposed by the Internal Revenue Code (“IRC”) as defined in the Plan document.

New participants in the Plan who have otherwise not made an enrollment designation are subject to an automatic enrollment arrangement whereby 4% of their compensation is automatically contributed to the Plan (3% of compensation for a Worthington Industries Engineered Cabs, Inc. (“Cabs”) participating employee). The automatic enrollment designation can be cancelled by the employee.

Employer contributions – The Company matches 50 cents per dollar of voluntary contributions of the first 4% of such participants’ compensation (3% of compensation for a Cabs participating employee). The Company also makes an employer contribution of 3% of compensation to eligible participants. This contribution is made each pay period. As a safe harbor plan, the Company guarantees a minimum contribution of at least 3% of

participants' eligible compensation. Cabs participating employees are not eligible for the safe harbor plan.

Effective June 1, 2017, Worthington Steelpac Systems, LLC ("Packing Solutions") became part of Cabs in connection with a corporate restructuring. Packing Solutions continued to receive matching and employer contributions for the remainder of the 2017 plan year pursuant to the Plan. Effective January 1, 2018, Packing Solutions became a Cabs participating employer.

Additional Company contributions may be contributed at the option of the Plan Sponsor and will be allocated based on the unit credit method. The unit credit method uses the employees' years of service and compensation to allocate any additional contribution.

Participant accounts – Each participant's account is credited with the participant's contributions, employer matching contributions, employer contributions, earnings and losses thereon and an allocation of the Plan's administrative expenses. Substantially all administrative fees are paid by the Plan, through allocation, both direct and indirect, to its participants.

Rollover contributions from other plans are also accepted, provided certain specified conditions are met.

Investment Options:

Participants direct their contributions among a choice of the Plan's investment options. All contributions are allocated to the designated investment options according to each participant's election, although, to the extent that a participant receiving a contribution made no allocation election, the participant's contribution is invested in the applicable Fidelity Freedom Fund, as determined by the age of the participant.

Contributions to the Worthington Industries, Inc. common stock fund are limited to not more than 25% of the total contributions made by or for a participant to the Plan. A participant will be prohibited from making investment exchanges to the Worthington Industries, Inc. common stock fund if the participant's investment in the fund equals or exceeds 25% of such person's total accounts.

Vesting:

All participants are 100% vested in all contributions and related earnings credited to their accounts.

Forfeitures:

The Amtrol, Inc. Pension Plan (the "Amtrol Plan"), which became part of the Plan effective January 1, 2018, was responsible for \$50,972 of forfeited non-vested accounts at December 31, 2018 due to prior vesting provisions in the Amtrol Plan at the time. At December 31, 2018 and 2017, forfeited non-vested accounts were \$59,757 and \$4,887, respectively. The Company used forfeitures totaling \$3,640 to offset Company contributions in 2017.

Revenue Sharing

Effective January 1, 2018, if the revenue received by the Trustee from such mutual fund service providers exceeds the amount owed under the Plan, the Trustee remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2018, this excess amount was \$87,637. The Plan may make a payment to the Trustee for administrative expenses not covered by revenue sharing.

Notes Receivable from Participants:

Loans are permitted under certain circumstances and are subject to limitations. Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loans are to be repaid over a period not to exceed 5 years, except when used for the purchase of a primary residence.

The loans are secured by the balances in the participants' accounts and bear interest at rates established by the Trustee. Principal and interest are paid ratably through payroll deductions. Loans are valued at unpaid principal plus accrued unpaid interest.

Other Plan Provisions:

Normal retirement age is 62, or when the sum of the participant's age and years of service equals 70. The Plan also provides for early payment of benefits to in-service employees, with certain restrictions, after reaching age 59-1/2.

Effective March 1, 2018, the Plan was amended regarding the disposition of dividends paid on shares of Worthington common stock attributable to the employee stock ownership plan feature. Such dividends may be: (a) paid in cash directly to participants; (b) paid to the Plan and subsequently distributed to participants in cash no later than 90 days after the close of the Plan Year in which the dividends are paid to the Plan; (c) paid to the Plan and reinvested in Worthington common stock; or (d) paid to the Plan and reinvested in accordance with participant's investment directions for contributions. If a participant fails to make an election, such dividends shall be paid to the Plan and reinvested in Worthington common stock.

Payment of Benefits:

Upon termination of service due to death, disability, retirement or other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Hardship Withdrawals:

Hardship withdrawals are permitted in accordance with Internal Revenue Service ("IRS") guidelines.

2. Summary of Significant Accounting Policies

Basis of Accounting:

The Plan's transactions are reported on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment contracts held by a defined contribution plan are required to be reported at fair value.

Investment Valuation and Income Recognition:

The Master Trust's investments in mutual funds and Worthington Industries, Inc. common stock are stated at fair value as of year-end. Fair values for mutual funds and Worthington Industries, Inc. common stock are determined by the respective quoted market prices.

The Plan holds a stable value investment contract with The Bank of New York Mellon, which is structured as a common collective trust ("the CCT"). The portfolio is an open-end commingled pool dedicated exclusively to the management of assets of defined contribution plans. The portfolio invests in underlying assets, typically fixed-income securities or bond funds and enters into "wrapper" contracts issued by third parties. The Plan is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The wrapper contract issuer agrees to pay the portfolio an amount sufficient to cover unit holder redemptions and certain other payments (such as portfolio expenses), provided all the terms of the wrapper contract have been met. Wrappers are normally purchased from issuers rated in the top three long-term ratings categories (equaling A- or above).

The primary goal of the CCT in which the Master Trust is invested is to seek current income while maintaining stability of invested principal. The CCT is invested and reinvested primarily in a diversified portfolio of fixed-income instruments which may include traditional and separate account guaranteed investment contracts ("GIC") (obligations of creditworthy life insurance companies), corporate investment contracts, synthetic GICs (high-quality debt securities including mortgage-backed, commercial mortgage-backed, asset-backed and corporate securities held by the CCT within contracts that are intended to minimize market volatility), variable rate GICs, repurchase agreements, US treasury and agency securities, and cash and cash equivalents, including certificates of deposit and money market instruments. The CCT may also invest in a collective fund or group trust (including but not limited to one maintained by The Bank of New York Mellon or its affiliate) that invests in such fixed income instruments. No investment contract in which the CCT invests will have a duration of more than six years from the date of issuance. The CCT will operate with a weighted average duration selected by The Bank of New York Mellon, in its capacity as Trustee of the fund from time to time, but such weighted average duration generally will average between 1 and 3 years. Participants may purchase or redeem units of the CCT for cash or securities based on the unit value determined as of the valuation date. Unit value is generally determined each business day of the year. All participants have a proportionate undivided interest in the net assets of the CCT.

Purchases and sales of securities are recorded on a trade-date basis using fair market value. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis.

Use of Estimates:

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Actual results could differ from those estimates.

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Plan-to-Plan Transfers:

Participants within the Plan are permitted to transfer their account to another plan provided by the Company in the event they change employers within the affiliate group. This activity is presented on a net-basis on the statements of changes in net assets available for benefits.

Effective January 1, 2018, the Plan was amended, allowing the assets of the Amtrol Plan to merge into and become part of the Plan. The assets of the Amtrol Plan with a fair value of approximately \$33,930,000 became assets of the Plan as of October 3, 2018.

Recently Issued Accounting Standards:

In February 2017, accounting guidance was issued that clarifies the presentation requirements under current U.S. GAAP for a plan's interest in a master trust and requires more detailed disclosures of this interest. The guidance is effective for fiscal years beginning after December 15, 2018 and is required to be applied retrospectively. Early adoption is permitted. The Plan has not adopted this guidance and is currently evaluating its potential impact on the Plan's ongoing financial reporting.

3. Tax Status

The Plan received a determination letter from the IRS dated April 5, 2016, stating that the Plan is qualified under Section 401(a) of the IRC, and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Sponsor believes the Plan, as amended, is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2018, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions.

4. Investments

The Plan's share of the investments held by the Master Trust was approximately 99% and 98% at December 31, 2018 and 2017, respectively. Each participating retirement plan has a specific interest in the Master Trust. Net investment income for the Plan is based upon its actual holdings of the net assets of the Master Trust.

	2018	2017
Investments of Master Trust at fair value:		
Mutual funds	\$ 513,932,634	\$ 533,549,468
Worthington Industries, Inc. common stock	37,264,413	50,186,896
Common collective trust	46,947,283	33,899,059
Total	<u>\$ 598,144,330</u>	<u>\$ 617,635,423</u>
	2018	2017
Investment income for the Master Trust:		
Interest and dividend income	\$ 30,074,520	\$ 25,470,391
Net appreciation (depreciation) in fair value of investments as determined by quoted market price:		
Mutual funds	(63,230,178)	63,274,133
Worthington Industries, Inc. common stock	(9,103,607)	(3,426,793)
Total	<u>\$ (42,259,265)</u>	<u>\$ 85,317,731</u>

At December 31, 2018 and 2017 the Master Trust held 1,069,454 and 1,138,960 common shares of Worthington, respectively. The Master Trust received cash dividends from Worthington of \$860,951 and \$862,491 for the years ended December 31, 2018 and 2017, respectively.

5. Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by the Trustee; therefore, transactions involving these funds qualify as party-in-interest transactions. In addition, the Plan has arrangements with other service providers and these arrangements also qualify as party-in-interest transactions.

The Plan offers common shares of Worthington as an investment option. As a result, Worthington qualifies as a party-in-interest.

The Company provides certain administrative and accounting services at no cost to the Plan and may pay for the cost of services incurred in the operation of the Plan.

6. Risks and Uncertainties

The Plan provides for various investment options. These investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in the near or long term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

7. Fair Value

Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. In determining fair value, the Plan utilizes certain assumptions that market participants would use in pricing the asset or liability, including assumptions about risk and/or the risks inherent in the inputs to the valuation technique. These inputs can be readily observable,

market corroborated, or generally unobservable inputs. The Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Based on the examination of the inputs used in the valuation techniques, the Plan is required to provide the following information according to the fair value hierarchy. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Financial assets and liabilities carried at fair value are classified and disclosed in one of the following three categories:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets; and
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. See the description within Footnote 2, "Summary of Significant Accounting Policies," as to the investment valuation methodology for each class of assets noted in the below table. There have been no changes in the methodologies used at December 31, 2018 and 2017.

For the years ended December 31, 2018 and 2017, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

The following table shows the assets of the Plan measured at fair value on a recurring basis, as of December 31, 2018:

Description	Total	Fair Value Measurements at Reporting Date Using:		
		Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

8. Prohibited Transactions

Contribution remittance for pay periods in March, April, June, and July 2018 was not performed in a timely manner. Management intends to correct under the appropriate methodology.

9. Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through June 28, 2019, which is the date the financial statements were available to be issued.
