Independent Auditor's Report

To the Participants and Plan Administrator of
SISLEY COSMETICS USA
401(k) PLAN

I was engaged to audit the accompanying financial statements of the SISLEY COSMETICS USA.401(k) PLAN (the "Plan") as of December 31, 2018, which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statements of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements.

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Principal Life Insurance Company , the trustee of the plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. I have been informed by the plan administrator that the trustee holds the plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2018 and 2017 and for the year ended December 31, 2018, that the information provided to the plan administrator by the trustee is complete and accurate, to the best of their knowledge.

Disclaimer of Opinion

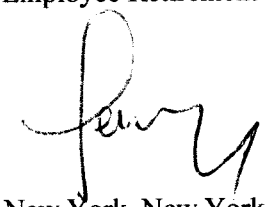

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, I do not express an opinion on these financial statements.

Other Matter

I was engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year), which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and I do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

Year Ended December 31, 2018

1. Description of Plan

The following description of the SISLEY COSMETICS USA 401(k) PLAN (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all employees of Sisley Cosmetics USA, Inc. (the "Company") who are at least 21 years of age and has worked at for at least 1000 hours. Once the eligibility requirements have been met, the employee may become a Participant in the Plan on the first business day of the month following the one-year anniversary of the date of hire. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

i. The Plan excludes employees covered by a collective bargaining agreement (e.g., union agreement) unless the agreement requires eligibility.

ii. The Plan excludes employees who are leased employees, Interns, Temporary Help.

Contributions - Participants may make elective contributions from 1% of their annual base compensation up to the maximum dollar amount allowed by the IRS, subject to statutory limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may make discretionary matching contributions. Matching contributions of up to 3% (50% of the employee's own contribution up to 6%) of the employees' compensation are available to participants who have completed at least one year of service. Contributions are invested into various investment options offered by the Plan in accordance with each participant's direction. Contributions are subject to certain limitations imposed by law.

Participant accounts - Each participant's account is credited with the participant's contributions and their actual investments earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions, including rollover contributions and the actual earnings thereon. Vesting in the Company's matching and discretionary contributions is based on years of continuous service. A participant is vested 20% after 2 years of service, 20% every year of service after and attains 100% vesting after six years of credited service.

Participant loans - The Plan provides that loans are available to all Plan participants on a nondiscriminatory basis. Plan participants may borrow from their fund accounts from a minimum loan amount of $1,000 up to a maximum of $50,000 or 50% of the vested account balance. The loans are secured by the balance in the participant's account and bear a reasonable interest rate, as defined by the Plan. All loans must be repaid within 5 years (unless it is used to purchase their primary residence) and are payable through payroll withholdings. Loans must be approved by the Plan Administrator and are subject to a set of rules established by law.

Payments of benefits - On termination of service for any reason, a participant with an account balance of $5,000 or less may elect to either roll over the distribution or receive a single lump sum payout. If the participant does not to elect to roll over their distribution, their benefits will be paid out in a single lump payment. Participants with an account balance of more than $5,000 will receive a single lump sum payment.

2. Summary of Significant Accounting Policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation included the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of benefits - Benefits are recorded when paid.

Expenses of the plan - The administrative expenses are paid by the Plan.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Forfeited accounts - At December 31, 2018, forfeited non-vested accounts total $22,070.43, which has been included in investments. This forfeiture will be used to reduce future employer contributions.

3. Certified Financial Information

The plan administrator elected the method of compliance permitted by 29 CFR 2520.103-5 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, Principal Life Insurance Company, the trustee of the plan, has certified, to the best of their knowledge, as to the completeness and accuracy of the investments of $11,369,112 and $10,445,076 as of December 31, 2018 and 2017, respectively. Investment income for the year ended December 31, 2018 was also certified by Principal Life Insurance Company.

4. Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, "Fair Value Measurements and Disclosures", provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from and corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the plan at year end, which are based on the fair market value of the underlying securities or investments in the funds. **2018 SEC Liquidity Regulations** adds new rule in mutual fund liquidity to the Investment Company Act of 1940, Rule 22e-4 requires registered funds to develop a written liquidity risk management program. Part of this program requires that funds ensure they do not invest more than 15% of their net assets in illiquid investments. Other changes and modifications affect the filings and swing pricing procedures of a fund. These changes are outlined in amendments to Rule 22c-1 and amendments to Regulation S-X. Therefore, Mutual Funds are being classified as Level 1 assets.

Money Market funds: Valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by the level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2018:

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provision set forth by ERISA

6. Tax Status

The Company adopted a Non-Standardized Plan, which has received an opinion letter from the Internal Revenue Service dated September 24, 2001, indicating that the prototype plan document was in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has not filed for an individual

determination letter. The Plan's administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. Party-in-Interest Transactions

Party-in-Interest transactions include notes receivables from participants. Such transactions, while considered party-in-interest transactions under ERISA, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions.

Fees paid by the Plan to Principal Life Insurance Company for the year ended December 31, 2018 were approximately $25,593
