Note 1 - Description of the Plan and Significant Accounting Policies

The following description of Sterling-Rice Group, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Sterling Rice Group, Inc. (the "Company") who are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The board of directors of Sterling Rice Group, Inc. administers the Plan. Charles Schwab Bank (Charles Schwab) serves as trustee, custodian, and manages plan assets. The Newport Group (NG) maintains the Plan's records. Charles Schwab offers plan participants a variety of investment options. Individual accounts are invested in the various investment options at the direction of the participants.

Contributions

Participants may make before-tax or after-tax Roth contributions from 1 to 100 percent of their annual eligible compensation, not to exceed limits established by the IRS, which are adjusted annually by the Secretary of the Treasury for inflation. The maximum percentage may be reduced by the plan administrator in certain circumstances. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan. Employee contributions to the plan are made through payroll deductions.

The Company may make annual discretionary contributions. To the extent a profit-sharing contribution is made, a participant's profit-sharing contribution is computed based on his or her percentage of eligible compensation to that of all participants' eligible compensation sharing in such contribution. During the year ended December 31, 2018, all participants received a profit-sharing contribution equal to 3 percent of their eligible compensation.

Participants' Accounts

Each participant's account is credited or charged with the participant's contributions and an allocation of the Company's contribution, plan earnings or losses, and plan expenses. Allocations are based on plan earnings or losses and account balances, as defined. The benefit to which a participant is entitled is the vested portion of the participant's account.

Vesting

Participants are 100 percent vested in their voluntary salary deferral contributions, profit-sharing contributions, rollover contributions, and allocated earnings or losses thereon.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The term of the loan is generally five years, with a longer repayment term allowed if the loan is used in conjunction with the purchase of a primary residence. Loans bear interest at a rate commensurate with local prevailing rates at origination, as determined by the plan administrator. For loans outstanding as of December 31, 2018, interest rates range from 4.25 to 6.00 percent, with maturity dates from February 2020 to April 2044. Principal and interest are paid ratably through payroll deductions. Participant notes receivable are recorded in the financial statements at amortized cost plus accrued interest and are collateralized by the vested balance in the participant's account.

December 31, 2018 and 2017

Note 1 - Description of the Plan and Significant Accounting Policies (Continued)

Payment of Benefits

On termination of service, death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested balance in his or her account or a partial withdrawal. The only installment annuity allowed by the Plan is a required minimum distribution. Participants are allowed in-service distributions after attaining the age of 59½. Accounts with balances less than \$1,000 may be immediately distributed upon a distribution event. Benefits are recorded when paid.

The plan administrator must approve any such hardship withdrawals. Participants who are granted a hardship withdrawal are allowed only one hardship distribution per year and are not permitted to make contributions for the six months following such a withdrawal. The IRS has required minimum distributions once a participant reaches age 70½ during the previous plan year and is no longer employed by the Company.

Related Party and Party-in-interest Transactions

Certain plan assets are in an investment fund managed by Charles Schwab. Charles Schwab is the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Note 2 - Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks, Uncertainties, and Concentrations

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Additionally, some investments are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments.

During the years ended December 31, 2018 and 2017, three investments accounted for 33 percent of total investments at fair value.

Valuation of Investments and Income Recognition

Investments held by the Plan are stated at fair value as reported to the Plan by Charles Schwab. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

December 31, 2018 and 2017

Note 2 - Summary of Significant Accounting Policies (Continued)

The net realized and unrealized investment gains or losses (net appreciation or depreciation in fair value of investments) are reflected in the accompanying statement of changes in net assets available for benefits and are determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Subsequent Events

The plan administrator has evaluated all subsequent events through July 19, 2019, which is the date these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

Note 3 - Assets Certified by the Custodian

Charles Schwab holds the Plan's assets and executes investment transactions. Charles Schwab has certified in writing to the plan administrator that the stated amounts for investments at fair value and participant notes receivable at amortized cost as of December 31, 2018 and 2017 and the income earned or losses incurred on the investments and participant notes receivable for the year ended December 31, 2018, as reflected in the accompanying financial statements and supplemental schedule, are complete and accurate.

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by the custodian, except for comparing the information contained therein to information included in the financial statements and the supplemental schedule of assets held at end of year.

Note 4 - Fair Value Accounting

Fair value accounting established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2

Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Notes to Financial Statements

December 31, 2018 and 2017

Note 4 - Fair Value Accounting (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets that are measured at fair value on a recurring basis:

December 31, 2018				
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 284,246	\$ -	\$ -	\$ 284,246
Mutual funds	16,322,669	-	-	16,322,669
Total	<u>\$ 16,606,915</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 16,606,915</u>

December 31, 2017				
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 243,669	\$ -	\$ -	\$ 243,669
Mutual funds	16,485,504	-	-	16,485,504
Total	<u>\$ 16,729,173</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 16,729,173</u>

The valuation technique used to measure fair value of the mutual funds and money market fund is quoted market prices.

There were no changes to the valuation techniques used during the years ended December 31, 2018 and 2017.

Note 5 - Income Taxes

The Plan did not obtain a plan-specific determination letter, as it operates with Newport Group's opinion letter, which was issued on the basic plan document. The plan administrator believes that the Plan continues to be operated and administrated in compliance with the applicable requirements of the Internal Revenue Code.

Generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Administration of the Plan

The Company provides, at no cost to the Plan, certain administrative, accounting, and legal services to the Plan and also pays the cost of certain outside services for the Plan.
