Central Employees' Savings and Profit Participation Plan

Notes to Financial Statements

December 31, 2018 and 2017

Note 1 - Plan Description

The following description of Central Employees' Savings and Profit Participation Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Central Mutual Insurance Company (the "Company") who are age 18 or older and meet other eligibility requirements, as defined in the plan document. The Plan is administered by the Central Employees' Savings and Profit Participation Plan Administrative Committee (the "Plan Administrator"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan provides for employee salary deferral contributions up to a maximum of 15 percent of the participant's annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. Contributions may be before tax, after tax, or Roth. Participants age 50 or older may elect to contribute additional amounts to the Plan up to a maximum that is set by law and to designate catch-up contributions as a Roth 401(k) contribution or as a regular catch-up contribution. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Company matches 20 percent of participant contributions on the first 5 percent of compensation deferred. Participants' catch-up contributions are not matched.

The Company may make a profit-sharing contribution in addition to the matching contribution. The profit-sharing contribution is based on a percentage of the Company's consolidated net income after dividends to the policyholders but before federal income taxes, as defined by the Plan, and is recognized in the year of service. The profit-sharing contribution is approved by the Company's board of directors. Profit-sharing contributions of \$4,337,301 were remitted to the Plan subsequent to December 31, 2018 related to the 2018 plan year. Profit-sharing contributions of \$2,611,564 were remitted to the Plan during 2018 related to the 2017 plan year.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting

Participants' contributions, the employer match contribution, and the employer discretionary contributions and related earnings are fully vested at all times and are not subject to forfeiture for any reason.

Central Employees' Savings and Profit Participation Plan

Notes to Financial Statements

December 31, 2018 and 2017

Note 1 - Plan Description (Continued)

Benefit Payments

On termination of service due to death, disability, or retirement, a participant with a vested account balance exceeding \$5,000 may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or various installment annuities for up to 10 years, subject to the provisions of the Plan. Separated participants with vested account balances exceeding \$5,000 may delay timing of the distribution, subject to provisions of the Plan. Separated participants with vested account balances not exceeding \$5,000 can elect to receive a lump-sum distribution as soon as administratively feasible. Separated participants with vested account balances not exceeding \$1,000 who have not made an election within 60 days will receive lump-sum distributions as soon as administratively feasible. Separated participants with vested account balances over \$1,000 but not exceeding \$5,000 who have not made an election within 60 days to have their mandatory distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly will have their account value rolled into a Vanguard Federal Money Market Individual Retirement Account (IRA). For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

The Plan also provides for certain other withdrawals. After two full years of participation, a participant may make withdrawals from the after-tax portion of his or her account, subject to certain limitations, as defined in the plan document. Company contributions made prior to December 31, 1995 are available for in-service withdrawal. Company contributions made subsequent to December 31, 1995 are not available for in-service withdrawal.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of 50 percent of their account balances, not to exceed \$50,000, reduced by the highest outstanding note receivable balance during the 12 months prior to the effective date of the note receivable. Notes receivable are collateralized by the participant's account balance and bear interest at the rate published in *The Wall Street Journal* as of the first business day of each quarter plus 1 percent. Principal and interest are paid ratably through semimonthly payroll deductions.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Vanguard Fiduciary Trust Company or its affiliates. Vanguard Fiduciary Trust Company is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

The Plan's investments are stated at fair value, based on quoted market values.

See Note 4 for additional information.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

December 31, 2018 and 2017

Note 2 - Summary of Significant Accounting Policies (Continued)

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including June 21, 2019, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

Vanguard Fiduciary Trust Company (the "Trustee") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Trustee.

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2018 and 2017.

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Central Employees' Savings and Profit Participation Plan

Notes to Financial Statements

December 31, 2018 and 2017

Note 4 - Fair Value Measurements (Continued)

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

		<u>Assets Measured at Fair Value on a Recurring Basis at December 31, 2018</u>	
		<u>Investments (at Fair Value)</u>	<u>Level 1</u>
Mutual funds	\$	140,926,534	\$ 140,926,534
		<u>Assets Measured at Fair Value on a Recurring Basis at December 31, 2017</u>	
		<u>Investments (at Fair Value)</u>	<u>Level 1</u>
Mutual funds	\$	150,452,348	\$ 150,452,348

There were no unfunded commitments or redemption restrictions on the investments described above.

Note 5 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 6 - Subsequent Events

On January 1, 2019, the Company issued an amendment to allow for hardship withdrawals. To be eligible for hardship withdrawals, the participant must utilize all resources available in the form of other distributions or participant notes. Once all resources are utilized, a participant may receive a hardship withdrawal if used for the following: payment of medical expenses, purchase of a principal residence, payment of tuition and related educational fees, payment to prevent eviction from the participant's principal residence, payment of funeral expenses, or payment for repairs to the participant's primary residence.

Central Employees' Savings and Profit Participation Plan

Notes to Financial Statements

December 31, 2018 and 2017

Note 1 - Plan Description

The following description of Central Employees' Savings and Profit Participation Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Central Mutual Insurance Company (the "Company") who are age 18 or older and meet other eligibility requirements, as defined in the plan document. The Plan is administered by the Central Employees' Savings and Profit Participation Plan Administrative Committee (the "Plan Administrator"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan provides for employee salary deferral contributions up to a maximum of 15 percent of the participant's annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. Contributions may be before tax, after tax, or Roth. Participants age 50 or older may elect to contribute additional amounts to the Plan up to a maximum that is set by law and to designate catch-up contributions as a Roth 401(k) contribution or as a regular catch-up contribution. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Company matches 20 percent of participant contributions on the first 5 percent of compensation deferred. Participants' catch-up contributions are not matched.

The Company may make a profit-sharing contribution in addition to the matching contribution. The profit-sharing contribution is based on a percentage of the Company's consolidated net income after dividends to the policyholders but before federal income taxes, as defined by the Plan, and is recognized in the year of service. The profit-sharing contribution is approved by the Company's board of directors. Profit-sharing contributions of \$4,337,301 were remitted to the Plan subsequent to December 31, 2018 related to the 2018 plan year. Profit-sharing contributions of \$2,611,564 were remitted to the Plan during 2018 related to the 2017 plan year.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting

Participants' contributions, the employer match contribution, and the employer discretionary contributions and related earnings are fully vested at all times and are not subject to forfeiture for any reason.

December 31, 2018 and 2017

Note 1 - Plan Description (Continued)

Benefit Payments

On termination of service due to death, disability, or retirement, a participant with a vested account balance exceeding \$5,000 may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or various installment annuities for up to 10 years, subject to the provisions of the Plan. Separated participants with vested account balances exceeding \$5,000 may delay timing of the distribution, subject to provisions of the Plan. Separated participants with vested account balances not exceeding \$5,000 can elect to receive a lump-sum distribution as soon as administratively feasible. Separated participants with vested account balances not exceeding \$1,000 who have not made an election within 60 days will receive lump-sum distributions as soon as administratively feasible. Separated participants with vested account balances over \$1,000 but not exceeding \$5,000 who have not made an election within 60 days to have their mandatory distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly will have their account value rolled into a Vanguard Federal Money Market Individual Retirement Account (IRA). For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

The Plan also provides for certain other withdrawals. After two full years of participation, a participant may make withdrawals from the after-tax portion of his or her account, subject to certain limitations, as defined in the plan document. Company contributions made prior to December 31, 1995 are available for in-service withdrawal. Company contributions made subsequent to December 31, 1995 are not available for in-service withdrawal.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of 50 percent of their account balances, not to exceed \$50,000, reduced by the highest outstanding note receivable balance during the 12 months prior to the effective date of the note receivable. Notes receivable are collateralized by the participant's account balance and bear interest at the rate published in *The Wall Street Journal* as of the first business day of each quarter plus 1 percent. Principal and interest are paid ratably through semimonthly payroll deductions.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Vanguard Fiduciary Trust Company or its affiliates. Vanguard Fiduciary Trust Company is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

The Plan's investments are stated at fair value, based on quoted market values.

See Note 4 for additional information.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

December 31, 2018 and 2017

Note 2 - Summary of Significant Accounting Policies (Continued)

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including June 21, 2019, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

Vanguard Fiduciary Trust Company (the "Trustee") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Trustee.

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2018 and 2017.

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Central Employees' Savings and Profit Participation Plan

Notes to Financial Statements

December 31, 2018 and 2017

Note 4 - Fair Value Measurements (Continued)

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

		Assets Measured at Fair Value on a Recurring Basis at December 31, 2018	
		Investments (at Fair Value)	Level 1
Mutual funds	\$	140,926,534	\$ 140,926,534
		Assets Measured at Fair Value on a Recurring Basis at December 31, 2017	
		Investments (at Fair Value)	Level 1
Mutual funds	\$	150,452,348	\$ 150,452,348

There were no unfunded commitments or redemption restrictions on the investments described above.

Note 5 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 6 - Subsequent Events

On January 1, 2019, the Company issued an amendment to allow for hardship withdrawals. To be eligible for hardship withdrawals, the participant must utilize all resources available in the form of other distributions or participant notes. Once all resources are utilized, a participant may receive a hardship withdrawal if used for the following: payment of medical expenses, purchase of a principal residence, payment of tuition and related educational fees, payment to prevent eviction from the participant's principal residence, payment of funeral expenses, or payment for repairs to the participant's primary residence.

Central Employees' Savings and Profit Participation Plan

Notes to Financial Statements

December 31, 2018 and 2017

Note 1 - Plan Description

The following description of Central Employees' Savings and Profit Participation Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Central Mutual Insurance Company (the "Company") who are age 18 or older and meet other eligibility requirements, as defined in the plan document. The Plan is administered by the Central Employees' Savings and Profit Participation Plan Administrative Committee (the "Plan Administrator"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan provides for employee salary deferral contributions up to a maximum of 15 percent of the participant's annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. Contributions may be before tax, after tax, or Roth. Participants age 50 or older may elect to contribute additional amounts to the Plan up to a maximum that is set by law and to designate catch-up contributions as a Roth 401(k) contribution or as a regular catch-up contribution. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Company matches 20 percent of participant contributions on the first 5 percent of compensation deferred. Participants' catch-up contributions are not matched.

The Company may make a profit-sharing contribution in addition to the matching contribution. The profit-sharing contribution is based on a percentage of the Company's consolidated net income after dividends to the policyholders but before federal income taxes, as defined by the Plan, and is recognized in the year of service. The profit-sharing contribution is approved by the Company's board of directors. Profit-sharing contributions of \$4,337,301 were remitted to the Plan subsequent to December 31, 2018 related to the 2018 plan year. Profit-sharing contributions of \$2,611,564 were remitted to the Plan during 2018 related to the 2017 plan year.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting

Participants' contributions, the employer match contribution, and the employer discretionary contributions and related earnings are fully vested at all times and are not subject to forfeiture for any reason.

Notes to Financial Statements

December 31, 2018 and 2017

Note 1 - Plan Description (Continued)

Benefit Payments

On termination of service due to death, disability, or retirement, a participant with a vested account balance exceeding \$5,000 may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or various installment annuities for up to 10 years, subject to the provisions of the Plan. Separated participants with vested account balances exceeding \$5,000 may delay timing of the distribution, subject to provisions of the Plan. Separated participants with vested account balances not exceeding \$5,000 can elect to receive a lump-sum distribution as soon as administratively feasible. Separated participants with vested account balances not exceeding \$1,000 who have not made an election within 60 days will receive lump-sum distributions as soon as administratively feasible. Separated participants with vested account balances over \$1,000 but not exceeding \$5,000 who have not made an election within 60 days to have their mandatory distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly will have their account value rolled into a Vanguard Federal Money Market Individual Retirement Account (IRA). For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

The Plan also provides for certain other withdrawals. After two full years of participation, a participant may make withdrawals from the after-tax portion of his or her account, subject to certain limitations, as defined in the plan document. Company contributions made prior to December 31, 1995 are available for in-service withdrawal. Company contributions made subsequent to December 31, 1995 are not available for in-service withdrawal.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of 50 percent of their account balances, not to exceed \$50,000, reduced by the highest outstanding note receivable balance during the 12 months prior to the effective date of the note receivable. Notes receivable are collateralized by the participant's account balance and bear interest at the rate published in *The Wall Street Journal* as of the first business day of each quarter plus 1 percent. Principal and interest are paid ratably through semimonthly payroll deductions.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Vanguard Fiduciary Trust Company or its affiliates. Vanguard Fiduciary Trust Company is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including June 21, 2019, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

Vanguard Fiduciary Trust Company (the "Trustee") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Trustee.

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2018 and 2017.

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Note 4 - Fair Value Measurements (Continued)

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

There were no unfunded commitments or redemption restrictions on the investments described above.

Note 5 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 6 - Subsequent Events

On January 1, 2019, the Company issued an amendment to allow for hardship withdrawals. To be eligible for hardship withdrawals, the participant must utilize all resources available in the form of other distributions or participant notes. Once all resources are utilized, a participant may receive a hardship withdrawal if used for the following: payment of medical expenses, purchase of a principal residence, payment of tuition and related educational fees, payment to prevent eviction from the participant's principal residence, payment of funeral expenses, or payment for repairs to the participant's primary residence.
