Report on the Financial Statements

We were engaged to audit the accompanying financial statements of INDUS Corporation 401(k) Savings Plan, which comprise the statements of net assets in liquidation available for benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets in liquidation available for benefits for the year then ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Massachusetts Mutual Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee, as of and for the years ended December 31, 2016 and 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held for investment purposes as of December 31, 2016 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Emphasis of a Matter

As discussed in Note E to the financial statements, the plan trustees terminated the Plan. In accordance with accounting principles generally accepted in the United States of America, the Plan changed its basis of accounting from the ongoing plan basis to the liquidation basis of accounting. Our opinion is not modified with respect to this matter.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

INDUS Corporation 401(k) Savings Plan

NOTES TO FINANCIAL STATEMENTS for Years Ended December 31, 2016 and 2015

NOTE A - DESCRIPTION OF PLAN

The following description of INDUS Corporation (the Company) 401(k) Savings Plan (the Plan) provides only general information. Readers of these financial statements should refer to the Plan document for a more complete description of the Plan's provisions.

General

Prior to termination, the plan was a defined contribution plan covering all eligible employees, who are at least 18 years of age. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Prior to termination, the Plan allowed an automatic contribution arrangement policy. The automatic contribution feature was intended to encourage employees to participate in the Plan in order to help ensure a secure retirement. Each year, participants may elect to defer up to 100% of pre-tax compensation, not to exceed the maximum allowable amount defined by the Internal Revenue Service. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans and may make after-tax voluntary contributions. The Company at its discretion may provide a discretionary contribution to active participants. Employer contributions are invested in funds, as directed by participants. The Company made matching contributions of \$181,503 and \$310,347 for the years ended December 31, 2016 and 2015, respectively.

Participant Accounts

Each participant's account was credited with the participant's contributions and allocations of the Company's discretionary contribution, Plan earnings, losses, and Plan expenses. Allocations were based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants were immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon was based on years of continuous service. A participant was 100% vested after three years of vesting service. A year of service was defined as 1,000 hours or more worked during the Plan year. In addition, participants became 100% vested in the case of death, permanent disability or upon attaining retirement age.

Notes Receivable From Participants

Participants could borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever was less. The loans were secured by the vested balance in the participant's account and bear interest at rates, ranging from 4.25% to 6.25%, which were commensurate with local prevailing rates as determined periodically by the Plan administrator. Principal and interest were paid ratably through payroll deductions.

INDUS Corporation 401(k) Savings Plan

NOTES TO FINANCIAL STATEMENTS for Years Ended December 31, 2016 and 2015

NOTE A - DESCRIPTION OF PLAN (continued)

Payment of Benefits

On termination of service due to death, disability or retirement, a participant or beneficiary was entitled to receive a distribution of the full amount in that participant's salary reduction and rollover contributions as well as his vested interest in the Company's contribution. Unless directed by the participant, payments could not be deferred beyond the latest of the following:

- 1) Normal retirement date under the Plan or age 65, if earlier;
- 2) Termination of employment; or
- 3) Age 55 and completed 3 years of service.

Participants could elect to withdrawal from their accounts in the event of proven financial hardships.

Upon termination of service, if the vested value of a participant's account was less than \$5,000, his or her account would be distributed in a single lump-sum payment. If the vested value of a participant's account exceeds \$5,000, he or she may elect to receive either a lump-sum amount or substantially equal payments for a specified term or elect to have all distributions paid in a direct rollover to another qualified plan, or a combination of the above.

Forfeited Accounts

At December 31, 2016 and 2015, forfeited non-vested accounts totaled \$0 and \$19,903, respectively. The forfeited non-vested accounts may be first used to pay plan expenses and then used to reduce Company contributions. For plan years ended December 31, 2016 and 2015, \$19,589 and \$57,218 from forfeited non-vested accounts were used to reduce Company contributions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared using the liquidation basis of accounting. This basis of accounting conforms to accounting principles generally accepted in the United States of America.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTES TO FINANCIAL STATEMENTS for Years Ended December 31, 2016 and 2015

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

New Accounting Standard Adopted During 2016

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in this Update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosure for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this update are effective for public business entities for fiscal years beginning after December 15, 2015. For all other entities, the amendments in this update are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. The impact of adopting this Update is reflected in the financial statements.

In June 2015, the Financial Accounting Standards Board issued Accounting Standards Update 2015-10, *Technical Corrections and Improvements*, to correct differences between original guidance and the Accounting Standards Codification, clarify the guidance, correct references and make minor improvements affecting a variety of topics. The amendments in this update will generally be effective for fiscal periods beginning after December 15, 2015, except for amendments in this update where there was no transition guidance and which were immediately effective upon issuance. The impact of adopting this update was not significant to these financial statements.

Investment Valuation and Income Recognition

Until August 1, 2016, all of the Plan's invested assets were held at Massachusetts Mutual Life Insurance Company (Mass Mutual), and were invested based on participant selection of funds. Investments were reported at fair value. Fair value is the sale price that would be received to sell an asset or price paid to transfer a liability in a typical transaction between market participants at the date of measurement. Plan management establishes the Plan's valuation policies using information provided by the custodians of the investments. See Note H for discussion of fair value measurements. Investment assets, transactions, and income as presented in the financial statements and supplemental schedule were certified by the trustee to be complete and accurate.

Purchases and sales of securities were recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's realized and unrealized gains and losses on investments bought and sold, as well as held, during the year.

Plan Expenses

Certain expenses of maintaining the Plan were paid directly by the Company and were excluded from these financial statements. Fees related to the administration of notes receivable from participants were charged directly to the participant's account and were included in administrative expenses. Investment related expenses were included in the net appreciation of fair value of investments.

Payment of Benefits

Benefits were recorded when paid.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Reclassification

Certain reclassifications have been made to the 2015 financial statement presentation to correspond to the current year's liquidation basis of accounting format. Total net assets and changes in net assets are unchanged due to these reclassifications.

NOTE C - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified to as complete and accurate by the trustee. Investments certified by trustee totaled \$0 and \$23,966,142 as of December 31, 2016 and 2015, respectively. Investment income totaled \$1,419,313 for the year ended December 31, 2016.

NOTE D - RELATED PARTY TRANSACTIONS

Mass Mutual was the custodian of the Plan; therefore, transactions with the trustee qualify as party-in-interest transactions. Fees paid by the Plan to the custodian total \$1,215 and \$2,105 for the years ended December 31, 2016 and 2015, respectively. The Sponsor also paid certain administrative expenses for the plan.

NOTE E - PLAN TERMINATION

The Plan Sponsor sold the company on March 11, 2016. The company terminated the plan; all plan assets were liquidated from the plan by August 1, 2016.

INDUS Corporation 401(k) Savings Plan

NOTES TO FINANCIAL STATEMENTS for Years Ended December 31, 2016 and 2015

NOTE F - TAX STATUS

Effective September 1, 2010, the Plan adopted a prototype plan sponsored by Mass Mutual. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

The Plan adopted the provisions of Standards of Financial Accounting Standard ASC Topic 740, *Income Taxes* (ASC 740). ASC 740 prescribes a comprehensive model for recognizing, measuring, presenting, and disclosing in the financial statements tax positions taken or expected to be taken on a tax return, including positions that the Plan took since issuance of ASC 740. The adoption of ASC 740 resulted in no changes to the Plan's beginning balances and net assets available for benefits.

With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. Federal, state, or local tax authorities for years before 2013.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets in liquidation available for benefits.

NOTE H - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

INDUS Corporation 401(k) Savings Plan

NOTES TO FINANCIAL STATEMENTS for Years Ended December 31, 2016 and 2015

NOTE H - FAIR VALUE MEASUREMENTS (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual Funds

These funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are generally open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The plan did not hold any assets as of December 31, 2016 due to the termination of the plan as described in Note E.

The Group annuity contract with an insurance company is not actively traded and significant other observable inputs are not available. Thus, the fair value of the group annuity contracts are determined by discounting the related cash flows based on current yields of similar instruments with comparable durations.

The following table is set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015.

	<u>Fair Value</u>	<u>Quoted Prices in Active Markets for Identical Assets (Level 1)</u>	<u>Significant Other Observable Inputs (Level 2)</u>	<u>Significant Unobservable Inputs (Level 3)</u>
Total mutual funds	<u>\$ 20,689,730</u>	<u>\$ 20,689,730</u>	<u>\$ 0</u>	<u>\$ 0</u>
Investments at fair value	<u>\$ 20,689,730</u>	<u>\$ 20,689,730</u>	<u>\$ 0</u>	<u>\$ 0</u>

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2016, there were no significant transfers between Levels 1 and 2 or 3.

NOTES TO FINANCIAL STATEMENTS for Years Ended December 31, 2016 and 2015

NOTE I - GROUP ANNUITY CONTRACT

The Plan entered a Group Annuity Contract (GAC) with Mass Mutual, which provides for the Separate Account Group annuity contract (SAGIC) investment option. The SAGIC is a market value separate account investment option with a general investment account guarantee that provides a stated rate of return and insulates participants' accounts from daily fluctuations in the market. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. The group annuity contract is presented on the face of the statements of net assets available for benefits at contract value, as reported to the Plan by the SAGIC. Contract value, as reported to the Plan by Mass Mutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the group annuity contract at December 31, 2016 and 2015 was \$0 and \$3,034,495, respectively. The crediting interest rate is based on a formula agreed upon the issuer, but it may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events, which would limit the plan's ability to transact at contract value with participants, are probable of occurring.

The group annuity contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

2015

Average yields:

Based on actual earnings	3.35%
Based on interest rate credited to participants	3.35%

Average yields were not available for 2016 due to the fact that Mass Mutual does not calculate the yields for plans that were terminated in mid-year.

NOTE J - SUBSEQUENT EVENTS

The Plan adopted Statement of Financial Accounting Standard ASC Topic 855, *Subsequent Events* (ASC 855). ASC 855 establishes general standard of accounting for disclosures of events that occur after the balance sheet date but before the financial statements are issued or are available to be issued.

The Plan has evaluated subsequent events through July 3, 2019, the date the financial statements were available to be issued.
