Independent Auditor's Report

Plan Administrator
Stanton Enterprise, Inc. 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Stanton Enterprise, Inc. 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits in liquidation as of February 4, 2014, and the related statement of changes in net assets available for benefits in liquidation for the period then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the 2014 Financial Statements

Our responsibility is to express an opinion on the 2014 financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion on the 2014 Financial Statements paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion on the 2014 Financial Statements

As permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Massachusetts Mutual Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of and for the period ended February 4, 2014, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion on the 2014 Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion on the 2014 Financial Statements paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2014 financial statements. Accordingly, we do not express an opinion on the 2014 financial statements.

Plan Administrator
Stanton Enterprise, Inc. 401(k) Plan

Emphasis of Matter

As discussed in Note 1 to the financial statements, the Plan Sponsor elected on September 30, 2013, to terminate the Plan and merge the assets of the Plan with the ROA 401(k) Plan, a multiple employer plan, which occurred on February 4, 2014. As a result, the Plan has used the liquidation basis of accounting for presenting the financial statements. The liquidation basis of accounting did not have a significant impact on the Plan's financial statements.

Other Matter – Report on 2013 Financial Statement

The statement of net assets available for benefits in liquidation of the Plan as of December 31, 2013, was audited by predecessor auditors. As permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Massachusetts Mutual Life Insurance Company, the custodian of the Plan. Their report, dated October 15, 2014, indicated that (a) because of the significance of the information they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the 2013 financial statement and (b) the form and content of the information included in the 2013 financial statement other than that derived from the information certified by the custodian, was presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2014 financial statements, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

February 4, 2014

1. Description of the Plan

The following description of the Stanton Enterprise, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan available to eligible employees of Stanton Enterprise, Inc., Stanton Enterprises II and Lovin It Inc. (collectively, the “Plan Sponsor”). Participation in the Plan is strictly voluntary, and employees can elect to participate quarterly after attaining age 21 and completing one year of eligible service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan Sponsor is responsible for the administration of the Plan and has entrusted the maintenance of records and the day-to-day administration to Massachusetts Mutual Life Insurance Company (“Mass Mutual”), the custodian of the Plan.

Management approved the termination of the plan effective September 30, 2013, and the assets of the Plan were merged with the ROA 401(k) Plan, a multiple employer plan, on February 4, 2014.

Contributions

Participating employees may defer 401(k) contributions up to the maximum allowed by law, as defined in the Plan. In addition, participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants can change the investment options previously elected at any time.

The Plan Sponsor will make safe harbor matching contributions equal to 100% of the employee’s contributions up to 4% of the employee’s compensation. Participants are eligible to begin receiving matching contributions at the same time they are eligible for participation in the Plan. The Plan sponsor may also make discretionary matching and profit sharing contributions to the Plan. During the period ended February 4, 2014, the Plan sponsor did not make any discretionary contributions to the Plan.

Contributions are subject to certain Internal Revenue Service (“IRS”) limitations. Receivables from the Plan Sponsor for contributions are unsecured.

Stanton Enterprise, Inc. 401(k) Plan
Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Plan Sponsor's safe harbor matching, discretionary matching, discretionary profit sharing and Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, Plan Sponsor safe harbor matching, discretionary matching and discretionary profit sharing contributions plus actual earnings on these contributions.

Payment of Benefits

If the participant's vested benefit in the Plan does not exceed \$5,000 at the time of termination of employment, the participant's benefit may be distributed in a single lump-sum payment as soon as administratively feasible. If the participant's vested benefit in the Plan exceeds \$5,000 at the time of termination of employment, the participant may elect to either maintain their account in the Plan, receive a lump-sum distribution or rollover their account balance into another individual retirement account. Participants may also withdraw their vested account balances at any time on or after the age of 59½, or upon retirement, death or disability.

2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the liquidation basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures and changes therein. Accordingly, actual results could differ from those estimates.

Stanton Enterprise, Inc. 401(k) Plan
Notes to Financial Statements (continued)

2. Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan sponsor's management determines the Plan's valuation policies utilizing information provided by Mass Mutual. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Benefits Paid to Participants

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan sponsor. Expenses paid by the Plan sponsor are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through April 2, 2019, the date the financials were available to be issued.

3. Certified Information (Unaudited)

Mass Mutual, the custodian, holds the Plan's investment assets and executes transactions therein. Financial information relating to those investment assets is included in the accompanying financial statements based on information supplied to the Plan administrator and certified as complete and accurate by Mass Mutual. That information, which has not been audited by independent auditors, is summarized below.

The value of investments was \$832,427 as of December 31, 2013.

Net depreciation in investments totaled \$18,954 in 2014.

Amounts transferred to the ROA 401(k) Plan, a multiple employer plan, on February 4, 2014, totaled \$799,898.

Stanton Enterprise, Inc. 401(k) Plan
Notes to Financial Statements (continued)

3. Certified Information (Unaudited) (continued)

The following investments represented 5% or more of the Plan's net assets as of December 31, 2013:

Alliance Bernstein 2020 Strategy	\$268,682
Alliance Bernstein 2040 Strategy	253,702
Alliance Bernstein 2030 Strategy	244,685
Alliance Bernstein 2010 Strategy	61,420

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access.
- Level 2 Inputs to the methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value, which have not changed:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stanton Enterprise, Inc. 401(k) Plan
Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following table sets forth by level, within the fair value hierarchy, the Plan's investments as of December 31, 2013:

	Level 1	Level 2	Level 3	Total
Mutual Funds	\$832,427	\$ –	\$ –	\$832,427

5. Related Party Transactions and Party-in-Interest Transactions

Plan investments are in accounts of Mass Mutual and therefore, these transactions qualify as party-in-interest transactions. Related party transactions include contributions from the Plan Sponsor.

6. Income Tax Status

The Plan adopted a volume submitter plan which had received an advisory letter dated March 31, 2008, from the IRS which stated the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Although the plan has been amended since receiving the advisory letter, the Plan administrator and the Plan's tax counsel believe the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

7. Risks and Uncertainties

The Plan invests in various investment securities which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and amounts reported in the statements of net assets available for benefits.
