Report on the Financial Statements

We have audited the accompanying financial statements of Advisor 401(k) Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2018 and 2017, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2018 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

ADVISOR 401(k) RETIREMENT PLAN

Notes to Financial Statements December 31, 2018 and 2017

(1) Plan Description

The following brief description of Advisor 401(k) Retirement Plan (the Plan) is provided for general informational purposes. Participants should refer to the Plan document for more complete information. The Plan, although not subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA), operates in compliance with ERISA.

The Plan is a defined contribution savings and retirement plan sponsored by Minnesota Life Insurance Company (the Company) for the benefit of its agents. Active agents who were at least 21 years old were eligible to make salary reduction contributions and receive employer matching contributions.

The Plan allows Plan participants to elect to voluntarily contribute from their compensation an amount up to the maximum allowed by law which was limited to \$18,500 and \$18,000 in 2018 and 2017. Participants are 100% vested in their voluntary contributions.

The Plan allows the Company to make a matching contribution on behalf of each eligible active Plan participant. The matching contribution will be contributed on a per pay period basis equal to 100% of the participant's voluntary contributions not to exceed 3% of the participant's compensation and 50% of the participant's voluntary contributions that exceed 3% but do not exceed 5% of the participant's compensation. Participant's compensation represents total compensation paid to the participant by the Company including contributions provided to the agent pursuant to a salary reduction agreement. Matching contributions are 100% vested and non-forfeitable at all times.

Participants may elect to make Roth Salary Savings (Roth(k)) contributions in addition to or in place of traditional 401(k) contributions. The Roth(k) contributions will be separately accounted for, as will gains and losses attributable to those Roth(k) contributions, in a Roth(k) account. Participants are 100% vested in their voluntary contributions.

Plan earnings and administrative expenses are allocated to participants' accounts based on account balances.

The Plan allows for rollover transfers to be made to the Plan by participants with the consent of the Company. These rollover transfers are lump-sum distributions from other tax-qualified plans of previous employers that participants elect to have invested in the Plan within sixty days of receipt.

Contributions are automatically deferred and/or distributed as provided by the Plan upon retirement, disability, or termination of employment of a participant. Plan participants may elect to withdraw vested amounts if the participant has attained age 60 within ten years of vesting services or has attained age 55 with fifteen years of vesting service.

Forfeitures are used to reduce employer matching contributions and management fees and other plan expenses. Forfeiture amounts used during 2018 and 2017 were \$2,351 and \$3,322, respectively. Unallocated forfeiture account balances at December 31, 2018 and 2017 were \$1,682 and \$628, respectively.

Participants may request a loan not to exceed the lesser of the participant's deferral and rollover balance and such participant's Roth salary reductions contributions or rollover accounts, 50% of the participant's vested balance or \$50,000. The minimum loan amount is \$1,000 for 2018 and 2017, respectively. All new loans (including refinances) will incur a one-time fee. Effective May 1, 2018, this fee is \$150 and was \$75 prior to this date. Interest charges on such loans are calculated monthly by averaging CD rates available at local financial institutions, which ranged from 5.31% to 6.28% in 2018 and 5.09% to 5.36% in 2017. Principal and interest are paid ratably by monthly payroll deductions or other methods of payments. Participants' loans are referred to as notes receivable from participants in the statement of net assets available for benefits.

ADVISOR 401(k) RETIREMENT PLAN

Notes to Financial Statements (Continued)

(1) Plan Description (Continued)

Although the Company has not expressed any intent to terminate the Plan or to discontinue contributions, it is free to do so at any time. If the Plan should terminate at some future time, all participants would become 100% vested in benefits earned as of the termination date. Upon settlement of any outstanding obligations and allocated forfeited amounts, the assets of the terminated Plan would be distributed to the participants or transferred to another qualified Plan.

(2) Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on an accrual basis of in accordance with U.S. generally accepted accounting principles (GAAP). GAAP requires management to make certain estimates and assumptions that affect reported amounts of net assets available for benefits and changes therein and disclosure of contingent net assets and liabilities at the date of the financial statements. Actual results could vary from those estimates.

Plan Assets

Assets of the Plan are deposited under a group annuity contract with the Company. The deposits are maintained in either the general account or in pooled separate accounts of the Company.

Deposits in the general account are non benefit-responsive and are stated at cost plus accrued interest, which represents fair value. Pooled separate account deposits are stated at the underlying fair value of the pooled separate account investments, which consist primarily of mutual funds, fixed maturity securities, equity securities and cash and cash equivalents. The estimated fair value of pooled separate accounts are based on the fair value of the underlying assets owned by the pooled separate account and are generally based on observable inputs. Purchases, transfers, and withdrawals of units of the pooled separate accounts are based on the fair value of the accounts at the date of purchase, transfer, or withdrawal. Purchases and sales of securities are recorded on a trade date basis.

Net appreciation (depreciation) of pooled separate accounts is comprised of realized gains (losses) on sales of separate account investments and changes in unrealized appreciation (depreciation) in the fair value of separate account investments based on published security prices.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as taxable distributions based upon the terms of the Plan Document. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, a taxable distribution is recorded.

Administrative Expenses

A portion of the administrative expenses of the Plan were paid by the Company.

Benefit Payments

Benefits are recorded when paid.

Notes to Financial Statements (Continued)

(2) Summary of Significant Accounting Policies (Continued)

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through July 10, 2019, the date the financial statements were available to be issued.

(3) Risks

The Plan's financial statements are based on estimates and assumptions that are subject to significant business and economic risks and uncertainties, many of which are beyond management's control or are subject to change. As such, actual results could differ from the estimates used in the Plan's financial statements and the value of the Plan's investments and net assets available for benefits could be adversely affected. The following risks and uncertainties, among others, may have such an effect:

- Economic environment and capital markets-related risks such as those related to interest rates, equity markets and credit spreads.
- Investment-related risks such as those related to valuation.
- Business and operational-related risks such as those related to cyber or other information security, fraud, and overall risk management.
- Regulatory and legal risks such as those related to changes in tax, fiscal and other legislation, the regulatory environment impact to the Plan and accounting standards.

Management actively monitors and manages risks and uncertainties through a variety of policies and procedures in an effort to mitigate or minimize the adverse impact of any exposures impacting the Plan's financial statements.

(4) Fair Value of Financial Instruments

The fair value of the Plan's financial assets and financial liabilities has been determined by the Company using available market information as of December 31, 2018 and 2017. Although the Company is not aware of any factors that would significantly affect the fair value of financial assets and financial liabilities, such amounts have not been comprehensively revalued since those dates. Therefore, estimates of fair value subsequent to the valuation dates may differ significantly from the amounts presented herein. Considerable judgment is required to interpret market data to develop the estimates of fair value. The use of different market assumptions and/or estimation methodologies may have a material effect on the estimated fair value amounts.

For reporting purposes, current value is equal to fair value.

Financial Assets and Financial Liabilities Reported at Fair Value

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (exit price) in an orderly transaction between market participants at the measurement date. In determining fair value, the Company primarily uses the market approach which utilizes prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities. To a lesser extent, the Company also uses the income approach which uses discounted cash flows to determine fair value. When applying either approach, the Company maximizes the use of observable inputs and minimizes the use of unobservable inputs. Observable inputs reflect the assumptions market participants would use in valuing a financial instrument based on market data obtained from sources independent of the Company. Unobservable inputs reflect the Company's estimates about the assumptions market participants would use in valuing financial assets and financial liabilities based on the best information available in the circumstances.

ADVISOR 401(k) RETIREMENT PLAN

Notes to Financial Statements (Continued)

(4) Fair Value of Financial Instruments (Continued)

Financial Assets and Financial Liabilities Reported at Fair Value (Continued)

The Plan is required to categorize its financial assets and financial liabilities recorded in the statements of net assets available for benefits according to a three-level hierarchy. A level is assigned to each financial asset and financial liability based on the lowest level input that is significant to the fair value measurement in its entirety. The levels of fair value hierarchy are as follows:

Level 1 – Fair value is based on unadjusted quoted prices for identical assets or liabilities in an active market.

Level 2 – Fair value is based on significant inputs, other than quoted prices included in Level 1, that are observable in active markets for identical or similar assets and liabilities. The types of assets utilizing Level 2 valuations generally include pooled separate account assets.

Level 3 – Fair value is based on at least one or more significant unobservable inputs. These inputs reflect the Company's assumptions about the inputs market participants would use in pricing the assets or liabilities. The types of assets utilizing Level 3 valuations generally include investments in the general account.

The Company uses prices and inputs that are current as of the measurement date. In periods of market disruption, the ability to observe prices and inputs may be reduced, which could cause an asset or liability to be reclassified to a lower level.

Inputs used to measure the fair value of an asset or liability may fall into different levels of the fair value hierarchy. In these situations, the Company will determine the level in which the fair value falls based upon the lowest level input that is significant to the determination of the fair value.

Refer to Note 2 for additional information on techniques used to measure fair value and any changes in those techniques during 2018.

The following table summarizes the Plan's financial assets and financial liabilities measured at fair value on a recurring basis as of December 31, 2018:

	Level 1	Level 2	Level 3	Total

Deposits in the general account are stated at cost plus accrued interest, which represents fair value. These assets principally consist of fixed maturity securities, commercial mortgage loans and equity securities and are classified as Level 3.

(4) Fair Value of Financial Instruments (Continued)

Financial Assets and Financial Liabilities Reported at Fair Value (Continued)

Transfers of securities among the levels occur at the beginning of the reporting period. There were no transfers between levels for the years ended December 31, 2018 and 2017. There were no transfers in to or out of Level 3 for the years ended December 31, 2018 and 2017.

The Plan did not have any financial liabilities that would be required to be measured at fair value.

The Plan did not have any financial assets or liabilities reported at fair value on a nonrecurring basis that are required to be disclosed.

Quantitative Information Regarding Level 3 Assets and Liabilities

The following table provides a summary of the significant unobservable inputs used in the fair value measurements developed by the Company or reasonably available to the Company of Level 3 assets:

	December 31, 2018	December 31, 2017
Level 3 instrument	Investment in general account	Investment in general account
Fair value	\$7,053,972	\$6,787,622
Valuation technique	Discounted cash flow	Discounted cash flow
Unobservable input	Crediting rate (1)	Crediting rate (1)
Range	268-332 bps	301-341 bps

- (1) The crediting rate represents average renewal market rates applied to new funds deposited as well as expected rollover rate and an average withdrawal factor.

(5) Party-In-Interest Transactions

Transactions resulting in Plan assets being transferred to or used by a party-in-interest are prohibited under ERISA unless a specific exemption applies. The Company is a party-in-interest as defined by ERISA and receives deposits under the Plan in accordance with the group annuity contract issued to the Plan Trustees. These transactions are covered by an exemption from the "prohibited transactions" provisions of ERISA and the Code.

The Company charged the Plan contract management fees and other plan expenses of \$42,271 and \$38,503 for the years ended December 31, 2018 and 2017, respectively.

(6) Federal Income Taxes

The Plan has adopted a prototype plan that has received an opinion letter from the Internal Revenue Service dated March 31, 2014 stating that the Plan is designed in compliance with the applicable sections of the Code. The Plan has been amended since receiving the opinion letter. However, the Plan sponsor and the Plan's legal counsel believe the Plan is being operated in compliance with the applicable provisions of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
