Report of Independent Auditors

To the Administrator of Dodge & Cox Profit Sharing Plan and Trust

We have audited the accompanying financial statements of Dodge & Cox Profit Sharing Plan and Trust (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2018 and 2017 and the changes in net assets available for benefits for the year ended December 31, 2018, in accordance with accounting principles generally accepted in the United States of America.

Other Matter

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2018 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures, in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

1. Description of the Plan

The following description of the Dodge & Cox Profit Sharing Plan and Trust (the "Plan") provides general information only. Readers should refer to the Plan document for more complete information.

Organization

The Plan was adopted in 1960 for the benefit of the employees of Dodge & Cox (the "Company") and operates pursuant to a written plan agreement ("Plan Agreement"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan is administered by Plan Trustees and an Administrative Committee whose members are appointed by the Board of Directors of the Company. The Plan Trustees are Dana M. Emery, William W. Strickland and Roger G. Kuo, all employees of the Company. The Administrative Committee members are Dana M. Emery, William W. Strickland, Roger G. Kuo, John M. Loll, Sarah C. Clifford and Mary E. Klabunde, all employees of the Company.

Plan Investments

At December 31, 2018, Plan investments included the following twelve mutual funds:

- Dodge & Cox Stock Fund
- Dodge & Cox Global Stock Fund
- Dodge & Cox International Stock Fund
- Dodge & Cox Balanced Fund
- Dodge & Cox Income Fund
- Dodge & Cox Global Bond Fund
- Vanguard Total Stock Market Index Fund
- Vanguard Total International Stock Index Fund
- Vanguard Balanced Index Fund
- Vanguard Total Bond Market Index Fund
- Vanguard Total International Bond Index Fund
- Vanguard Federal Money Market Fund

All Plan investments are diversified, open-end mutual funds that are registered with the United States Securities and Exchange Commission pursuant to the Investment Company Act of 1940, as amended.

Contributions

Contributions to the Plan consist of basic, employee election, and catch-up contributions. For 2018, the maximum combined basic and employee election contributions to the Plan were $55,000 per participant. The maximum catch-up contribution was $6,000 per participant.

Company contributions are discretionary. They are made to the Plan on behalf of all eligible employees up to a maximum of 25% of total annual compensation, subject to the maximum contribution of $55,000 as described above.

Company contributions are allocated at 70% to each participant's basic account and at 30% to each participant's employee election account. Company contributions to each participant's basic account are considered "employer contributions." Company contributions to each participant's employee election account may, at a participant's election, be paid out in cash to the participant in lieu of being contributed to the Plan. As such, contributions to each participant's employee election account are considered

"employee contributions" since the employee has discretion over the contribution. As further discussed in the Plan Agreement, a participant election to receive a cash payment in lieu of a contribution to the employee election account may be subject to certain limits in order to meet the requirements of Section 401(k) of the Internal Revenue Code. Combined employer basic and employee election contributions totalled $12,205,637 during 2018.

Participants who are age 50 or older may elect to make a catch-up contribution to the Plan. Catch-up contributions are allocated into an account that is separate from the basic and employee election accounts for each participant. Catch-up contributions totalled $309,500 during 2018.

Participants may elect to allocate some or all of their employee election account and/or catch-up account contributions into a Roth employee election account and/or Roth catch-up account. Contributions into the Roth accounts are made on an after-tax basis. All other contributions into the Plan are made on a pre-tax basis.

Eligibility and Vesting

All employees of the Company, with the exception of interns and hourly employees, become eligible to participate in the Plan as of the end of the first payroll period after the date that it was reasonably practicable to enroll in the Plan.

Vesting of participant balances in the basic account is based on years of continuous service. A participant's basic account is 100% vested after six years of continuous service or at the retirement age of 65, or when the participant terminates by death or by reason of total disability. Participant balances in the employee election and catch-up accounts are fully vested upon receipt by the Plan. The benefit to which a participant is entitled is equal to the value of the participant's vested account balances.

Participant Direction of Investments

Participants may direct the investment of their contributions and/or account balance upon enrollment in the Plan, and Plan earnings are allocated to participant accounts according to the investments held. If a participant does not direct contributions to a specific investment, they are allocated to the default investment, Vanguard Balanced Index Fund. Employees also have the option to make full or partial in-plan Roth conversions of vested pre-tax account balances.

Participant Distributions

Upon retirement or termination, a participant may elect to receive a lump sum distribution of vested benefits which may be eligible for rollover into an Individual Retirement Account. Alternatively, a participant's vested benefits may remain in the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

Plan investments consist only of registered investment companies (mutual funds). These mutual funds are publicly traded and are valued at the daily net asset value per share as determined by those funds.

Purchases and sales of investments in mutual funds are recorded on a trade-date basis. Mutual fund dividends and capital gain distributions are recorded on the ex-dividend date. Realized and unrealized gains and losses are reported as net appreciation/depreciation in the fair value of investments in the statement of changes in net assets available for benefits.

Fair Value Measurement

The Plan records its investments at fair value. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The three levels of the fair value hierarchy are described as follows:

Level 1 - Quoted prices in active markets for identical assets. For the Plan, this includes investments in publicly-traded mutual funds with quoted market prices.

Level 2 - Other significant observable inputs (including quoted prices for similar securities, market indices, interest rates, credit risk, etc.).

Level 3 - Significant unobservable inputs (including the Plan's own assumptions in determining the fair value of investments).

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

As of December 31, 2018 and 2017, all investments held by the Plan were Level 1.

Contributions and Forfeitures

Contributions are recorded when formally declared by the Company or, in the case of catch-up contributions, when the Plan is notified by the participant. Forfeitures of nonvested amounts are applied as a reduction of the Company's contributions to the Plan. For the year ended December 31, 2018, Company contributions were reduced by $464,587 due to forfeitures.

Administrative Expenses and Maintenance Fees

All fees and expenses related to management and administration of the Plan are paid directly by the Company and are excluded from these financial statements.

Participant Distributions

Distributions to participants are recorded when paid.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for a number of investment options in mutual funds whose investment objectives vary and whose underlying investment securities range from fixed income to equity. These investment

securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, and the level of uncertainty related to changes in the value of these investment securities, changes in fair value of these securities in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

3. Tax Status of the Plan

The Plan received a favorable determination letter on March 05, 2018 from the Internal Revenue Service as to the qualified status of the Plan. Accordingly, no provision has been made for federal or state income tax.

Plan management has reviewed the tax positions for open periods (three years from the filing of the Federal tax return) as applicable to the Plan, and has determined that no provision for income tax is required in the Plan's financial statements. Plan management believes the Plan is no longer subject to income tax examinations for years prior to 2015.

4. Termination of the Plan

The Company intends to continue the Plan indefinitely for the benefit of its employees, but reserves the right by action of its Board of Directors to discontinue its contributions to or to amend or terminate the Plan at any time and for any reason. In the event that the Plan is terminated, each participant's account becomes 100% vested and non-forfeitable. Thereupon, each participant would receive a total distribution of their participant account in accordance with the terms of the Plan Agreement.

5. Parties-in-Interest

The Charles Schwab Corporation is the Plan's third party administrator ("Administrator"). The Administrator's services are performed by two of The Charles Schwab Corporation's wholly-owned subsidiaries: administration and recordkeeping services are provided by Schwab Retirement Plan Services, Inc. and custodial and trust operations services are provided by Business Trust Division of Charles Schwab Bank.

A portion of the Plan assets are invested in Dodge & Cox Funds (consisting of Dodge & Cox Stock Fund, Dodge & Cox Global Stock Fund, Dodge & Cox International Stock Fund, Dodge & Cox Balanced Fund, Dodge & Cox Global Bond Fund and Dodge & Cox Income Fund) for which the Company acts as investment advisor, and for which the Company earns annual management fees ranging from 0.4% to 0.6% of average net assets in Dodge & Cox Funds. Therefore, these investments all qualify as party-in-interest investments.

The Company makes payments to the Administrator for the Plan's recordkeeping and trustee/custodian services. A portion of these payments may be credited back to the Plan if the Plan holds investments in certain mutual funds, such as the Dodge & Cox funds. The Administrator allocates the credited amounts, if any, to the participant subaccounts on a quarterly basis. The total amount of these reimbursements was $138,997 during 2018.

6. Subsequent Events

Plan management has determined that no material events or transactions occurred subsequent to December 31, 2018 and through June 28, 2019, the date the Plan's financial statements were available to be issued, which require adjustment to or additional disclosure in the Plan's financial statements.
