HILLENBRAND, INC. PENSION PLAN

NOTES TO FINANCIAL STATEMENTS December 31, 2018 and 2017

NOTE 1 - DESCRIPTION OF PLAN

The following description of Hillenbrand, Inc. Pension Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan was organized effective April 1, 2008, as a noncontributory defined benefit retirement plan covering all eligible employees of Hillenbrand, Inc. and certain related entities (the Employer and Plan Sponsor). The Plan is closed to non-bargained employees hired on or after June 30, 2003. Non-bargained employees hired before July 1, 2003, were offered a one-time option to freeze their pension benefit as of December 31, 2003, and to participate in the enhanced 401(k) plan. Additionally, the Plan is closed to bargaining unit employees hired on or after March 23, 2009 in Vicksburg, and on or after August 18, 2009 in Manchester. Effective December 31, 2009, the Plan also covers remaining inactive participants of the Batesville Casket Company, Inc. and Local 1460 Amalgamated Clothing and Textile Workers Union, AFL-CIO Retirement Plan. Effective as of January 1, 2010, the Plan was amended and restated to reflect changes in laws and regulations issued since the time of the last Plan restatement, including the Pension Protection Act of 2006 ("PPA"), as well as to incorporate Plan amendments made since the last restatement. The Plan is closed to bargaining unit employees hired on or after June 28, 2010 as Batesville Drivers in Batesville Indiana, and on or after May 8, 2012 as Batesville Steelworkers in Batesville Indiana. Effective August 31, 2012, the Rotex Global, LLC and the United Steel Workers of America Pension Plan and effective December 31, 2012, the Pension Plan for the Employees of Coperion Corporation were merged into the Plan for which the Plan now provides benefits to active and inactive participants who had a frozen accrued benefit relating to those plans. Effective as of January 1, 2015, the Plan was amended and restated to reflect changes in laws, regulations, and other legal guidance issued since the time of the last Plan restatement, and also to incorporate all Plan amendments adopted since the time of the most recent Plan restatement. Effective December 31, 2016, benefits are frozen for all non-bargaining non-Grandfathered participants in the Plan. Non-bargaining Grandfathered participants' benefits will be frozen as of December 31, 2019. Effective December 31, 2017, benefits are frozen for all bargaining non-Grandfathered participants in the Plan in Vicksburg and in Manchester. Bargaining Grandfathered participants in Vicksburg and Manchester benefits will be frozen as of December 31, 2020. Effective December 31, 2018, benefits are frozen for all bargaining non-Grandfathered Batesville Drivers in Batesville Indiana. Bargaining Grandfathered Batesville Drivers in Batesville Indiana benefits will be frozen as of December 31, 2021. Effective December 31, 2019, benefits are frozen for all bargaining non-Grandfathered Steelworkers in Batesville Indiana. Bargaining Grandfathered Steelworkers in Batesville Indiana benefits will be frozen as of December 31, 2022.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Pension Finance and Administrative Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance and reports to the Board of Directors of the Employer.

Contributions: Each year, the annual funding of the Plan is provided by the Employer and is based on an actuarial determination of the annual normal cost, the amortization of prior service costs and the amortization of actuarial gains and losses. This may result in Employer contributions which exceed the minimum funding requirements of ERISA. At December 31, 2018 and 2017, the Plan had met all ERISA minimum funding requirements.

Vesting: Participants are 100% vested and eligible for a benefit under the Plan after completing five years of credited service. Prior to the completion of five years of credited service, a participant is zero percent vested.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Benefits: Benefits under the Plan are based on the participant's years of credited service and average compensation for some participants or years of credited service times a flat dollar rate for other participants. Participants with five or more years of service are entitled to annual pension benefits beginning at the later of normal retirement age (65) or Social Security retirement age. The Plan permits early retirement at age 55 with five years of service with a reduced benefit. Participants may elect to receive pension benefits in the form of a life annuity, with a minimum two-year guarantee, or as a joint and survivor annuity. The Plan also provides for certain death and disability benefits and other forms of benefit payments, as more fully described in the Plan Agreement.

Plan Termination: Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the Plan's net assets generally will not be available on a pro rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the Pension Benefit Guaranty Corporation (PBGC) at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all. For further information, refer to the Plan Agreement available from the Plan Administrator.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, the actuarial present value of accumulated plan benefits and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Pension Finance and Administration Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

Expenses: Administrative expenses for maintaining the Plan may be paid by the Employer or the Plan, at the Employer's discretion.

Actuarial Present Value of Accumulated Plan Benefits: Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered.

The actuarial present value of accumulated plan benefits is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

A summary of the assumptions underlying the computation of the actuarial present value of accumulated plan benefits at January 1, 2018, is as follows:

Actuarial method:	Standard unit credit cost method
Interest rate:	3.75%
Optional payment form	
conversion interest rate:	1.93%, 3.57%, 4.36% for lump sum payments
Mortality rates:	Base healthy: Aggregate 2006 base rates from the RP-2014 mortality study; Rates projected generationally from 2006 with Scale MP-2018 Base disabled: 2006 disabled retiree base rates from the RP-2014 mortality Study; Rates projected generationally from 2006 with Scale MP-2018
Normal retirement age:	From age 55 to 65 or Social Security retirement age, with average retirement age of 64
Disability:	Probability varies depending upon age and sex from 0.03% to 1.64%
Turnover:	Probability varies depending upon age and sex from 0.00% to 25.00%
Expenses:	\$1,084,000 (excluding investment expenses)

The actuarial assumptions included changes in the Plan's interest rate and mortality assumptions and tables.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Effective December 31, 2016, the Plan Agreement was amended to freeze benefit accruals for all non-bargaining active participants, except in the case of certain "grandfathered" non-bargaining participants, whose benefit accruals shall cease and be frozen as of December 31, 2019, and certain other participants employed at the Panola location in Batesville, Mississippi, as defined in the amendment. Further, during 2017, the Plan Agreement was amended to freeze benefit accruals for all Vicksburg bargaining and Manchester factory bargaining participants as of December 31, 2017, except in the case of certain "grandfathered" Vicksburg bargaining and Manchester factory bargaining participants, whose benefit accruals shall cease and be frozen as of December 31, 2020. Further, during 2018, the Plan Agreement was amended to freeze benefit accruals for all Batesville Driver bargaining participants as of December 31, 2018, except in the case of certain "grandfathered" Batesville Driver bargaining participants, whose benefit accruals shall cease and be frozen as of December 31, 2021. The actuarial present value of accumulated plan benefits as of January 1, 2018 does not reflect the 2018 amendment.

Tax Status: The Internal Revenue Service (IRS) has determined and informed the Employer by a letter dated January 27, 2016, that the Plan and related trust are designed in accordance with applicable sections of the United States Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan is qualified and the related trust is tax-exempt.

The Puerto Rico Department of Treasury determined and informed the Employer by a letter dated March 10, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Puerto Rico Internal Revenue Code of 2011, as amended (PR Code). The Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the PR Code. Therefore, the Plan Administrator believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other taxing authorities.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in process. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2015.

Subsequent Events: The Plan Administrator has evaluated the financial statements for subsequent events occurring through July 25, 2019, the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan has categorized its assets and liabilities that are measured at fair value into a three-level fair value hierarchy. The hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observed for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement. In situations where there is little or no market activity for the asset or liability, the Plan makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

Following is a description of the valuation methodologies used by the Plan for assets that are measured at fair value on a recurring basis. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Money Market Fund Shares: Valued at the daily closing price as reported by the fund. This fund is required to publish its daily net asset value (NAV) and to transact at that price. This fund held by the Plan is deemed to be actively traded.

Collective Trust Funds: Valued at the NAV of units of each trust company collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

Following is a summary, within each level of the fair value hierarchy, of the Plan's assets that are measured at fair value on a recurring basis as of December 31, 2018 and 2017:

2018	Level 1	Total
Money market fund shares	<u>\$ 458,948</u>	<u>\$ 458,948</u>
Total Assets in the Fair Value Hierarchy	<u>\$ 458,948</u>	458,948
Investments measured at Net Asset Value ⁽¹⁾		<u>239,188,028</u>
Total Investments at Fair Value		<u>\$239,646,976</u>

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

2017	Level 1	Total
Money market fund shares	<u>\$1,084,857</u>	<u>\$ 1,084,857</u>
Total Assets in the Fair Value Hierarchy	<u>\$1,084,857</u>	1,084,857
Investments measured at Net Asset Value ⁽¹⁾		<u>267,242,332</u>
Total Investments at Fair Value		<u>\$268,327,189</u>

⁽¹⁾ In accordance with Subtopic 820-10, certain investments that are measured at net asset value (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the total investments at fair value presented in the statements of net assets available for benefits.

NOTE 4 - INVESTMENT INFORMATION CERTIFIED BY TRUSTEE

All investment information disclosed in the accompanying financial statements, related notes and supplemental schedules has not been audited, but was obtained or derived from information provided to the Plan Administrator by the Plan's trustee. The following is a summary of the Plan's investment information which has been prepared and certified as complete and accurate as of and for the years ended December 31, 2018 and 2017, by JPMorgan Chase Bank, N.A., the Trustee, in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

	2018	2017
Investments at fair value	<u>\$239,646,976</u>	<u>\$268,327,189</u>
Net appreciation (depreciation) in fair value of investments	<u>\$ (17,190,486)</u>	<u>\$ 38,696,211</u>
Interest and dividends	<u>\$ 28,479</u>	<u>\$ 7,314</u>

NOTE 5 - PLAN AMENDMENTS

During 2017, the Plan Agreement was amended to clarify the benefit accrual freeze dates for Vicksburg bargaining and Manchester factory bargaining participants discussed in Note 2.

During 2018, the Plan Agreement was further amended to clarify the benefit accrual freeze dates for Batesville Driver bargaining participants discussed in Note 2. Also, the Plan Agreement was amended to provide for various changes in claims and appeals provisions of the Plan relating to disability benefits, in order to reflect recent regulations issued by the Department of Labor.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Direct fees paid by the Plan to the Trustee for trustee services totaled \$24,000 in 2018 and \$55,050 in 2017.

Certain Plan investments are sponsored by Aon Hewitt Trust Group, an affiliate of the group operating as Aon Consulting, Inc., the Plan's actuary and pension consultant; therefore, transactions in these investments qualify as exempt party-in-interest transactions under ERISA. Direct fees paid by the Plan for actuarial and consulting services totaled \$530,797 for 2018 and \$502,632 for 2017.

In addition, the Plan invests in a money market fund sponsored by the Plan's Trustee. Transactions in this investment also qualify as exempt party-in-interest transactions under ERISA.

The Employer provides certain accounting, recordkeeping and administrative services to the Plan for which it receives no compensation.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan's investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Plan's financial statements.

NOTE 7 - RISKS AND UNCERTAINTIES (CONTINUED)

Plan contributions and the actuarial present value of accumulated plan benefits are prepared based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the Plan's financial statements.

NOTE 8 - FUNDING STATUS

The Plan was deemed to be not-at-risk by the Plan's consulting actuary for the 2018 Plan year based on a funded percentage of 107.51%. Therefore, no benefit restrictions were required.

Benefit and Compensation Limits

Projected benefits and compensation are limited by the current IRC section 415 maximum benefit of \$220,000 and the IRC section 401(a)(17) compensation limit of \$275,000.

Valuation of Plan Assets

Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value.

A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).

Expected Return on Assets

2016 Plan Year

6.00%, limited by 6.65%.

2017 Plan Year

5.40%, limited by 6.48%.

2018 Plan Year

5.55%, limited by 6.29%.

Trust Expenses Included in Target Normal Cost

\$1,084,000. Based on prior year administrative expenses (excluding investment expenses) plus estimated current year PBGC variable premium, rounded to the nearest \$1,000.

Schedule SB, Part V—Summary of Plan Provisions

Hillenbrand, Inc. Pension Plan

History of Plan

Effective January 1, 1969, the Hillenbrand Industries Basic Pension Plan, the Hillenbrand Industries Supplemental Pension Plan A, and the Hillenbrand Industries Supplemental Pension Plan B, all originally effective as of November 1, 1956, were consolidated and restated into a single plan to cover all full-time employees, not including production and maintenance employees, and over-the-highway truck drivers and sales representatives for Batesville Casket Company, Inc., and Batesville Casket Sales Company, Inc.

Effective July 1, 1974, the Hillenbrand Industries Pension Plan was superseded by the Hillenbrand Industries Pension Plan for Exempt Employees covering all full-time exempt employees except salesmen.

Effective January 1, 1977, the plan was changed to apply the pay replacement percentages to different pay ranges.

Effective June 1, 1980, the plan was amended to improve the guaranteed percentage benefit by increasing the target benefit percentage by five percentage points for each pay bracket. Also, in order to accrue benefits for service over 35 years, the guaranteed percentage benefit is multiplied by the ratio of actual service to 35.

As of January 1, 1981, that part of the Non-Exempt Employees Plan covering the nonexempt salaried employees was merged into and replaced by this plan. The resulting plan covering all salaried employees (exempt and nonexempt) of Hillenbrand Industries, Inc., is referred to as Plan 1.

An amendment effective as of June 1, 1983, provided for two benefit improvements:

- (a) Change from employee-paid to employer-paid preretirement surviving spouse benefit; and
- (b) Change the table of target benefit percentages to improve benefits for participants with under \$2,500 average monthly earnings.

Effective January 1, 1985, the plan was amended to incorporate various changes required due to legislation, including the Retirement Equity Act of 1984. Included among these changes was an extension of company-provided preretirement surviving spouses' benefit coverage to all active vested participants. However, terminated vested employees are required to pay for this coverage through a reduction in retirement benefits.

Effective January 1, 1988, the plan was amended to provide retroactive benefit accruals for employees over age 65 and to provide plan coverage to employees hired after age 60.

Effective January 1, 1989, Supplements 2–13 were merged into Supplement 1. Also effective January 1, 1989, the vesting provision was changed to five-year cliff vesting, and a \$200,000 compensation limitation (as indexed by cost-of-living) was imposed.
