INDEPENDENT AUDITOR'S REPORT

The Trustees and Participants
Dunlop Manufacturing, Inc.
401(k) Profit Sharing Plan

Report on the Financial Statements

We have audited the accompanying financial statements of Dunlop Manufacturing, Inc., 401(k) Profit Sharing Plan, which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Dunlop Manufacturing, Inc. 401(k) Profit Sharing Plan as of December 31, 2018 and 2017, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Assets Held for Investment, Assets Acquired and Disposed of Within the Year, Reportable Transactions, and Delinquent Participant Contributions, together referred to as "supplemental information", are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

DUNLOP MANUFACTURING, INC.
401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2018 AND 2017

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Dunlop Manufacturing, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all full-time eligible employees of Dunlop Manufacturing, Inc. (the Company), as defined in the Plan document and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees represented by collective bargaining agreements and leased employees are not eligible to participate in the Plan.

Employees are eligible to participate in the salary deferral provisions immediately upon hire. Employees are eligible to participate in the employer profit sharing contributions on the first day of the plan year in which they complete one year (at least 1,000 hours) of service. Employees are eligible to participate in the employer matching contributions on the date they complete one year (at least 1,000 hours) of service.

Administration: Under the terms of the Plan, a group of officers of the Company act as the trustee. The Company has contracted with a third-party administrator who processes and maintains the records of participant data and Mass Mutual to act as the custodian of the participants' self-directed salary deferral and rollover accounts.

Participant contributions: Each year, participants may contribute an amount of annual compensation, as defined by the Plan, subject to the annual maximum currently allowed under the provisions of the Internal Revenue Code. Participants can contribute pre-tax (regular) or after-tax (Roth) salary deferrals. Contributions are withheld from each participant's compensation and invested in accordance with the participant's instructions. Participants may also roll over amounts distributed from other qualified plans.

Employer contributions: The Plan provides for discretionary profit sharing and matching contributions. The Company made profit sharing contributions of $876,071 and $902,299 during the years ended December 31, 2018 and 2017, respectively. The Company made no discretionary matching contributions during the years ended December 31, 2018 and 2017.

Annually, the Plan can be amended to make a safe harbor non-elective employer contribution of not less than 3% of eligible participants' compensation. For both years 2018 and 2017, the Company contributed 3% of participants' compensation totaling $323,929 and $297,701, respectively.

Participant accounts: Each participant's account is credited with the participant's contributions, an allocation of the Company's contribution, and Plan earnings and are charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions and the Company safe harbor contributions. Discretionary Company matching and profit sharing contributions vest as follows:

NOTE A - DESCRIPTION OF THE PLAN - CONTINUED

Years of Service	Percentage Vested
Less Than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Forfeited accounts: Forfeitures of Company contributions can be used to pay Plan expenses, reduce employer contributions (match contributions only), or add to employer contributions (profit sharing contributions only). At December 31, 2018 and 2017, the Company's forfeiture account balance was -$0- and $9,652, respectively. During the years ended December 31, 2018 and 2017, $75,704 and $36,068, respectively, of forfeited Company contributions were allocated to participants' accounts as additional Company contributions.

Notes receivable from participants: A participant may borrow up to the lesser of $50,000 or 50% of the participant's vested account balance subject to the approval of the Plan administrator. The minimum loan amount is $1,000 and a participant may not have more than four loans outstanding at any time. All borrowings bear a fixed rate of interest commensurate with local prevailing rates as determined on the date of advance by the Plan administrator. Borrowings generally must be repaid within a five-year period through regular payroll deductions. Loans are segregated investments and to the extent a participant borrows, his or her account will not share in the earnings and gains in value attributable to other Plan investments. Accordingly, the interest participants pay on their loans will be directly credited to their account.

Payment of benefits: The Plan provides for the payment to the participant (or, if applicable, the beneficiary) at retirement (age 62), disability, death, or termination of employment. In-service distributions are also permitted if the participant is at least age 59 ½ and 100% vested. Participants who qualify for retirement benefits will receive their benefits in the form of a lump sum in cash. The benefit to which a participant is entitled is the benefit that can be provided directly from the participant's vested account balance. Participants who separate from service and have a vested account balance of $5,000 or less are subject to an administrative distribution at the discretion of the Plan administrator.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting: The accompanying financial statements are prepared on the accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America. Employee contributions are recorded in the year in which the Company makes payroll deductions from participant earnings. Benefit payments and expenses are recorded when paid.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment valuation and income recognition: Investments are recorded at fair value. *Fair value* is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for a discussion of fair value measurements.

The net appreciation or decline in fair value of investments includes the realized gain or loss on the sale of securities and unrealized appreciation or depreciation arising from the differences between the fair value at the beginning of the year and at the end of the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date.

Brokerage fees are added to the acquisition costs of assets purchased and subtracted from the proceeds of assets sold.

Cash equivalents: All highly liquid investments with a maturity of three months or less are considered to be cash equivalents.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Administrative expenses: Any expenses of maintaining the Plan that are paid directly by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments. In addition, certain investment related expenses are charged directly by the funds and are thereby factored into each fund as a reduction in investment return.

NOTE C – CONCENTRATION OF CREDIT RISK

The Plan provides for various investment options in any combination of mutual funds, fixed income securities and other investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risk in the near term would materially affect participant account balances and the amounts reported in the accompanying financial statements.

NOTE D – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017 and there have been no transfers between levels during 2018 or 2017.

Mutual funds and exchange traded funds: The fair value of mutual funds and exchange traded funds is based on quoted net asset values of the shares held by the Plan at year-end.

Common and preferred stocks: The fair value of common and preferred stocks is based on the closing price reported on the active market on which the individual securities are traded.

Corporate bonds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

NOTE D – FAIR VALUE MEASUREMENTS - CONTINUED

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

		Fair Value Measurements Using:		
December 31, 2018	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

NOTE E – NONPARTICIPANT-DIRECTED INVESTMENTS

Information about the net assets and the significant components of the changes in net assets relating to the nonparticipant-directed investments is as follows:

	December 31, 2018	December 31, 2017
Net Assets:		
Cash and cash equivalents	$ 826,387	$ 964,961
Common and preferred stocks	287,150	1,175,444
Corporate bonds	1,972,037	206,180
Mutual and exchange traded funds	11,463,523	12,509,240
	$14,549,097	$14,855,825

	Years Ended December 31, 2018	Years Ended December 31, 2017
Changes in Net Assets:		
Contributions	$1,200,000	$1,200,000
Interest and dividends	521,206	474,561
Net appreciation (decline) in fair value of investments	(943,014)	930,213
Benefits paid to participants	(880,639)	(769,262)
	$(102,447)	$1,835,512

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE G – INCOME TAX STATUS

The Internal Revenue Service has determined by letter dated March 31, 2014 that the volume submitter plan document adopted by the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the Plan Committee believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provisions for income taxes have been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

NOTE H - RELATED PARTY TRANSACTIONS

Since the inception of the Plan, the Company has absorbed some of the administrative expenses of operating the Plan.

NOTE I – NONEXEMPT TRANSACTIONS

The Company failed to remit to the Plan's custodian certain employee contributions, totaling $7,321 in 2018, within the period prescribed by the Department of Labor regulations. Delays in remitting contributions to the custodian were due to administrative issues at the Company. The Company has made contributions to the affected participants' accounts to compensate for any lost earnings due to the delay.

NOTE J – SUBSEQUENT EVENTS

Management has evaluated subsequent events through July 9, 2019, which is the date the financial statements were available to be issued and has determined that there are no additional adjustments or disclosures required.
