General

The Plan is a defined contribution plan established to provide deferred compensation benefits to eligible employees. The Plan was last amended effective July 1, 2018. Under the Plan, all of the employees of National Tube Supply Company (the Employer), who have met eligibility requirements, may participate in the Plan, unless they elect to waive participation. The Plan and the trust, of which it is a part, are intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

All employees of the Employer are eligible to participate. Employees may become Plan members immediately upon attainment of eligibility. Employees must have attained the age of 18 to be eligible.

All eligible employees are eligible to receive the Employer matching contributions. Eligible employees employed on the last day of an allocation period and having 1,000 hours of service are eligible to receive the discretionary profit sharing contribution.

Contributions

Each year participants may contribute through payroll deductions up to 100% of pre-tax annual compensation. Participants may also contribute amounts representing after-tax payroll deductions. Employee contribution levels may be adjusted up or down on the first day of each quarter. Participants may also roll over amounts representing distributions from qualified employee benefit or defined contribution plans.

The Employer may make a matching contribution to eligible employees in an amount to be determined at the Employer's discretion. The Employer may also make a discretionary profit sharing contribution. Each participant receives a share of the Employer's discretionary contribution, if eligible. The Employer did not make a discretionary profit sharing contribution for the years ended December 31, 2018 and 2017. Contributions are subject to certain limitations. The Employer contributions are made on a paydate basis. In 2017, and until February 9, 2018, the Employer made matching contributions of 50% up to a maximum of 4% of qualified compensation. Effective February 9, 2018 through December 31, 2018, the Employer made matching contributions of 50% up to a maximum of 6% of qualified compensation. Total contributions amounted to $186,706 and $149,584 for the years ended December 31, 2018 and 2017, respectively.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contribution, the Employer's matching contribution, and allocations of the Employer's discretionary contribution, forfeitures, and Plan earnings (or losses) and charged with an allocation of administrative expenses, if any. Allocations are based on participant compensation or account balances, or participant transactions, as set forth in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their contributions and any rollover contributions plus actual earnings thereon. Vesting in the Employer's matching and discretionary contribution portions of their accounts plus actual earnings thereon is based on years of continuous service. Participants are 20% vested in their Employer contribution accounts after one year of service and vest an additional 20% for each additional year of service thereafter. Participants are 100% vested after five years of service. Upon normal retirement at age 65, death, or disability, the full value of the participant's account becomes immediately vested and is nonforfeitable.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes receivable. Loan terms range from one to five years, or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at 3.25% to 5.25%, as of December 31, 2018, which are commensurate with local prevailing rates. Principal and interest are paid ratably through payroll deductions. These loans mature at various dates through October 2023.

Payment of Benefits

Upon termination of service due to death, retirement on or after normal retirement age of 65, or other reasons, benefits are payable in a lump sum or a direct rollover to a qualified retirement plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Payment of vested account balances of $1,000 up to $5,000 will automatically be rolled over into an IRA unless the participant elects a lump sum distribution. The Plan's provisions also provide for withdrawals in the event of financial hardship, as defined by the Plan.

Forfeited Accounts

At December 31, 2018 and 2017, forfeited nonvested accounts totaled $29 and $7,570, respectively. The nonvested accounts may be used to reduce future Employer's matching and discretionary profit sharing contributions. For the years ended December 31, 2018 and 2017, forfeitures in the amount of $20,710 and $-0-, respectively, were used to reduce employer matching contributions.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates in Preparing Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes receivable, if any, are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Employer. Although the Employer has elected to pay some administrative costs, it is not obligated to do so. If the Employer ceases to pay all or part of these costs in the future, they will be paid by the Plan's trustee out of the assets of the Plan.

NOTE 3 FAIR VALUE MEASUREMENTS

The Plan measures, monitors, and discloses its assets on a fair value basis in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification 820 (ASC 820), *Fair Value Measurements and Disclosures*. ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within level 1 that are observable for the asset, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for instruments measured at fair value and their classification in the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 3 FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2018			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$6,756,345	$ -	$ -	$6,756,345

	2017			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$6,803,224	$ -	$ -	$6,803,224

NOTE 4 CERTIFICATION OF INVESTMENT INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2018 and 2017, and net appreciation (depreciation) in fair value of the investments, interest and dividends for the years ended December 31, 2018 and 2017 was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the custodian and insurance company of the Plan.

NOTE 5 GROUP ANNNUITY CONTRACT WITH INSURANCE COMPANY

The Plan holds a traditional fully benefit-responsive guaranteed investment contract with Great-West Life & Annuity Insurance Company (Great-West). Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore it is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of his/her investment at contract value.

NOTE 5 GROUP ANNNUITY CONTRACT WITH INSURANCE COMPANY (CONTINUED)

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probably of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

NOTE 6 PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in a guaranteed investment contract managed by Great-West, the insurance company of the Plan.

NOTE 7 PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts. Any unallocated assets of the Plan would be allocated to participant accounts and distributed in such a manner as the Employer may determine.

NOTE 8 PLAN TAX STATUS

The Plan, through its adoption of a prototype plan from the custodian, has obtained opinion letters issued to the custodian, the latest of which is dated March 31, 2014, from the Internal Revenue Service (IRS) stating that the prototype plan is qualified under Section 401(a) of the IRC. The prototype plan opinion letter has been relied upon by this Plan. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the opinion letter; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 8 PLAN TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.
