REC Solar Prevailing Wage Plan

2018 Client Service Communication

**The Plan Administrator of
REC Solar Prevailing Wage Plan**

We have conducted a Department of Labor ("DOL") limited-scope audit of the financial statements of the REC Solar Prevailing Wage Plan (the "Plan") as of and for the year ended December 31, 2018, and have issued our report thereon dated July 24, 2019. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedules taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by Fidelity Management Trust Company, in accordance with the auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated February 28, 2019. Professional standards also require that we communicate to you certain other matters related to our audit.

This information is intended solely for the information and use of the plan administrator and management of the Plan and is not intended to be and should not be used by anyone other than these specified parties.

Overview of the Audit and Responsibilities

Scope of Attest Services	We were engaged to perform a DOL limited-scope audit of the financial statements of the REC Solar Prevailing Wage Plan (the “Plan”) including subjecting the form and content of certain supplemental information to auditing procedures.
Plan Management Responsibilities	Management is responsible for the preparation and fair presentation of the financial statements, and supplemental information, and maintaining internal controls.
Attest Deliverable	LBMC issued a disclaimer of opinion on the financial statements of the Plan and communicated certain matters relating to the financial statements and supplemental information.
Other Services	We performed certain nonattest services including drafting the financial statements of the Plan in conformity with U.S. generally accepted accounting principles based on information provided by you.

Qualitative Assessments

Area	Detail
Qualitative Aspects of Accounting Practices – Accounting Policies	Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new significant accounting policies were adopted and the application of existing policies was not changed during 2018. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.
Qualitative Aspects of Accounting Practices - Estimates	<p>Accounting estimates are an integral part of the Plan's financial statements and are based on management's knowledge and experience, as well as certain assumptions. Certain accounting estimates are particularly sensitive due to: (i) their significance to the financial statements; and (ii) because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements relate to management's estimate of the fair value of the Plan's investments. Investments are carried at fair value as determined on the last day of the plan year, as described in Notes 4 to the financial statements.</p> <p>We evaluated the key factors and assumptions used to develop these estimates in determining that they are reasonable in relation to the financial statements taken as a whole.</p>
Qualitative Aspects of Accounting Practices – Disclosures	Financial statement disclosures are neutral, consistent, and clear.

Interaction With Management, Independence, and Other Matters

Area	Detail
Difficulties Encountered in Performing the Audit	<p>For purposes of this report, “difficulties” may include matters such as:</p> <ul style="list-style-type: none"> • the unavailability of, or significant delays in management providing information, • an unreasonable time frame within which to complete the audit, • extensive unexpected effort required to obtain audit evidence, or • restrictions imposed on the auditor by management. <p>We encountered no significant difficulties in performing and completing our audit.</p>
Disagreements with Management	<p>For purposes of this report “disagreements with management” include matters that, individually or in the aggregate, could be significant to the Plan’s financial statements or the auditors’ report—regardless of whether they were satisfactorily resolved. Examples of such matters include, but are not limited to, the application of accounting principles to a specific transaction, the basis for management’s judgments about accounting estimates, and the scope of the audit. We are pleased to report that no such disagreements arose during the course of our audit.</p>
Management Consultations with Other Independent Accountants	<p>If management were to consult with other accountants about the application of an accounting principle to the Plan’s financial statements or the type of auditors’ opinion that may be expressed on those statements, professional standards require the consulting accountant to confer with us to determine that the consultant has all relevant facts. To our knowledge, there were no such consultations with other accountants.</p>
Management Representations	<p>We have requested certain representations from management that are included in the management representation letter dated July 24, 2019.</p>
Independence	<p>We are not aware of any relationships between our firm and the Plan that, in our professional judgment, may reasonably be thought to bear on our independence that have occurred during the period from January 1, 2018, through the date of this report.</p>
Other Findings or Issues	<p>We generally discuss a variety of matters, including the application of accounting principles and auditing standards with management each year both prior to, and subsequent to retention as the Plan’s auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition of our retention.</p>
Corrected and Uncorrected Misstatements	<p>While professional standards require communication of all misstatements identified during the audit that are more than trivial in nature and magnitude to management, we are pleased to report that no such misstatements were identified as a result of our audit procedures.</p>

Internal Control Related Matters

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of the Plan, we considered the Plan's internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform a DOL limited-scope audit of those financial statements as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Our audit did not include all of the procedures required by U.S. generally accepted auditing standards and did not include a consideration of internal control relating to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on those financial statements.

Independent Auditors' Report

The Plan Administrator
REC Solar Prevailing Wage Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the REC Solar Prevailing Wage Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company ("Fidelity") and Transamerica Life Insurance Company ("Transamerica") as agent for Reliance Trust Company, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Fidelity holds the Plan's investment assets and executes investment transactions as of December 31, 2018 and 2017 and for the period from May 1, 2017 to December 31, 2018, and Transamerica for the period from January 1, 2017 to April 30, 2017. The plan administrator has obtained a certification from Fidelity as of December 31, 2018 and for the period from May 1, 2017 to December 31, 2018 and from Transamerica as of and for the period from January 1, 2017 to April 30, 2017, that the information provided to the plan administrator by Fidelity and Transamerica is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements. Accordingly, we do not express an opinion on the financial statements.

Other Matters

The supplemental schedules of assets (held at end of year) as of December 31, 2018 and the schedule of delinquent participant contributions for the year ended December 31, 2018 are required by the DOL Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by Fidelity and Transamerica, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

REC SOLAR PREVAILING WAGE PLAN

Notes to the Financial Statements

December 31, 2018 and 2017

(1) Description of plan

The following description of the REC Solar Prevailing Wage Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan available to all employees of REC Solar Commercial Corporation (the "Plan Sponsor"). The Plan covers substantially all employees ("participants"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Effective May 2, 2017, the Plan was restated to adopt a prototype plan of Fidelity Management Trust Company.

(b) Contributions

The Plan Sponsor is required to pay prevailing wage contributions to employees who work under certain contracts. Prevailing wage contributions are a fringe benefit paid in the form of insurance and 401(k) contributions. Contributions may be made after-tax in the form of a Roth contribution. The amount of the prevailing wage contributions is equal to the amount determined in accordance with the prevailing rates from the Register of Wage Determinations Under the Service Contract Act from the U.S. Department of Labor. Participants may contribute amounts from other qualified defined benefit or defined contribution plans.

Participants direct the investment of their contributions into various investment options offered by the Plan as listed in the schedule of assets (held at end of year). Participants have the opportunity to change the investment options previously elected at any time.

(c) Participant accounts

Each participant's account is credited or charged with the Plan Sponsor's prevailing wage contributions, investment earnings and losses, and administrative expenses. Allocations are based on prevailing wage contributions or account balances as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are immediately vested in the Plan Sponsor's prevailing wage contributions plus actual earnings or losses thereon.

REC SOLAR PREVAILING WAGE PLAN

Notes to the Financial Statements

December 31, 2018 and 2017

(e) Participant notes receivable

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The participant notes receivable at December 31, 2018 are secured by the balance in the participant's account and bears interest at a fixed rate ranging from 5.25% to 6.25%, which is commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are paid directly by participants based on the loan agreement.

(f) Payment of benefits

On termination of service due to death, permanent disability, or retirement, a participant may elect to receive a lump-sum payment equal to his or her entire account. For termination of service due to other reasons, a participant will be entitled to receive only the vested interest in his or her account as a lump-sum distribution.

(g) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the participant's elective account balance.

(h) Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants, transaction expenses and investment management services are charged directly to the participant's account and are included in administrative expenses. Fees incurred by the Plan for recordkeeping are paid through a combination of direct payments and indirect payments which are included in net appreciation (depreciation) in fair value of investments, as they are partially paid through revenue sharing, rather than a direct payment from the Plan.

(i) Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

REC SOLAR PREVAILING WAGE PLAN

Notes to the Financial Statements

December 31, 2018 and 2017

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

(b) Investment valuation and income recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Notes 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the plan document.

(d) Payment of benefits

Benefits are recorded when paid.

(e) Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(f) Events occurring after reporting date

Management of the Plan Sponsor has evaluated events and transactions that occurred between December 31, 2018 and July 24, 2019, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

REC SOLAR PREVAILING WAGE PLAN

Notes to the Financial Statements

December 31, 2018 and 2017

(3) Certified information

Certain information related to investments and notes receivable from participants reported and disclosed in the accompanying financial statements and supplemental schedules, including the fair value of investments and notes receivable from participants held at December 31, 2018 and 2017, and net appreciation (depreciation) in fair value of investments, interest and dividend income, and interest on notes receivable from participants for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company ("Fidelity") and Transamerica Life Insurance Company ("Transamerica"), as agent for Reliance Trust Company.

(4) Fair value measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value.

REC SOLAR PREVAILING WAGE PLAN

Notes to the Financial Statements

December 31, 2018 and 2017

- (i) *Mutual funds*: Valued at the net asset value ("NAV") of shares held by the Plan at year end in an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

Fair Value Measurements as of December 31, 2018 using the following inputs

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ <u>878,272</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>878,272</u>
NAV as a practical expedient				<u>1,402</u>
Investments at fair value				\$ <u>879,674</u>

Fair Value Measurements as of December 31, 2017 using the following inputs

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ <u>918,717</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>918,717</u>

Certain investments as of December 31, 2018 are measured at NAV as a practical expedient to estimate fair value, and therefore, have not been classified in the fair value hierarchy.

The following table summarizes investments for which the fair value is measured using NAV per share practical expedient as of December 31, 2018 and 2017. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>Description</u>	<u>Fair Value</u> <u>12/31/2018</u>	<u>Fair Value</u> <u>12/31/2017</u>	<u>Unfunded</u> <u>Commitments</u>	<u>Redemption</u> <u>Frequency (if</u> <u>currently eligible)</u>	<u>Redemption</u> <u>Notice Period</u>
Collective trust fund	\$1,402	N/A	N/A	Daily	12 Months

REC SOLAR PREVAILING WAGE PLAN

Notes to the Financial Statements

December 31, 2018 and 2017

(5) Income tax status

The Plan Sponsor adopted a volume submitter plan, which received a favorable opinion letter from the Internal Revenue Service ("IRS") on March 31, 2014, which stated that the volume submitter plan was designed in accordance with the applicable sections of the IRC. The Plan has been amended since receiving the opinion letter, and the Plan itself has not received a determination letter from the IRS stating that the Plan is qualified under Section 401(a) of the IRC. However, the plan administrator believes that the adopted volume submitter plan, as amended, is designed and is currently being operated in compliance with the applicable requirements of the IRC and is therefore, qualified and exempt from taxation.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Untimely remittance of loan repayments

The Plan Sponsor is required by Department of Labor ("DOL") regulation to remit participant loan repayments as soon as practicable, but by no later than the fifteenth business day following the end of the month in which the amounts were withheld from wages. For certain loan repayments withheld in 2016, the funds were not remitted timely. The Plan Sponsor is currently assessing the impact of any lost earnings that may be applicable to these contributions.

(7) Related party and party-in-interest transactions

Certain Plan investments in the mutual funds and collective trust fund are managed by Fidelity and, therefore, these transactions qualify as party-in-interest transactions. As described in Note 1, the Plan paid expenses to various service providers which also qualify as party-in-interest transactions. The Plan holds notes receivable from participants which also qualify as party-in-interest transactions.

(8) Reconciliation of financial statements to Form 5500

The following is a reconciliation of the change in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2017:

Change in net assets available for benefits per the financial statements	\$ (107,512)
Change in Plan Sponsor contributions receivable	<u>11,707</u>
Change in net assets available for benefits per the Form 5500	\$ <u>(95,805)</u>

REC SOLAR PREVAILING WAGE PLAN

Notes to the Financial Statements

December 31, 2018 and 2017

(9) Risks and uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.
