NOTE A - PLAN DESCRIPTION

1. General

The following description of the Premier Office Centers LLC dba Premier Business Centers 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution Plan covering all eligible employees of the Premier Office Centers LLC who have one year of entry service and are age 21 or older. The Plan provides for retirement benefits for its participants. The Plan is designed to qualify under Section 401(k) of the Internal Revenue Code (the "Code"), as amended. The Plan is subject to provisions of the Employment Retirement Income Security Act ("ERISA").

2. Participation and Eligibility

Participation in the Plan is voluntary. An employee is eligible to participate in the Plan after the attainment for the minimum age and completion of a minimum number of hours of service as described in the Plan. An eligible employee may elect to participate following the satisfaction of the Plan's service requirement.

3. Contributions

Each year participants may contribute a percentage of pretax annual compensation subject to annual limitations imposed by the Internal Revenue Service ("IRS") regulations, as defined by the Plan. The participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Premier Office Centers LLC may contribute to the Plan out of its current operating cash flow at the discretion of the Board of Directors. As of December 31, 2018, contributions that exceeded the maximum allowable amounts amounted to $30,251.

NOTE A - PLAN DESCRIPTION -(Continued)

4. Investment Options

The Plan maintains the retirement assets with an insurance company that provides a selection of mutual funds and guaranteed income options. This company serves as Custodian of the Plan. Assets in the separate investment allocation account are held by the Custodian on behalf of the Plan in one or more of the Custodian's separate investment accounts. The participants direct their account balances between guaranteed income fund, stock funds, and bond funds, any may change their account distribution in accordance with the terms of the Trust agreement.

5. Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Plan's contribution, (b) Plan earnings, and (c) forfeitures of terminated participant's non-vested accounts, if any, and charged with an allocation of administrative expenses. Allocations are based on participant's earnings or account balance, as defined. The benefit which the participant is entitled is the benefit that can be provided from the participant's accumulated vested account.

6. Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Plan's contributions is based on years of service and cliff vest after three years. Additionally, in the event of death, disability, or normal retirement, as defined in the Plan document, participants become fully vested in their account balances.

7. Forfeitures

A participant's non-vested balance is forfeited at the time of termination of employment. Forfeitures are used to reduce future employer contributions or to pay administrative expenses of the Plan. Forfeited non-vested accounts amounted to $0 for 2018.

NOTE A -PLAN DESCRIPTION- (Continued)

8. Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or may defer distribution until retirement, as defined by the Plan agreement. Employees electing to defer their distribution continue to participate in the Plan's net investment earnings or losses. Terminated employees with a Plan vested account balance less than $5,000 will be paid in a lump sum amount equal to the value of their account, subject to the appropriate IRS income tax withholding regulations.

9. Withdrawals of Contributions

A participant demonstrating a financial hardship may withdraw any amount of their account value resulting from participant contributions. After a hardship withdrawal, a period of six months must lapse before a participant can make additional salary reduction contributions.

10. Distributions

Distribution request forms can be submitted to the Plan Administrator for review and approval. Upon approval, they are forwarded to the Custodian for processing. Participants can also directly request distributions from the Custodian by using the Custodian's website. As of December 31, 2018, $0 was payable to the Plan participants.

11. Notes Receivable from Participants

Participants may borrow from their fund account. A minimum of $1,000 up to a maximum equal to the lesser of 50% of the participant's vest account or $50,000. The loans are secured by the balance in the participant's account and bear interest at rates that range from 5.25% to 6.25%, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through semi-monthly payroll deductions. All loans must be repaid over a period not to exceed five years and at termination of employment.

NOTE A - PLAN DESCRIPTION - (Continued)

12. Administrative Expenses

Administrative expense are paid by the Plan. Administrative expenses paid by the Plan during the year ended December 31, 2018, is disclosed in the statement of changes in net assets available for benefits. Administrative expenses paid by the Plan during the year ended December 31, 2018, amounted to $2,514.

13. ERISA Bonding Requirement

The Plan was in compliance with the fidelity bonding requirements of ERISA as of December 31, 2018.

Note B - SUMMARY OF ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting. Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

2. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE B - SUMMARY OF ACCOUNTING POLICIES - (Continued)

3. Investments Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See note F for discussion of fair value measurements.

4. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018.

5. Payment of Benefits

Benefits are recorded when paid.

6. Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2018 excess contributions to the applicable participants prior to February 11, 2019.

7. Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE C - INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA, certain information prepared and certified by a Trustee or Custodian need not be audited or reported on by an independent public accountant. Pursuant to that regulation, the Plan has instructed the independent public accountants, Gurrera & Associates, not to perform any auditing procedures with respect to information certified by the Custodian. This includes the cost and market values of the investments, the activity therein and the unrealized appreciation. The Custodian has certified that this information is accurate and complete.

NOTE D - INVESTMENTS

Net depreciation for the year ended December 31, 2018, is as follows:

	2018
Investments at fair value determined by significant other observable inputs:	
Pooled separate accounts	$ (113,246)
Total net depreciation in fair value	$ (113,246)

NOTE E - GUARANTEED INVESTMENT CONTRACT WITH PRINCIPAL LIFE INSURANCE COMPANY

As stated in Note B, the Plan's Guaranteed Interest Account provides a fixed return of principal plus interest (based on the coupon rate) for a specified period of time. These investments are recorded at fair market value in the statements of net assets available for benefits with an adjustment to reflect the investments at their contract value. All contracts are fully benefit-responsive and therefore carried at contract value in accordance with the FSP. Contract value represents contributions to the fund, plus accrued interest, less participant withdraws. The fair values of the contracts are estimated to be $82,634 as of December 31, 2018. This compares to contract values of $84,232 as of December 31, 2018.

The interest rate credited to the participants fund is reset at least quarterly and in some cases may be reset more frequently. Inputs used to determine the crediting interest rate include each contract's portfolio market value, current yield to maturity, duration and market value relative to contract value.

NOTE E - GUARANTEED INVESTMENT CONTRACT WITH PRINCIPAL LIFE INSURANCE COMPANY - (Continued)

The average yield and crediting interest rates ranged from approximately 2.99% to 3.10% for 2018. The crediting interest rate is based on an agreed-upon formula with the issuer, but cannot be less than zero. Such interest rates are reviewed on a quarterly basis for resetting.

NOTE F - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarch that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1- Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2- Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3- Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE F - FAIR VALUE MEASUREMENTS - (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2018:

Pooled separate accounts and mutual funds - Valued at the net assets value of shares held by the Plan at year end.

Guaranteed interest accounts - Valued at the amount plan participants would receive currently if they were to withdraw or transfer funds within the Plan to their maturity for an event other than death, termination, or retirement.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan presents in the statement of changes in net assets available for benefits the net depreciation/appreciation in the fair value of its investments which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments. Purchase and sales of securities are recorded on trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is accrued when earned.

As described in FASC ASC 962, Plan Accounting - Defined Contribution Pension Plan, investment contract held by a defined contribution plan are required to be reported at fair value.

However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

NOTE F - FAIR VALUE MEASUREMENTS - (Continued)

As required by FASB ASC 962, the statements of net assets available for benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis. Refer to Note E for additional information related to the Plan's fully benefit-responsive investment contracts.

The following summarizes the classification of investments and method of valuation in accordance with requirements of FASB ASC 820:

		Fair Value Measurements at Reporting Date Using		
		Quoted Prices in Active Markets for Identical Assets	Significant Other Observable Inputs	Significant Unobservable Inputs
	2018	(Level 1)	(Level 2)	(Level 3)
Investment Contract:				
Short-Term Fixed Income	$ 82,634	$ -0-	$ -0-	$ 82,634
Total	$ 82,634	$ -0-	$ -0-	$ 82,634

		Fair Value Measurements at Reporting Date Using		
		Quoted Prices in Active Markets for Identical Assets	Significant Other Observable Inputs	Significant Unobservable Inputs
	2017	(Level 1)	(Level 2)	(Level 3)
Investment Contract:				
Short-Term Fixed Income	$ 115,549	$ -0-	$ -0-	$ 115,549
Total	$ 115,549	$ -0-	$ -0-	$ 115,549

Guaranteed interest accounts are general-account backed stable value contracts. This investment guarantees principal and provides a stated rate of return. The fair value represents the amount received upon withdrawal or transfer of funds prior to their maturity, which is the contract value adjusted to reflect current market interest rates only to the extent such market rates exceed crediting rates. Since the investment is based on the provisions of the investment contract, it is classified within level 3 of the valuation hierarchy.

NOTE F - FAIR VALUE MEASUREMENTS - (Continued)

The table below sets forth a summary of changes in the fair value of the Plan's level 3 assets for the years ended December 31, 2018 and 2017:

	Guaranteed Interest Accounts	
	2018	2017
Balance, beginning of year	$ 115,549	$ 113,373
Total unrealized gains (losses)	1,569	(3,167)
Interest credited	213	25
Purchases	15,560	5,783
Issuances and settlements	(50,257)	(465)
Balance, end of year	$ 82,634	$ 115,549

NOTE G - RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by Principal Life Insurance Company. Principal Life Insurance Company is the Trustee and recordkeeper for the Plan and, therefore, these transactions qualify as party in interest transactions.

NOTE H - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at anytime and to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act. In the event of Plan termination, participants will become 100% vested in their account balances.

NOTE I - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE J - TAX STATUS

The Plan has received its determination letter from the Internal Revenue Service stating that the Plan, when designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Trustee believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified, and the related trust is tax exempt as of the financial statement dates.

Accounting principals generally accepted in the Unites States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as December 31, 2018, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or assets) or disclosure within the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2015.

NOTE K - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
