December 31, 2018 and 2017

1. DESCRIPTION OF THE PLAN

The following description of the Murcor, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, a defined contribution savings plan sponsored by Murcor, Inc., Vendor Resource Management, Inc. and Hightide Settlement Services, LLC (together the "Company") pursuant to Section 401(a) and related provisions of the Internal Revenue Code (IRC), was established effective January 1, 1998 to provide retirement benefits to eligible employees. The Plan is designed to provide participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, termination or financial hardship. The Plan covers all employees of the Company who meet certain eligibility requirements as defined by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and subsequent laws.

Plan administration

The Company is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Company has delegated certain responsibilities for the operation and administration of the Plan. The Plan's investments are held by the trustee of the Plan, Great-West Trust Company, LLC ("Great-West"). Trustee and recordkeeping services are provided by Great-West, or one of its affiliates. Certain administrative expenses of the Plan were paid directly by the Company for the year ended December 31, 2018. Loan setup and maintenance fees are paid by the individual participants receiving a loan. Investment fees, which may vary according to the individual funds selected, are deducted directly from participants' investment returns. Participants should refer to the prospectuses of the individual investment funds for further details on individual investment fees.

Eligibility

Employees who have completed three (3) months of service and are age eighteen (18) or older and are not included in collective bargaining units, part-time employees, temporary employees, seasonal employees, non-resident aliens, or whose regular scheduled service is less than 1,000 hours, are eligible to participate in the Plan. The Plan is subject to the provisions of ERISA. The Plan is a safe harbor plan.

1. DESCRIPTION OF THE PLAN (continued)

Contributions

Participants may elect to contribute through payroll deductions amounts up to 100% of their annual compensation as defined by the Plan, on a tax-deferred basis, and the maximum amount allowed by the IRC. Maximum allowed deferral amounts were $18,500 for 2018. Participants over the age of 50 may also contribute an additional $6,000 catch-up contribution to the Plan for 2018. Participants are also allowed to rollover contributions from other qualified employer-sponsored retirement plans.

The Company may make a non-elective profit sharing contribution for eligible employees, as defined, who are actively employed at the end of the Plan year. The Company did not make a non-elective profit sharing contribution during 2018. The Company may also make employer matching contributions at their discretion. The Company did not make a discretionary employer match contribution during 2018. The Company makes a safe harbor matching contribution every year equal to 100% of the participant's salary deferrals that do not exceed 3% of their eligible compensation plus 50% of their salary deferrals between 3% and 5% of their eligible compensation.

Participant accounts

Each participant's account is credited with the participant's contributions (including rollovers from the participant's previous plan), and an allocation of (a) the Company's contribution, if applicable and (b) Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct their investments in the fund options in the Plan.

Vesting

Participants are immediately vested in their contributions plus actual earnings or losses thereon. Under this Plan, vesting in the Company's safe harbor matching contributions, plus actual earnings and losses thereon are immediately vested. Non-elective contributions, if any, are subject to a 6-year graded vesting schedule.

Notes receivable from participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's accounts and bear interest at a fixed rate equal to the prime rate at the time the loan is taken, plus 1%. The repayment of principal plus interest is generally required by the Plan to be made through payroll deductions over five years unless the loan is used for the purchase of a primary residence. Loans outstanding during 2018 carried interest rates that ranged between 4.25% and 6.25%. Principal and interest is paid ratably through monthly payroll deductions.

1. DESCRIPTION OF THE PLAN (continued)

Payment of benefits

Distributions and withdrawals are payable upon retirement, termination, financial hardship, disability, or death. In addition, an in-service distribution may be taken prior to termination of employment. If a participant's account balance is equal to or less than $5,000, the Plan will distribute the participant's account without their consent. If a participant's account balance is equal to or less than $1,000, the balance will be distributed immediately in a lump-sum payment unless a direct rollover into another qualified benefit plan is requested. If a participant's account balance is between $1,000 and $5,000, the balance will be directly rolled over to an individual retirement account unless a direct rollover into another qualified benefit plan or a lump-sum cash payment is requested. If the account balance is over $5,000, the participant can consent to either a distribution paid in the form of a lump-sum cash payment, a direct rollover into another qualified plan or postpone payment to a later date and remain in the Plan as described in the Plan documents.

Hardship withdrawal

The Plan allows participants to obtain a distribution to satisfy any of the following immediate and heavy financial needs: (1) medical expenses; (2) purchase of a principal residence; (3) to prevent eviction from principal residence; (4) to pay for education expenses; (5) funeral expenses; or (6) repair damage on principal residence. Participants must first exhaust all other assets reasonably available prior to obtaining hardship withdrawal.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles (GAAP) in the United States of America. Under this basis, investments are recorded at fair value or contract value, contributions are recorded when received and benefits are recorded when paid.

Use of estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market fluctuation and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Investment valuation and income recognition

The Plan's investments in mutual funds are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

The Plan invests in a fully benefit-responsive investment contract that is reported at contract value, which approximates fair value, as reported to the Plan by Great-West.

Purchases and sales of securities are recorded on a settlement-date basis. Investment income is recorded when received. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year and are net of related investment fees.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. No allowance for credit losses was recorded as of December 31, 2018 and 2017. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Subsequent events

The Plan has evaluated subsequent events through July 24, 2019, the date the financial statements were available for issuance. No subsequent events have occurred that would have a material impact on the presentation of the Plan's financial statements.

3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

In accordance with Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, Great-West has certified information regarding the cost and fair value of all investments and notes receivable from participant assets held at December 31, 2018 and 2017, and investment and notes receivable from participants transactions entered into during 2018. This information was used in the preparation of the accompanying financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENTS

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements).

At December 31, 2018 and 2017, all mutual fund investments were considered to be Level 1 and there were no investments considered to be level 2 or 3.

- *Level 1* - inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Level 1	Fair Value
Mutual funds	$ 17,933,696	$ 17,933,696

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Level 1	Fair Value
Mutual funds	$ 20,399,380	$ 20,399,380

5. INVESTMENT AT CONTRACT VALUE

Investment at contract value is a fully benefit-responsive investment contract. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The average yield earned by the fund was 1.10% during 2018 and 2017.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become 100% vested in unvested non-elective contributions, if any, that remain subject to the 6-year vesting schedules.

7. RELATED PARTY TRANSACTIONS

At December 31, 2018 and 2017, certain Plan investments amounting to $2,664,818 and $2,718,616, respectively, were invested in the Key Guaranteed Portfolio Fund managed by Great-West. Great-West is the Plan trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

8. INCOME TAX STATUS

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter and the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

The Plan's federal income tax returns remain subject to examination by the IRS for a period of three years from the due date of filing. The returns for California, its primary state jurisdiction, remain subject to examination by state taxing authorities for a period of four years from the due date of the filing.

9. PARTY-IN-INTEREST TRANSACTIONS

The trustee is a party-in-interest with respect to the Plan. All investments are held with the trustee. Notes receivable from participants and the related interest income are also considered party-in-interest transactions. During the year ended December 31, 2018, administrative fees paid to the Plan's trustee and other Plan advisors totaled $60,178.

The records of the Plan indicate no party-in-interest transactions which are prohibited by ERISA and for which no statutory or administrative exception exists.

10. PROHIBITED TRANSACTIONS

The Company inadvertently failed to remit to the custodian certain employee and employer match contributions of $20,628 within a timely manner for the years ended December 31, 2016 through December 31, 2018. Delays in remitting contributions to the Plan's custodian were due to administrative errors. The corrective contributions and lost earnings were remitted to the Plan during 2018 immediately upon discovering the errors.
