Report on the Financial Statements

We have audited the accompanying financial statements of WCM Industries, Inc. Employee Savings and Investment Plan ("Plan"), which comprise the statements of net assets available for benefits of as of December 31, 2018 and 2017, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the WCM Industries, Inc. Employee Savings and Investment Plan as of December 31, 2018 and 2017, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

1. DESCRIPTION OF THE PLAN

The following description of the WCM Industries, Inc. Employee Savings and Investment Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of WCM Industries, Inc. ("Company") who elect to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

Eligible employees include all employees except for leased employees. Employees who have attained the age of 18 are eligible to participate in the Plan. Employees who have completed 1,000 hours of service are eligible to receive employer profit sharing contributions. On January 1, 2019, the Plan was amended to make employees of a newly acquired subsidiary of the Company eligible to receive employer profit sharing contributions through a separate formula.

Contributions

Deferral contributions cannot exceed certain limits as set forth by the Internal Revenue Code ("IRC") ($18,500 in 2018 and $18,000 in 2017; $24,500 and $24,000 for employees age 50 or older in 2018 and 2017, respectively). The Internal Revenue Service ("IRS") adjusts this limitation each year as necessary for cost-of-living increases. Participants may change their contribution percentage throughout the year and may cease making contributions at any time. Rollover contributions are accepted, as permitted by the Plan.

In 2003, the Company began making non-elective employer contributions on behalf of each eligible employee. The total non-elective employer contributions for 2018 and 2017 were $2,808,844 and $2,788,884, respectively. These amounts were allocated to each eligible participant's account, based on a pre-determined formula, on February 28, 2019 and 2018, respectively.

Rollover contributions transferred from other qualified retirement plans or from individual retirement accounts are accepted, as permitted by the Plan.

1. DESCRIPTION OF THE PLAN (CONTINUED)

Participant accounts

Each participant's account is credited with the participant's contributions and an allocation of the Company's contributions and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

All participant and employer contributions are 100% vested immediately upon contribution to the Plan.

Notes receivable from participants

Participants may borrow from their accounts in amounts from a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance less the highest outstanding balance of their Plan loan during the last twelve months. The notes are secured by the participant's account balance and bear a reasonable rate of interest. The term is a maximum of five years, unless the note is for the purchase of a primary residence. Participants may not have more than five notes outstanding at any time and cannot initiate more than two loans per year. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits

Upon attainment of normal retirement age, disability, death or termination of employment, distributions may either be a single distribution of the entire vested balance or partial lump sum for balances greater than $1,000 or, if elected by the participant, periodic installments over any period not exceeding the remaining life expectancy of the participant and/or the participant's designated beneficiary. The participant's account is distributed to the participant or, in the event of death, to the participant's designated beneficiary. As of December 31, 2018 and 2017 there were no benefit claims payable.

Basis of accounting

The financial statements have been prepared using the accrual basis of accounting.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("US GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Contract value is the only required measure for fully benefit-responsive investment contracts. The contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the contract. The statements of net assets available for benefits presents the contract value of the investment contracts at December 31, 2018 and 2017, with no adjustment of the fully benefit-responsive investment contracts to fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

With the exception of certain loan processing fees paid by the participants requesting loans, administrative costs of the Plan are paid by the Company.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Financial instruments

The Plan's financial instruments include investments, notes receivable from participants and contributions receivable. Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. The recorded values of notes receivable from participants approximate fair value as the notes are carried at cost and are based upon future principal and interest payments discounted at prevailing interest rates for similar instruments. All other financial instruments approximate fair values based on their short-term nature.

Subsequent events

Management evaluated subsequent events through the date of the attached independent auditor's report, the date these financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce amounts that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used between the years ended December 31, 2018 and 2017.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The categorization is based on the lowest level of input that is significant to the fair value measurement. This hierarchy consists of three levels:

Level 1 - Quoted prices in active markets for identical assets or liabilities

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets

3. FAIR VALUE MEASUREMENTS (CONTINUED)

The valuation methodologies used for assets measured at fair value are as follows:

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Pooled separate accounts - valued at the NAV of shares held by the Plan at year end.

Common/collective trusts ("CCT") - valued at the NAV of shares held by the Plan at year-end. The NAV is based on the fair value of the underlying investments.

Self-directed brokerage accounts - valued at the closing price recorded on the active market on which the individually owned securities are traded.

Fair value measurements of assets recognized in the accompanying financial statements, measured at fair value on a recurring basis, consist of the following as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 31,362,877	$ -	$ -	$ 31,362,877
Pooled separate accounts	1,987,987	-	-	1,987,987
Self-directed brokerage accounts	537,838	-	-	537,838
	$ 33,888,702	$ -	$ -	$ 33,888,702
Common/ collective trusts*				10,836,947
Investments at fair value				$ 44,725,649

3. FAIR VALUE MEASUREMENTS (CONTINUED)

Fair value measurements of assets recognized in the accompanying financial statements, measured at fair value on a recurring basis, consist of the following as of December 31, 2017:

	Level 1	Level 2	Level 3	Total
Mutual funds	32,074,228	-	-	32,074,228
Pooled separate accounts	1,656,811	-	-	1,656,811
Self-directed brokerage accounts	373,361	-	-	373,361
	$ 34,104,400	$ -	$ -	$ 34,104,400
Common/ collective trusts*				10,645,272
Investments at fair value				$ 44,749,672

*Investments in common/collective trusts are measured at fair value using the NAV per share (or its equivalent) as a practical expedient and have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

4. INVESTMENT CONTRACTS

The investment contract is a traditional investment contract that is supported by the general assets of Lincoln Financial Group ("Lincoln") and does not have specific underlying assets assigned to it. The obligation to meet the guarantees provided under the contract is subject to the claims-paying ability of the contract issuer. Based upon the characteristics of the contract, the contract meets the definition of fully benefit-responsive investment contract. Events that limit the Plan's ability to execute transactions at contract value with the issuer include a breach of contract by the contract owner to include failure to pay any charges to Lincoln within 30 days that have been billed to the contract owner, failure to furnish requested information or other documentation, discovery by Lincoln that the contract owner has misrepresented any material information. Additionally, if the Plan ceases to meet the requirements of the appropriate IRC section, Lincoln reserves the right to terminate the contract. Additionally, if, after a reasonable amount of time, the account has not grown sufficiently, Lincoln reserves the right to terminate the contract. Guidelines for contract termination are as follows: (1) following the end of the third contract year, the contract owner account value is less than $15,000, or (2) following the end of the third contract year, there is no deposit activity for a 24 consecutive-month period and the contract owner account value is less than $50,000. Additionally, Lincoln reserves the right to terminate the contract if it discontinues offering the contract to the public or if the Plan terminates its recordkeeping agreement with Lincoln. It is not probable that any events, which may limit the ability of the Plan to transact at contract value, will occur.

The following table presents the contract value of each type of fully benefit-responsive investment contract as of December 31:

	2018	2017
Traditional investment contract	$ 2,607,720	$ 3,184,171

5. PLAN TERMINATION

Although it has not expressed an intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would continue to be 100% vested in their account balances.

6. TAX STATUS

The IRS has determined and informed the Plan sponsor by a letter dated October 5, 2016, that the Plan and related trust are designed in accordance with applicable sections of the IRC.

US GAAP requires plan management to evaluate income tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the income tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2015.

7. PARTIES IN INTEREST

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons. The Company and several participants, as a result of ownership and/or being officers or directors of the Company, are deemed to be parties in interest. The third-party administrator and trustees are also parties in interest. There were no prohibited transactions with parties in interest during the years ended December 31, 2018 or 2017.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. CONCENTRATIONS

The following table presents the fair values of investments that represent 5% or more of the Plan's net assets available for benefits as of December 31,:

	2018	2017
Dodge & Cox Stock Fund	$ 11,329,588	$ 12,291,711
Dodge & Cox Balanced Fund	6,537,335	7,420,666
