Independent Auditor's Report

To the Plan Administrator
Integrated Supply Network Retirement Plan:

Report on the Financial Statements

We have audited the accompanying financial statements of the Integrated Supply Network Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Financial Statements

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion on the Financial Statements

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2018 and 2017, and the changes in net assets available for benefits for the year ended December 31, 2018, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2018 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

(1) Description of Plan

The following description of the Integrated Supply Network Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution profit sharing plan covering all employees except union, leased, or non-resident aliens of Integrated Supply Network, LLC (the "Company", "Employer", or "Plan Administrator"), who have completed two months of service and have attained age 18 or older. The Plan Administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Company's Board of Directors. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan operates under a trustee agreement with Great-West Trust Company, LLC (the "Trustee" or "GWTC"). Through the trustee agreement, the Plan receives recordkeeping services from Empower Retirement Company, a related party to the Trustee.

Effective January 1, 2017, the Plan was amended and restated to adopt the volume submitter 401(k)/profit sharing plan document sponsored by Benefit Solutions, Etc. ("Benefit"), who acts as a 3rd party advisor to the Plan.

(b) Contributions

Participants may contribute up to 100% of their pretax or after tax compensation, as defined in the Plan, subject to the maximum amount allowed by the Internal Revenue Service ("IRS"). Upon attaining eligibility for participation in the Plan, employees are automatically enrolled at the beginning of each Plan quarter at 3% of pretax compensation unless specified otherwise. Participants are able to opt-out of the automatic enrollment by contacting the Trustee directly. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, subject to IRS limitations.

The Company, at its discretion, may match a percentage of participant contributions. For the year ended December 31, 2018, the discretionary matching contribution was equal to 50% of the first 4% of base compensation.

(c) Participant Accounts

Each participant's account is credited with the participant's contributions, their portion of Company's matching and discretionary contributions, an allocation of Plan earnings, and net of withdrawals and administrative expenses. Allocations are based on participant's contributions or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

(1) Description of Plan - Continued

(d) Vesting

Participants' contributions (plus or minus actual earnings and losses) are immediately vested. Effective January 1, 2017, participants are vested in Employer contributions plus earnings or losses thereon, based on a three-year cliff vesting schedule. Existing participants as of January 1, 2017, received the highest level of vesting, based on either the prior or new vesting schedules.

Participant accounts of active employees become fully vested (regardless of the above vesting schedules) upon death, disability, attainment of normal retirement age (65) or termination of the Plan.

(e) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of up to 50% of the vested account balance or $50,000. Such notes are collateralized by each respective participant's account and bear fixed interest rates, based on rates available for similar notes from commercial lending institutions. Interest rates are determined as of the first day of each calendar quarter for new notes. Participant note interest rates ranged from 4.25% to 6.25% as of December 31, 2018. Notes generally must be repaid within 5 years except for notes used for the purchase of a principal residence, which may be repaid over a period not to exceed 30 years. Principal and interest is paid ratably through bi-weekly payroll deductions. If a participant ceases to make note repayments and the Plan Administrator deems the participant note to be in default, the participant note balance is reduced, and a benefit payment is recorded.

(f) Payment of Benefits

Upon termination or retirement of service, if the value of the terminated participant's vested benefit does not exceed $1,000, the entire amount shall be paid to the participant in a single lump sum. Vested account balances greater than $1,000 but less than $5,000 will automatically be rolled into an IRA account or paid to the participant's beneficiary in a single sum. Vested account balances greater than $5,000, at the election of the participant, may remain in the Plan or be distributed. When a participant attains retirement age, benefits will be paid from the vested account balance, based upon the election of the participant, either in the form of a lump sum cash payment or a nontransferable annuity contract providing for installment payments. The normal retirement age, as defined by the Plan, is 65. All benefits are recorded when paid. In addition, under certain circumstances, a participant may receive a financial hardship distribution.

(1) Description of Plan - Continued

(g) Forfeited Accounts

Any non-vested account balance after the distribution of a terminated participant's vested account balance is forfeited. Forfeitures of participants' non-vested account balances are used to reduce future Company contributions or to reduce administrative expenses of the Plan. As of December 31, 2018 and 2017, forfeited non-vested accounts totaled $24,643 and $60,923, respectively. During 2018, approximately $205,000 of forfeitures were used to reduce Employer contributions and pay Plan expenses.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

(b) Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

The Plan invests in mutual funds which are stated at fair value based on the quoted market prices of shares held by the Plan at year end. Investments in the guaranteed investment contract, which are fully benefit responsive, are valued at contract value. Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Investments in the guaranteed investment contract, the Great-West Life Insurance Company Key Guaranteed Portfolio Fund ("GPF"), are held as a general account product offered through a group annuity contract with Great-West Life & Annuity ("GWL&A"). Participant principal and interest are fully guaranteed by the entire general account assets of GWL&A. The general account assets are primarily high-quality, fixed income bonds. The GPF is credited with declared rates of interest based on the earnings of the underlying assets in the portfolio compared to the minimum interest crediting rate, as stated in the contract with GWL&A. The GPF is reported at contract value which is the basis for participant initiated transactions.

Certain events could limit the ability of the Plan to transact at contract value with GWL&A in regards to the GPF. The Company does not believe the occurrence of any such event, which would limit the Plan's ability to transact at contract value, is probable.

(2) Summary of Significant Accounting Policies - Continued

(d) Notes Receivable from Participants

Notes from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses as incurred. Delinquent notes receivable from participants are treated as distributions based upon the terms of the Plan agreement.

(e) Expenses

Administrative and recordkeeping expenses incurred by the Plan include loan fees and investment management services fees charged directly to the participants' accounts. Other administrative expenses are paid directly by the Company and are excluded from these financial statements. These expenses include audit fees and permissible legal fees. Investment related expenses are included in the net depreciation in fair value of investments.

(3) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

(a) Quoted prices for similar assets or liabilities in active markets;

(b) Quoted prices for identical or similar assets or liabilities in inactive markets;

(c) Inputs other than quoted prices that are observable for the asset or liability;

(d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the best level of input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

(3) Fair Value Measurements - Continued

There have been no changes in the methodologies used at December 31, 2018 and 2017. Following is a description of the valuation methodologies used for assets measured at fair value:

Registered Investment Companies: valued at quoted market prices at year end and are classified as Level 1 investments.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

Description	Assets Measured at Fair Value at December 31, 2018	Observable Inputs (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Registered investment companies	$ 14,413,483	$ 14,413,483	$ -	$ -

Description	Assets Measured at Fair Value at December 31, 2017	Observable Inputs (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Registered investment companies	$ 15,561,555	$ 15,561,555	$ -	$ -

(4) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

(5) Parties-in-Interest Transactions

Certain Plan investments are managed and held by the Trustee, GWTC. Additionally, notes receivable from participants are managed by GWTC. GWTC is the custodian of the Plan and therefore, these transactions in addition to payments made to Benefit, qualify as party-in-interest transactions. During 2018, the Plan paid approximately $19,000 for advisory, recordkeeping, and custodian services. While these transactions qualify as party-in-interest transactions as defined in Section 3(14) of ERISA, they are expressly exempted from the prohibited transaction rules.

(6) Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and statement of changes in net assets available for benefits

(7) Tax Status

The Plan has adopted a volume submitter plan document ("VSP") sponsored by Benefit, which received an opinion letter dated September 1, 2016, in which the IRS states that the VSP is qualified under Section 401(k) of the Internal Revenue Code (the "Code"). The VSP has been amended since the date of the opinion letter, however, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and being operated in compliance with applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset), if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed tax positions taken by the Plan and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax period.

(8) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500:

	2018	2017
Net assets available for benefits per the financial statements	$ 16,297,943	$ 17,230,553
Deemed distributed loans	(6,851)	(23,995)
Net assets per the Form 5500	$ 16,291,092	$ 17,206,558

The following is a reconciliation of the net decrease in net assets available for benefits per the financial statements to the Form 5500:

Net decrease in net assets available for benefits per the financial statements	$ (932,610)
Change in deemed distributed loans	17,144
Net loss per the Form 5500	$ (915,466)

(9) Subsequent Events

The Plan has evaluated subsequent events through July 23, 2019, the date the financial statements were available to be issued, and determined no events have occurred which would require adjustment within the financial statements and related disclosures.
