INDEPENDENT AUDITORS' REPORT

To the Plan Administrator, Participants of the
Metropolitan Diagnostic Imaging 401(k) Profit Sharing Plan and Trust

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Metropolitan Diagnostic Imaging 401(k) Profit Sharing Plan and Trust (the "Plan"), which comprise the statements of net assets available for benefits (modified cash basis) as of December 28, 2017 and December 31, 2016, and the related statement of changes in net assets available for benefits (modified cash basis) for the final period January 1, 2017 to December 28, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements, in accordance with the modified cash basis of accounting described in Note B; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information discussed in Note C, which was certified by Mid Atlantic Trust Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of December 28, 2017 and December 31, 2016, and for the final period January 1, 2017 to December 28, 2017, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note B in the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Emphasis of Matter

As further discussed in Note A to the financial statements, the Plan Sponsors elected to terminate the Plan effective December 29, 2013. Our opinion is not modified with respect to this matter.

Other Matter

The supplemental schedule of reportable transactions for the final period ended December 28, 2017, which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements, but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, it is inappropriate to, and we do not, express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule (modified cash basis), other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Metropolitan Diagnostic Imaging 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

On December 29, 2013, the Plan Sponsor elected to terminate the Plan. Effective with the Plan termination, there were no employee or employer contributions for the 2017 Plan year. All participant balances are fully vested.

[1] General:

The Plan was a defined contribution plan covering all employees of Metropolitan Diagnostic Imaging Group, LLC (the "Company"), who have completed three months of service. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The custodian of the Plan was Mid Atlantic Trust Company and the record-keeper was Paychex, Inc.

[2] Contributions:

Participants may contribute up to 20% of pre-tax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. In no event may participant pre-tax and after-tax contributions exceed any statutory limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company might contribute a discretionary non-elective contribution at such amounts as may be determined at the discretion of the Company's Board of Directors, with any such amount allocated to participants based upon qualifying compensation.

[3] Participant accounts:

Each participant's account was credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations were based on participant earnings or account balances, as defined. The benefit to which a participant was entitled was the benefit that can be provided from the participant's vested account.

[4] Vesting:

Participants were immediately vested in their contributions, plus actual earnings thereon. Effective April 23, 2014, employer discretionary matching contributions are 100% vested.

[5] Payment of benefits:

On termination of service due to death, disability, or retirement, a participant might elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, in either a lump-sum amount, annual installments or may apply such amount toward the purchase of an annuity.

[6] Forfeitures:

Forfeited nonvested accounts were used to reduce future Company contributions and pay Plan expenses. During the period ended December 28, 2017, no forfeitures were used to reduce employer contributions and pay Plan expenses as the forfeited nonvested accounts balance at December 28, 2017 and December 31, 2016, were \$0.

Notes to Financial Statements

December 28, 2017 and December 31, 2016

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

The financial statements were prepared on the modified cash basis of accounting. The modified cash basis of accounting is a cash basis that adjusts securities to fair market value and does not provide for accrual for contributions receivables or payables. Interest and dividends are recorded when received.

[2] Subsequent events:

The Plan has evaluated subsequent events through July 29, 2019, the date the financial statements were available to be issued.

[3] Investment valuation and income recognition:

The Plan's investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income are recorded when received. Net appreciation (depreciation) in value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

[4] Payment of benefits:

Benefits are recorded when paid.

[5] Plan expenses:

Substantially all expenses incurred in connection with the administration of the Plan are paid by the Company.

[6] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

NOTE C - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Mid Atlantic Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of all investments and related investment activity and related activity in the accompanying statements of net assets available for benefits as of December 28, 2017 and December 31, 2016, the statement of changes in net assets available for benefits for the period ended December 28, 2017 and supplemental schedule of Reportable Transactions for the period ended December 28, 2017.

Notes to Financial Statements

December 28, 2017 and December 31, 2016

NOTE D - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

All of the Plan's investments were in mutual funds, which have been classified as Level 1 securities. At December 28, 2017, the fair value of these investments was \$0.

Following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used as of December 28, 2017 and December 31, 2016.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE E - TAX STATUS

The Plan had adopted a Prototype Standardized Plan sponsored by Paychex, Inc. On April 10, 2014, the Internal Revenue Service ("IRS") stated in an opinion letter that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC") and therefore, the related trust is exempt from taxation. The Plan has been amended since receiving the letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified and the related trust is tax-exempt.

METROPOLITAN DIAGNOSTIC IMAGING 401(k) PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements

December 28, 2017 and December 31, 2016

NOTE E - TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 28, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

NOTE F - RISKS AND UNCERTAINTIES

The Plan invested in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2016 may not necessarily be indicative of amounts that could be realized in a current market exchange.

NOTE G - MUTUAL FUND FEES

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940. These annual fees are used to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.

NOTE H - DISTRIBUTIONS

The Plan requires mandatory distributions to a terminated participant without participant's consent if the value of the participant's vested accrued benefit is less than \$5,000 or in the case of a distribution following the termination of the Plan. Applicable regulations of the DOL permit the Plan to provide that mandatory distributions be rolled over into individual retirement accounts ("IRAs") established by the Plan administrator to the extent that Plan participants do not elect to either have such distributions be paid directly to an eligible retirement plan or to receive the distribution directly ("automatic rollovers"). Effective May 18, 2017, the Plan Sponsor entered into an Automatic Rollover Individual Retirement Account Service Agreement (the "service agreement") with MG Trust Company, LLC ("MG Trust") as custodian. The service agreement appoints MG Trust as Automatic IRA Provider for the purpose of establishing Automatic Rollover IRAs sponsored by the custodian to hold automatic rollovers from the Plan. During 2017, \$12,722 was rolled over from the Plan to MG Trust for the establishment of IRAs for Plan participants.
