Springfield Electric Supply Company
401(k) Profit Sharing Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2018 and 2017

NOTE A - DESCRIPTION OF PLAN

The following description of the Springfield Electric Supply Company 401(k) Profit Sharing Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution 401(k) profit sharing plan covering substantially all employees of Springfield Electric Supply Company ("the Company") and its subsidiary, Ronk Electrical Industries, Inc., who have one month of service and are of age 21 or older. Employees are eligible for employer matching and discretionary profit sharing contributions after one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is administered by the Trustee Committee consisting of persons appointed by the Board of Directors of the Company. The Charles Schwab Trust Company, as custodian for the Plan, accumulates and invests contributions as directed by the participants.

2. Contributions

Participants may contribute up to the maximum dollar amount as determined by the Federal government of pretax annual compensation, as defined in the plan document. The maximum deferral is the lesser of 100% of compensation or \$ 18,500 for 2018 and \$ 18,000 for 2017. Participants who will be at least 50 by the end of the year may make an additional "catch-up" contribution of up to \$ 6,000 in 2018 and 2017. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company contributes a discretionary match of 50% of the employee's first 6% of contributions. The Company determines the discretionary matching contribution on a yearly basis that is uniform for all participants. The Company may also make discretionary profit sharing contributions which are allocated among all eligible employees, regardless of their contribution election.

3. Participant Accounts

Each participant's account is credited with the participant's contributions and charged with withdrawals, as applicable, and allocations of the Company's contributions and Plan earnings. Allocations are based on participant earnings or account balances, as defined. Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A - DESCRIPTION OF PLAN - Continued

4. Vesting

Participants are immediately vested in their contributions plus or minus any earnings or losses thereon. The Company's matching and discretionary contribution portion of participants' accounts, plus or minus any actual earnings or losses thereon, vests at 100% after three years of employment.

5. Participant Loans

Participant loans are not allowed under this Plan.

6. Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or in installment or partial payments of at least \$ 1,000 per payment. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

7. Forfeited Accounts

Forfeited accounts are to be used to reduce future employer contributions. For the years ended December 31, 2018 and 2017, \$ 14,011 and \$ 5,640 of forfeitures were used to reduce employer contributions, respectively.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

1. Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis.

2. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note F for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

4. Benefits Paid

Benefits are recorded when paid.

5. Plan Expenses

Expenses for maintaining the Plan are paid for by Plan participants and the Company. Expenses paid by the Company are excluded from these financial statements. Investment related expenses are included in the net appreciation (depreciation) of fair value of investments.

6. Subsequent Events

The Plan management has evaluated subsequent events for recognition and disclosure in the financial statements through July 24, 2019, which is the date the financial statements were available to be issued. Through July 24, 2019, there were no subsequent events that required recognition or disclosure in the financial statements.

NOTE C - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE D - TAX STATUS

The Plan is intended to be qualified under Section 401(a) and tax exempt under Section 501(a) of the Internal Revenue Code. The Plan is a volume submitter plan and obtained its last approval letter, dated March 31, 2014, in which the Internal Revenue Service stated that the Plan was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the approval letter, the Plan sponsor believes the Plan is designed and is currently being operated in compliance with applicable requirements of the Internal Revenue Code and that the related trust is tax-exempt at the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE E - SUMMARY FINANCIAL INFORMATION CERTIFIED BY THE CUSTODIAN

The following is a summary of the (unaudited) information regarding the Plan as of December 31, 2018 and 2017, and for the years then ended, included in the Plan's financial statements and supplemental schedule that was prepared by the Custodian and furnished to the Plan sponsor. The Plan has obtained a certification from the Custodian that such information is complete and accurate, as follows:

NOTE F - FAIR VALUE MEASUREMENTS

The Plan follows the fair value measurement guidance for financial assets and financial liabilities. The guidance defines fair value, establishes a framework for measuring value and expands disclosure about fair value measurements. In addition, the guidance permits an entity to measure eligible financial instruments and other items at fair value. The Plan has not made any fair value elections.

Fair value is defined to be the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A three-level hierarchy has been established for fair value measurements based upon the inputs to the valuation of an asset or liability as follows:

Level 1 - Valuation is based on quoted prices for identical assets and liabilities in active markets.

Level 2 - Valuation is derived from inputs, other than quoted prices included in Level 1, which are observable for the asset or liability either directly or indirectly. Investments classified as Level 2 are generally valued by benchmarking model-derived prices to quoted market prices and trade data for identical or comparable securities. The significant inputs used in this approach include interest rates, prepayment timing, yield spreads, maturities, credit losses and credit ratings of the securities.

Level 3 - Valuation is derived from unobservable inputs that are not corroborated by market data.

Fair values of mutual funds have been determined by the Plan from observable market quotations as provided by the Plan's custodian bank. Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE F - FAIR VALUE MEASUREMENTS - Continued

The collective trust funds are valued at the NAV of the units of the trust held by the Plan. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The following table presents the Plan's fair value hierarchy for those assets measured at fair value on a recurring basis as of December 31:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>2018</u>				
Mutual funds	<u>\$ 3,799,428</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 3,799,428
Assets measured at net asset value				<u>37,247,682</u>
Investments at fair value				<u>\$ 41,047,110</u>
<u>2017</u>				
Mutual funds	<u>\$ 3,360,771</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 3,360,771
Assets measured at net asset value				<u>37,449,899</u>
Investments at fair value				<u>\$ 40,810,670</u>

In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE G - INVESTMENTS IN ENTITIES THAT CALCULATE NET ASSET VALUE PER SHARE

As part of the Plan's investment portfolio, there are investments made in collective trust funds, in which purchases and withdrawals are not made in an open market. Instead, the purchases and withdrawals occur with the funds, and in certain circumstances, those transactions are entirely controlled and/or restricted by the funds. The fair value of these investments is determined by the management of the funds and is reported to the Plan as the Plan's proportionate share of the net asset fair value of the entity. The table below provides information relative to this type of investment. All of the Plan's investments in collective trust funds are direct filing entities. Additional information on these investments can be found by viewing their U.S. Department of Labor Form 5500.

	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
<u>2018</u>				
Collective trust funds	\$ 37,247,682	\$ -	Daily	Daily
<u>2017</u>				
Collective trust funds	\$ 37,449,899	\$ -	Daily	Daily

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Charles Schwab Bank. The Charles Schwab Trust Company is the custodian of the Plan's assets and, therefore, these transactions qualify as party-in-interest transactions. The Charles Schwab Trust Company provides certain administrative services to the Plan. Charles Schwab receives revenue from mutual funds and collective trust fund service providers for services Charles Schwab provides to the funds. This revenue is used to offset certain amounts owed to Charles Schwab for its administrative services to the Plan. If the revenue received from such mutual fund or collective trust fund service providers exceeds the amount owed, Charles Schwab remits the excess to the Plan. Such amounts may be applied to pay Plan administrative expenses or to the accounts of the participants. During the years ended December 31, 2018 and 2017, \$ 2,866 and \$ 4,241 of excess amounts were deposited into the Plan, respectively.
