NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2018

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Steven Douglas Associates LLC 401(K) Profit Sharing Plan (the Plan) provides only general information. For more complete information, participants should refer to the Plan instrument, a copy of which is on file in the office of the Plan sponsor.

General

The Plan is a defined contribution 401(k) profit sharing retirement plan covering all eligible employees of Steven Douglas Associates, LLC (the Company) and its related affiliates. Steven Douglas Associates, LLC is the Plan sponsor, with the following participating employers: Steven Douglas Interim Financial Service, LLC, and Tallience, LLC (effective May 1, 2018). The Plan commenced on January 1, 1997 and was amended and restated effective July 1, 2009 and May 1, 2018. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

In order to be eligible to participate in the Plan, employees of the Company and its related affiliates must be at least 21 years old. Additionally, employees must have completed six months of continued service with the Company and complete at least one hour of service during that time. If the one hour service requirement is not met in six months, eligibility will be met upon completion of one year of service by working at least 1,000 hours during the year following the date of hire or any subsequent Plan year.

To be eligible for matching contributions, or any other employer contributions, employees must have completed a year of service by working at least 1,000 hours during the year following the date of hire or any subsequent Plan year. Additionally, participants must be employed on the last day of the Plan year to receive matching contributions for that Plan year.

Funding

Each year participants may contribute from 1% up to 75% of pretax annual compensation. According to the Internal Revenue Service (IRS) rules, the deferral may not exceed $18,500 in 2018 and $18,000 in 2017. Participants who have reached at least age 50 may contribute an additional $6,000 during 2018 and 2017. Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans.

The Company may match this contribution at a discretionary amount established each Plan year. Participants must be employed by the Company on the last day of the Plan year in order to be eligible to receive matching contributions are subject to certain limitations. During 2018 and 2017, the employer matched 25% of the first 4% contributed by the employees who met the eligibility criteria.

Participant Accounts

Each participant's account is credited with 1) employee contributions, 2) the employer's matching contribution and 3) a ratable portion of investment gain or loss, net of Plan expenses. Each participant's account is charged with any distributions made to that participant.

NOTE 1. DESCRIPTION OF THE PLAN (Continued)

Vesting

Participants are immediately vested in their contributions, actual earnings thereon, and qualified non-elective distributions, if any. Vesting in the employer's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Beginning on the second year of service, the vesting percentage increases by 20% after each year of service. A participant is 100% vested after 6 years of credited service.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions to be allocated among a selection of securities provided by the Plan administrator (see Note 3).

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant or beneficiary may withdraw from the account a lump-sum, installments, or partial amounts equal to or less than the value of the participant's vested interest in his or her account. The Plan provides for mandatory distributions to participants no longer employed by the Plan sponsor with vested account balances of less than $5,000.

Forfeitures

Forfeitures may be used to reduce employer contributions and to pay for plan expenses. They may be used in the year following the Plan year in which the forfeitures occur.

At December 31, 2018, the balance of forfeited non-vested accounts totaled $10,704. No forfeitures were used to pay for Plan's expenses during the year ended December 31, 2018.

Note Receivable from Participants

Participants may borrow from their fund accounts from $1,000 up to a maximum of $50,000 or 50% of their non-forfeitable account balance, whichever is less. Loan terms would range from 1 - 5 years unless the loan was for the purchase of a primary residence. The loans would be secured by the balance in the participant's account and bear interest at a rate of Prime plus 1%. For the year ended December 31, 2018, the interest rate on notes receivable from participants was between 4.50% and 6.00%. Principal and interest are to be paid through direct after-tax payroll deductions based on each loan amortization schedule. For terminated participants, the loan balances will become due and payable on the first day of the third month after the end of the quarter in which the termination occurred, unless the administrator, at their discretion, allows the participant to continue to make payments after termination. Participants had outstanding loans of $32,959 and $48,722 at December 31, 2018 and 2017, respectively.

NOTE 1. DESCRIPTION OF THE PLAN (Continued)

Termination

Although there is no intent to do so, the Plan document provides for termination of the Plan subject to the provisions of the agreement and ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared using the accrual basis of accounting. The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (see Note 3). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants (see Note 4 for discussion of fair value measurements).

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Concentration of Credit Risk

Financial instruments which potentially expose the Plan to concentrations of credit risks, as defined by GAAP, consist primarily of investments and employer contributions receivable, and related income. The Plan invests in mutual funds and money market funds which, inherent in the fair market value determination, include the risk factor of credit worthiness for each individual debt security.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

NOTE 3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

Reliance Trust Company, the custodian, held the Plan's investments as of December 31, 2018 and 2017. The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017, the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2018, and the information reflected on the schedule of Form 5500 - Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2018.

Allocations among the underlying investments are participant directed. The accounts are credited with earnings on the underlying investments (principally mutual funds) and charged for Plan withdrawals and administrative expenses.

During the year ended December 31, 2018, the Plan's underlying mutual fund investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $889,435. This was reported as net depreciation in fair value of investments in the statement of changes in net assets available for benefits.

NOTE 4. FAIR VALUE MEASUREMENTS

GAAP provides a framework for measuring fair value, expands disclosures about fair value measurements, and establishes a fair value hierarchy which prioritizes the inputs used in measuring fair value summarized as follows:

Level 1: Inputs using the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

The asset's or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used to measure fair value as of December 31, 2018 and 2017.

The following is a description of the valuation methods used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds: Valued at the floating net asset value of shares held by the Plan at year end.

The following table presents the Plan's fair value hierarchy for investments measured at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 5,826,323	$ -	$ -	$ 5,826,323
Money market funds	453,854	-	-	453,854
Total investments	$ 6,280,177	$ -	$ -	$ 6,280,177

The following table presents the Plan's fair value hierarchy for investments measured at fair value as of December 31, 2017:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 5,721,042	$ -	$ -	$ 5,721,042
Money market funds	365,056	-	-	365,056
Total investments	$ 6,086,098	$ -	$ -	$ 6,086,098

NOTE 5. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE 6. TAX STATUS

The Plan is exempt from Federal income taxes under Internal Revenue Code (IRC) and, therefore, no provision for Federal income taxes has been made. In addition, the Plan is required to operate in conformity with the IRC to maintain the tax exempt status. The Plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore believes that the Plan is tax-exempt. Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if it has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan has taken no such positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management believes that the Plan is no longer subject to such audits for tax periods prior to December 31, 2015.

NOTE 7. RELATED PARTIES

Steven Douglas Associates LLC is the Plan sponsor and participating employer. It is related to the following participating employers:

Steven Douglas Interim Financial Service LLC

Tallience LLC

They absorb virtually all of the Plan's administrative expenses.
