1. DESCRIPTION OF THE PLAN

The following description of Ruiz Food Products, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General The Plan is a defined contribution plan covering substantially all employees of Ruiz Food Products, Inc. (the Company), who have 2 months of service and are 18 years of age or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was originally established as of January 1, 1996, and has been subsequently amended and restated. The Plan trustees are responsible for oversight of the Plan, including the appropriateness of the Plan's investment offerings and investment performance.

Contributions Participants may elect to contribute to the Plan, in the form of employee 401(k) salary deferral contributions (pre-tax 401(k) deferrals and Roth 401(k) deferrals), up to the lesser of 100% of their eligible compensation or the maximum amount allowable by law. Participants who obtained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make discretionary non-safe harbor matching contributions, safe harbor matching contributions and discretionary profit sharing contributions. Such contributions made by the Company, if any, are allocated to eligible participants who have worked over 1,000 hours and were employed on the last day of the Plan year, with the exception of safe harbor contributions. Safe harbor contributions are based on 100% of the employee's elective deferral that does not exceed 3% of employee compensation, plus 50% of the elective deferral that exceeds 3% of employee compensation but does not exceed 5% of employee compensation. The Plan was designated as a Safe Harbor CODA Plan for the plan years ended December 31, 2018 and 2017 and made safe harbor matching contributions of $3,628,964 and $3,154,385 respectively. The Company did not make any discretionary non-safe harbor matching or profit sharing contributions for the years ended December 31, 2018 and 2017.

All contributions are invested in a portfolio of investments as directed by the Plan trustees.

Participant Accounts Each participant's account is credited with the participant's contributions, employer contributions, and account earnings, and may be charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting Participants are immediately vested in their contributions and earnings thereon. Discretionary non-safe harbor matching contributions and discretionary profit sharing contributions are subject to vesting. A participant is 100% vested after five years of credited service. Participants are credited with one year of service for each plan year in which they worked at least 1,000 hours.

Notes Receivable From Participants Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000, or 50% of their vested account balance. Note receivable repayment terms generally may not exceed five years, except in the case of the purchase of a primary residence. The notes receivable are secured by the balances in the participants' accounts.

The notes receivable interest rate, determined as of date of the notes receivable, is set at 1% above the prime rate, as defined. Principal and interest are paid ratably through semimonthly payroll deductions.

Payment of Benefits Withdrawals are allowed in the event of termination, disability, death, retirement, or attainment of age 59½. Depending on the event, the withdrawal may be subject to early withdrawal penalties imposed by the *Internal Revenue Code* (IRC). Payments are made in the form of a lump-sum distribution or annual installments over a period of time of not more than the participant's life expectancy.

Forfeitures Forfeitures attributable to discretionary non-safe harbor matching and discretionary profit sharing contributions may be used to pay Plan expenses or reduce future employer contributions to the Plan. There were no forfeited nonvested account balances used to reduce Plan expenses for the years ended December 31, 2018 and 2017. Forfeited nonvested account balances totaled $-0- for years ended December 31, 2018 and 2017.

Plan Termination Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting The Plan uses the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition Investments are reported at fair value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. The Plan trustees determine the Plan's valuation policies utilizing information provided by the investment advisers and custodian. Fair value measurements are discussed below.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Fair Value Measurements The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Group Annuity Contract: The group annuity contract account is made up of a variety of pooled sub-accounts, which individually invest in specific established mutual funds. The group annuity contract and the underlying sub-accounts net unit values are not a publicly quoted price in an active market. The market value of each sub-account is based on the underlying mutual fund per share. Net asset value is adjusted for sub-account specific fees and differing treatment of distributions and mutual fund share splits. Participant transactions (issuances and redemptions) may occur daily. Participant-directed redemptions have no restrictions; however, the Plan is required to provide a 12-month notice to liquidate their entire share in the fund to ensure that securities' liquidations will be carried out in an orderly business manner. There are no unfunded commitments at December 31, 2018 and 2017.

Guaranteed Investment Contracts: The guaranteed investments contracts are valued at fair value. The principal valuation technique is discounted cash flow using the present new money interest rate for the same instrument offered by the custodian, John Hancock Life Insurance Company (John Hancock).

See note 4 for the classification of these assets within the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes Receivable From Participants Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. No allowance for credit losses was recorded as of December 31, 2018 and 2017. Delinquent participant notes receivable are recorded as distributions on the basis of the terms of the Plan agreement.

Other Assets Other assets in the accompanying statements of net assets available for benefits represents credits earned by the Plan as of December 31, 2018 and 2017 that can be used to pay plan expenses or transferred to participants as earnings to the extent not utilized to pay expenses within 3.5 months after the Plan year end.

Accrued Expenses Accrued expenses consist of administrative expenses incurred in the current plan year and intended to be paid by the Plan but not yet paid as of December 31, 2018 and 2017.

Payment of Benefits Benefits are recorded when paid.

Expenses Certain operating expenses of the Plan are deducted from participant accounts and the remaining expenses are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments. As provided in the Plan document, reasonable administrative expenses of the Plan may be paid by the Plan, to the extent they are not paid by the Company. John Hancock provides investment fee rebates to offset the cost of plan administration. Administrative expenses of the Plan are shown net of the rebates earned.

Reclassifications Certain amounts in the December 31, 2017, financial statements have been reclassified for comparative purposes to conform to the presentation in the December 31, 2018, financial statements.

Evaluation of Subsequent Events The Plan has evaluated subsequent events through July 29, 2019, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY CUSTODIAN

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such an election, the investments and notes receivable from participants included in the statements of net assets available for benefits, and the investment loss and interest income on notes receivable from participants included in the statements of changes in net assets available for benefits as of and for the years ended December 31, 2018 and 2017, were not subject to auditing procedures and have been certified as complete and accurate by John Hancock.

4. FAIR VALUE MEASUREMENTS

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value.

December 31, 2018	Level 1	Level 2	Level 3	Total
Group annuity contract	$ -	$ 66,486,245	$ -	$ 66,486,245
Guaranteed investment contracts	-	-	103,060	103,060
Total Assets in the Fair Value Hierarchy	$ -	$ 66,486,245	$ 103,060	$ 66,589,305

December 31, 2017	Level 1	Level 2	Level 3	Total
Group annuity contract	$ -	$ 64,007,584	$ -	$ 64,007,584

Total Assets in the Fair Value Hierarchy	$ -	$ 64,007,584	$ 105,566	$ 64,113,150

For years ended December 31, 2018 and 2017, there were no significant transfers between levels 1 and 2 and no transfers in or out of level 3.

The table below sets forth a summary of changes in the fair value of the Plan's level 3 assets for the years ended December 31, 2018 and 2017.

		Guaranteed Investment Contracts
Balance - December 31, 2016	$	96,592

5. NON-FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan has investment contracts with John Hancock which are not fully benefit responsive. These contracts are included in the financial statements at fair value as reported to the Plan by John Hancock. John Hancock maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value represents contributions made under contract, participant loan repayments, plus earnings, less participant loans, withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract has certain restrictions that impact the ability to collect the full contract value, for example, the Plan may not withdraw more than 20% of the beginning of the year balance of the contract without incurring a penalty. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. John Hancock may not terminate the contract at any amount less than the contract value.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date. The crediting rate of the contract will track Current-market yields on a trailing basis.

6. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by John Hancock. John Hancock is the custodian as defined by the Plan, therefore, these transactions qualify as party-in-interest transactions.

John Hancock provides certain administrative services to the Plan pursuant to an agreement between the Company and John Hancock. John Hancock receives revenue from mutual funds and other service providers for services John Hancock provided to the funds. This revenue is used to offset certain amounts owed to John Hancock for its administrative services to the Plan.

Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the mutual funds, as they are paid through revenue sharing rather than a direct payment. If the revenue received by John Hancock from such mutual fund service providers exceeds the amount owed under the agreement, John Hancock remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. The Plan or the Company may make a payment to John Hancock for administrative services not covered by revenue sharing.

7. TAX STATUS

The Plan has adopted a prototype, non-standardized profit sharing plan established by All Valley Administrators, LLC. The prototype plan obtained an opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the form of the prototype plan, as then designed, is acceptable under Section 401 of the IRC. Although the Plan has adopted amendments since adopting the prototype plan, the Plan administrator believes that the Plan is currently designed and operating in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified and the related trust is tax-exempt.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. RECENT ACCOUNTING PRONOUNCEMENT

In August 2018, Financial Accounting Standards Board issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurements: Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurements.* This ASU modifies the disclosure requirements for fair value measurements. Those modifications include the removal and addition of disclosure requirements as well as clarifying specific disclosure requirements. The ASU is effective for fiscal years beginning after December 15, 2019. Certain provisions of the ASU will be applied prospectively while the rest of the provisions will be applied retrospectively. The Plan's management has not yet determined the impact that implementation of this ASU will have on the Plan's financial statements.
