INDEPENDENT AUDITOR'S REPORT

To the Plan Sponsor and Participants of
Houston Plating & Coatings 401(K) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Houston Plating & Coatings 401(K) Plan (the "Plan"), which comprise the Statements of Net Assets Available for Benefits - Modified Cash Basis as of December 31, 2018 and 2017, and the related Statements of Changes in Net Assets Available for Benefits – Modified Cash Basis for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with a modified cash basis of accounting; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by John Hancock Life Insurance Company (the "Custodian"), the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the Custodian held the Plan's investment assets and executed investment transactions. The Plan administrator has obtained a certification from the Custodian as of and for the years ended December 31, 2018 and 2017, that the information provided to the Plan administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) – Modified Cash Basis as of December 31, 2018, is required by DOL Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

As described in Note 2, these financial statements and supplemental schedule were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with DOL Rules and Regulations for Reporting and Disclosure under ERISA.

HOUSTON PLATING & COATINGS 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS – MODIFIED CASH BASIS

1. Description of Plan

The following description of the Houston Plating & Coatings 401(K) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was formed and adopted by Houston Plating & Coatings, LLC (the "Company"), effective January 1, 2007, as a defined contribution 401(K) plan that provides retirement savings benefits to all employees of the Company who reach six consecutive months of service or 1,000 hours of service, whichever comes earlier. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Administration

The Plan is administered by an administrator appointed by the Company. William H. Howard, Jr., CEO, (the "Trustee") serves as trustee of the Plan. John Hancock Life Insurance Company (the "Custodian") serves as custodian and recordkeeper of the Plan.

Participant Contributions

Each year, participants may contribute pre-tax contributions up to 90% of their annual compensation and 100% of any bonus received, not to exceed the limitation ($18,500 in 2018 and $18,000 in 2017) set forth in Section 402(g) of the Internal Revenue Code ("IRC"). Participants may designate all or a portion of their contribution as a ROTH deferral, which is a post-tax deferral. Additionally, participants may make catch-up contributions (pre-tax contributions that exceed the annual elective deferral limit) during any calendar year ending on or after the participant's 50th birthday. Participants' total catch-up contributions are limited to a maximum of $6,000 for both 2018 and 2017. Participants may also make rollover contributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer Contributions

The Company makes a Safe Harbor matching contribution equal to the sum of a) 100% of the participant's elective deferrals that do not exceed 3% of the participant's compensation and b) 50% of the participant's elective deferrals that exceed 3% of the participant's compensation but do not exceed 5% of the participant's compensation. The Company, at its discretion, may also make matching contributions and/or profit sharing contributions. During the years ended December 31, 2018 and 2017, the Company made Safe Harbor matching contributions in the amount of $193,430 and $155,824, respectively. The Company made no matching contributions or profit sharing contributions during the years ended December 31, 2018 and 2017.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions, and an allocation of Plan earnings. Upon the occurrence of a distribution event, the benefit to which a participant is entitled is the benefit that can be provided from the participant's vested interest in his or her account.

Participant Notes Receivable

Participants may borrow from their account a minimum of $1,000 up to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates, as determined by the Plan administrator, plus 2%. During the years ended December 31, 2018 and 2017, loans bore interest at fixed rates ranging from 5.25% to 7.25% and 5.25% to 6.25%, respectively, for the term of the loan, not to exceed five years, or 20 years if used for the purchase of a residence. Participants may have only one loan outstanding at a time and principal and interest are paid through payroll deductions.

1. Description of Plan, continued

Vesting

Participants are immediately vested in their elective contributions, rollover contributions, and the Company's Safe Harbor matching contributions, and any income or loss thereon. Vesting in the Company's matching contributions and profit sharing contributions, if any, are determined in accordance with the following vesting schedule:

Years of Service	Percentage
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Forfeitures

Plan forfeitures generally result from terminating participants who are not fully vested in their Company matching contributions and profit sharing contributions. Any forfeitures are used first to pay administrative expenses and then to reduce any employer contributions. As of and for the years ended December 31, 2018 and 2017, there were no amounts forfeited from the Plan and no forfeitures were available for use.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant (or his or her designated beneficiary in the event of death) may receive a single lump-sum amount equal to the value of the participant's vested interest in his or her account. For minimum required distributions, the participant may elect to receive his or her distribution in installment payments. In-service withdrawals are allowed by the Plan from the participant's fully vested account balance after the participant has attained age 59 ½. Prior to age 59 ½ and subject to guidelines set forth in the IRC, a participant may request a hardship withdrawal. However, Safe Harbor matching contributions are not available for hardship distributions.

Administrative Expenses

The Plan is responsible for payment of the custodial expenses and fees. However, the Company may pay a portion of the administrative expenses on behalf of the Plan.

Expense Offset Arrangements

Fees incurred by the Plan for the investment management services or recordkeeping are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared using a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Accordingly, net assets and additions to net assets are recognized when received rather than when earned and deductions from net assets are recognized when paid rather than when the liability is incurred. The Plan's basis of accounting is a modified cash basis because the Department of Labor ("DOL") recognizes the cash basis of accounting as an acceptable method for reporting purposes, but requires modifications to present investments at fair value.

Use of Estimates

The preparation of the Plan's financial statements in conformity with a modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Therefore, the actual results could differ from those estimates.

2. Summary of Significant Accounting Policies, continued

Risks and Uncertainties

The Plan provides for various investment options. These investment options are exposed to risks such as interest rate risk, market risk and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits – Modified Cash Basis and the Statements of Changes in Net Assets Available for Benefits – Modified Cash Basis.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Net (depreciation) appreciation in the fair value of investments includes realized gains and losses on investments sold during the year and unrealized (depreciation) appreciation of investments held at the end of the year. Purchases and sales of securities are recorded on a trade-date basis. Dividend and interest income from investments are recorded when received.

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is accrued as earned. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan agreement.

Benefit Payments

Benefit payments are recorded when paid.

3. Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification Topic 820 ("ASC 820"), *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

3. Fair Value Measurements, continued

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In determining fair value, the Plan uses the market approach, which uses prices and other relevant data based on market transactions involving identical or comparable assets and liabilities.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2018 and 2017.

Pooled separate accounts: Valued at the net asset value ("NAV") of units based on the quoted market price of the underlying securities and the number of units owned by the Plan at year end. The NAV, as provided by the Custodian, is used as a practical expedient to estimate fair value.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

In accordance with Accounting Standards Update No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, investments measured at NAV per share (or its equivalent) as a practical expedient, are not classified in the fair value hierarchy. All Plan investments, at both December 31, 2018 and 2017, are in pooled separate accounts and measured at NAV as a practical expedient. Accordingly, no fair value hierarchy is presented.

Fair Value of Investments in Entities that use NAV

The following table summarizes investments measured at fair value based on NAV per share, as a practical expedient, as of December 31, 2018 and 2017:

Investment Strategies

The following reflect the investment strategies of investments in entities that use NAV:

(a) Seeks high total return through its target retirement date by allocating its assets among underlying funds according to an asset allocation strategy that becomes increasingly conservative over time. The Portfolio's asset mix increases its allocation to fixed income funds and reduces its allocation to stock funds as it nears its target date.

3. Fair Value Measurements, continued

Fair Value of Investments in Entities that use NAV, continued

Investment Strategies, continued

(b) Seeks to achieve the approximate aggregate total return of a broad U.S. domestic equity market index by matching the performance of the S&P 500 Index.

(c) Seeks growth of capital by looking for companies that offer the potential to provide strong earnings growth such as traditional growth companies, as well as opportunities in cyclical companies and those in a turnaround situation that appear to be under-valued.

(d) Seeks a high level of current income by investing roughly 80% of assets in debt securities of all types and repurchases agreements for the securities, then invests the remaining 20% of assets in lower quality debt securities.

(e) Seeks to preserve capital and provide stability of principal while earning current income that exceeds money market rates over the long term and is invested primarily in benefit responsive contracts issued by state regulated insurance companies and banks, including but not limited to John Hancock Life & Health Insurance Company.

(f) Seeks long-term growth of capital by identifying sectors and companies undergoing change and focus on those whose market prices are depressed and whose valuation is appropriate for a value fund.

(g) Seeks long-term growth of capital through a well-diversified and moderately aggressive portfolio through patient stock pricing and invests in securities of growing companies based primarily in Europe and the Pacific Basin.

(h) Seeks to achieve the approximate aggregate total return of a small-cap U.S. domestic equity market index by matching the performance of the Russell 2000 Index.

(i) Seeks to achieve the approximate aggregate total return of a mid-cap U.S. domestic equity market by matching the performance of the S&P Mid Cap 400 Index.

(j) Seeks to provide substantial dividend income and long-term capital appreciation through a conservative, value-oriented approach that uses fundamental research to find undervalued stocks along with stocks that pay above average dividends.

(k) Seeks capital appreciation by primarily selecting securities for foreign and U.S companies with high growth potential, and uses a fundamental analysis of company's financial statements, management structure, operating and product development, and considers factors affecting the industry of which the company is part.

(l) Seeks to build portfolio with mid cap growth characteristics comprised of stocks delivering best combination of acceleration and market leadership.

(m) Seeks long-term capital application by identify companies whose stock prices do not appear to reflect their underlying value. In selecting investments, the process begins with initial screens that looks for mid-sized companies that have attractive fundamentals such as favorable industry structure, strong market position, and experienced management.

(n) Seeks to buy the stocks of companies that are trading at discount to their underlying asset value or their expected earnings growth over the next five years.

(o) Seeks to track performance of broad-based equity index of foreign companies primarily in developed countries, and, to a lesser extent, in emerging markets. The strategy is to buy and hold qualified securities, trading only when there are cash flows, a change to the index, or to reinvest cash from dividend income, tax reclaims or corporate actions.

(p) Seeks to provide capital appreciation by investing 80% of the fund's net assets in issuers with medium market capitalizations with a focus on above average earnings growth potential companies.

4. Information Certified by the Custodian (Unaudited)

The Plan administrator has elected the method of annual reporting and compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments at December 31, 2018 and 2017, and net appreciation (depreciation) in fair value of investments for the years then ended, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Custodian of the Plan.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. Tax Status

The Plan adopted by the Company is a volume submitter ("VS") plan that is designed to comply with provisions of the IRC's Economic Growth and Tax Reconciliation Act of 2001 ("EGTRRA"). Such VS plans are pre-approved by the Internal Revenue Service ("IRS") by reference to the Cumulative List of Changes in Plan Qualification Requirements (the "Cumulative List") provided under EGTRRA. Accordingly, the Plan was eligible for a six-year remedial amendment cycle. Because the Plan is a VS plan, the Company is not authorized to amend the Plan except to comply with changes in the Cumulative List. The Plan received a favorable determination letter from the IRS on March 31, 2014. Management of the Company and the Plan administrator believe the Plan complies with and is being operated in accordance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate the tax position taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the DOL and IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

7. Party-in-Interest Transactions

Certain Plan investments are in accounts managed by the Plan's Custodian. These transactions qualify as party-in-interest transactions as defined by ERISA. However, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

8. Operational Defect

During the year ended December 31, 2018, it was discovered that certain Plan provisions were not properly applied in the daily operation of the Plan. The eligibility criteria for entry into the Plan as per the Plan document was not properly applied when determining eligibility for certain employees. The Plan administrator determined that employee deferrals improperly not withheld from the affected participants and the related employer safe harbor contributions totaled $1,976. Such amount was deposited into the affected participants' accounts in July 2019 and accordingly, is included in other employer contributions receivable on the Statement of Net Assets Available for Benefits at December 31, 2018 and in other employer contributions on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2018.

9. Reconciliation of Plan Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2018 and 2017:

	2018	2017

Other employer contributions receivable	(1,976)	-
Other	-	(1)
Net assets available for benefits per Form 5500	$ 4,126,641	$ 4,160,686

9. Reconciliation of Plan Financial Statements to Form 5500 (Continued)

The following is a reconciliation of the net decrease in net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2018 and 2017:

	2018	2017
Net decrease in net assets available for benefits per the financial statements	$ (32,070)	$ (28,054)
Other employer contributions	(1,976)	-
Other	1	(1)
Net decrease in net assets available for benefits per Form 5500	$ (34,045)	$ (28,055)

10. Subsequent Events

Plan management has evaluated all subsequent events through July 30, 2019, which is the date the financial statements were available to be issued, and has concluded that there were no significant events to be reported.
