NEW ENGLAND WIRE PRODUCTS CO., INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

A. PLAN DESCRIPTION:

The following description of the New England Wire Products Co., Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for more detailed information.

General

The Plan is a defined contribution plan sponsored by New England Wire Products Co., Inc. (the "Company") covering substantially all non-union employees who have attained the age of 21 and have completed ninety days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute up to 100% of their plan compensation on a pre-tax, or Roth, basis, subject to Internal Revenue Code ("IRC") limitations. Participants who are at least age 50 may make an additional "catch-up" contribution subject to IRC limitations. Participants may also contribute funds from another qualified retirement plan ("rollover contributions"), subject to certain requirements.

Employees who complete one year of service are eligible to receive a Safe Harbor matching contribution equal to 100% of contributions on the first 3% of compensation and 50% of the next 2% of compensation, for a maximum match of 4% of compensation. The Company may also make discretionary non-elective contributions for participants who have completed 1,000 hours of service and are still employed on the last day of the plan year. The Company did not make a non-elective contribution for the year ended December 31, 2018.

Participant Accounts

Each participant's account is credited or charged with contributions, investment income, and administrative expenses. Investment income, including realized and unrealized gains and losses, and expenses are allocated to participants' accounts based on each participant's account balance within each fund. Participants determine the percentage in which contributions are to be invested in each fund. Participants may change their investment options as set forth in the plan document.

Vesting

Participants are fully vested in that portion of their account which represents their contributions, safe harbor contributions and the income earned thereon. Participants become 100% vested in the Company's contributions, other than safe harbor contributions, and earnings thereon upon death, total and permanent disability, attainment of early retirement age, or attainment of normal retirement age. Otherwise, a participant's interest in the Company's contributions, other than safe harbor contributions, and earnings thereon vests according to the following schedule:

Forfeitures

When certain terminations of participation in the Plan occur, the nonvested portion of a participant's account represents a forfeiture, as defined by the Plan. Forfeitures will first be used to restore accounts of forfeiting participants who are re-employed and meet certain requirements as set forth in the Plan. Remaining forfeitures will be used to reduce future employer contributions and to pay plan expenses. Any forfeitures not used at the end of the year will be allocated to participants. In 2018, \$21,993 in forfeitures were used to reduce company contributions. Unallocated forfeitures at December 31, 2018 and 2017 were \$6,051 and \$24,265, respectively.

Unallocated Assets

The Plan holds assets in a fee recapture account which receives deposits as a result of a revenue sharing agreement with Great-West Trust Company, LLC. During 2018, deposits to the account totaled \$11,315, which is included in net appreciation in fair value of investments in the statement of changes in net assets available for plan benefits. Funds in the account are used to pay qualified plan expenses. During 2018, \$11,315 was used to pay plan expenses. Unallocated assets were \$0 December 31, 2017 and 2016, respectively.

Distribution of Benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Benefits may be distributed to participants upon termination of employment by reason of retirement, disability, death or other separation from service. Distributions under the Plan may be made in lump sums or installment payments.

A participant may also request a withdrawal upon attainment of age 59 1/2 or upon demonstration by the participant to the plan administrator that the participant is suffering from "hardship". Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to Section 401(k) of the Internal Revenue Code or standards established by the Secretary of the Treasury or his delegate.

NOTES TO FINANCIAL STATEMENTS

Notes Receivable from Participants

A participant may borrow an aggregate amount up to the lesser of \$50,000 or 50% of the participant's vested account balance, subject to plan limitations. The minimum loan amount that may be taken is \$1,000. Loans must bear a reasonable rate of interest commensurate with local prevailing interest rates, as determined by the plan administrator. Loans are collateralized by the participant's nonforfeitable interest in the Plan and are supported by a promissory note. Loans must be repaid over a period not to exceed five years unless the loan proceeds are used for the purchase of a primary residence, in which case a longer repayment period is allowed. Participant loans are valued at the unpaid principal balance plus any accrued but unpaid interest and categorized as notes receivable from participants on the statements of net assets available for plan benefits. Delinquent participant loans, due to non-payment or termination of employment, are reclassified as distributions based upon the terms of the plan document.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

NEW ENGLAND WIRE PRODUCTS CO., INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

Plan Expenses

The Company pays for recordkeeping and other expenses incurred by the plan. Management fees charged by the custodians are paid by the Plan. Participant transaction fees are paid by participants initiating the transaction.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides investment options, which may invest in any combination of stocks, bonds, fixed income securities, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

C. FAIR VALUE MEASUREMENTS:

Accounting standards establish a framework for measuring fair value. That framework sets forth a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below.

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; or other inputs that are observable or can be corroborated by observable market data for substantially the full terms of the assets or liabilities.

Level 3 - Inputs to the valuation methodology are unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used by the Plan. There have been no changes in the methodologies used at December 31, 2018 and 2017.

NEW ENGLAND WIRE PRODUCTS CO., INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

Mutual funds – Valued at the net asset value of the shares held by the Plan at year end as determined by quoted market prices.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

<u>Description:</u>	2018			
	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>

Total investments in the fair value hierarchy:	<u>\$ 3,459,225</u>	<u>\$ 3,459,225</u>	<u>\$ -</u>	<u>\$ -</u>

D. INVESTMENTS AT CONTRACT VALUE:

The Plan holds a traditional investment contract issued by Great-West Life & Annuity Insurance Company ("the contract issuer"). The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

With traditional investment contracts, the Plan owns only the contract itself. These contracts are designed to accrue interest based on crediting rates established by the contract issuers.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0 percent. Such interest rates are reviewed on a quarterly basis for resetting. The contract does not have a maturity date.

The Plan must provide 60 days' notice to the contract issuer to redeem its interest in this investment at contract value.

NEW ENGLAND WIRE PRODUCTS CO., INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that would also would limit the ability of the Plan to transact at contract value with the participants.

E. TAX STATUS:

The Plan has adopted the Prototype Non-Standardized Profit Sharing Plan of Great-West Trust Company. The prototype sponsor received a favorable opinion letter dated March 31, 2014 in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The plan administrator believes the Plan is currently designed and operated in compliance with applicable requirements of the IRC and is, therefore, exempt from federal income taxes under Section 501(a) of the IRC.

F. COMPLIANCE AND ERISA:

The plan administrator has elected the method of compliance permitted under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, no auditing procedures with respect to the information certified by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the custodians of the Plan, were performed by the independent auditors except for comparing the information to the financial statements and supplemental schedule. The custodians have certified as to the completeness and accuracy of the investments held by the Plan as of December 31, 2018 and 2017, the investment earnings and other investment-related transactions of the Plan for the year ended December 31, 2018, and the information contained in the Schedule of Assets (Held at End of Year).

NEW ENGLAND WIRE PRODUCTS CO., INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

G. PARTIES-IN-INTEREST:

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, loans to participants and transactions involving investments that are both managed and held by the custodians are considered party-in-interest transactions.

H. PLAN TERMINATION:

Although the Plan was established with the intention that it will continue indefinitely, the Company retains the right to discontinue its contributions at any time or to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, all participants will become 100% vested in their accounts.

I. SUBSEQUENT EVENTS:

The Company has evaluated subsequent events through July 29, 2019, the date these financial statements were available for issuance.
