Andover Healthcare, Inc. Retirement Savings Plan
Notes to Financial Statements and Supplemental Schedule
December 31, 2018 and 2017

1. Plan Description

General

The following description of the Andover Healthcare, Inc. Retirement Savings Plan (the "Plan") is provided for general informational purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan established on January 1, 2000 by Andover Healthcare, Inc. ("Andover Healthcare" or the "Sponsor") to provide benefits to eligible employees. The Plan also includes employees of Andover Healthcare Resources, Inc., a related employer of Andover Healthcare, Inc. The Plan is administered by the Sponsor (the "Plan Administrator") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended, and the Internal Revenue Code (the "Code"). The Custodian of the Plan is John Hancock Life Insurance Company (U.S.A.).

Eligibility

All full-time employees having completed three months of service (subject to quarterly entrance dates) and attained the age of twenty-one (21), as defined, are eligible for participation.

Contributions

A participant may contribute a percentage of his/her compensation, as defined in the Plan. Such contributions are deducted from the participant's earnings. The Plan also permits catch-up contributions pursuant to federal regulations. The Sponsor is currently matching up to 50 percent of the first four percent of an employee's compensation contributed to the Plan under a discretionary match formula. Both Sponsor and participant contributions are subject to certain limitations as defined in the Plan documents and in accordance with applicable regulations.

Participants' Accounts

Contributions made by the participants and the Sponsor are sent to the Custodian and are allocated to the respective participants' accounts. Each participant's account is credited with his/her pre-tax contributions, the employer matching contributions and investment earnings. The benefit, which a participant is entitled to, is the benefit provided by his/her account.

Vesting of Contributions

A participant's contributions and earnings thereon are fully vested at all times. Under normal vesting circumstances, the Employer Matching Contributions and earnings thereon are 20% vested after two years of service, and an additional 20% vested each subsequent year until 100% vested after six years of vesting service, as defined in the Plan. Any participant becomes fully vested upon death, disability, attainment of normal retirement age or upon termination of the Plan.

Forfeitures

Participants who terminate their employment prior to becoming fully vested in sponsor contributions forfeit such non-vested contributions and earnings thereon. Forfeitures are retained, in a non-interest bearing cash account, in the Plan and are used to reduce future sponsor contributions and pay expenses. The forfeitures held as of December 31, 2018 and 2017 were \$1,194 and \$42, respectively. During the years ended December 31, 2018 and 2017, forfeitures of \$17,623 and \$11,673 respectively, were created. During the years ended December 31, 2018 and 2017, forfeitures of \$16,471 and \$11,875, respectively, were used to reduce sponsor contributions.

Notes to Financial Statements and Supplemental Schedule (Continued)
December 31, 2018 and 2017

1. Plan Description (Continued)

Rollovers

With the approval of the Sponsor, the Plan may receive amounts designated as rollover contributions from another qualified plan provided that the receipt of such amounts does not adversely affect the qualified tax status of the Plan. Participants are fully vested in these amounts.

Notes Receivable from Participants

Under certain conditions, as defined in the Plan documents, a participant may be granted a loan for a minimum of \$1,000 up to a maximum equal to the lesser of 1) one half of his/her vested account balance or 2) \$50,000 reduced by the highest outstanding loan balance during the prior twelve month period. The loans are secured by the balance in the participant's account, and bear interest at a rate determined when the loan was granted. During 2018 and 2017, the interest rate applied to new loans was the prime rate, plus 2%.

Payment of Benefits

Upon termination of service due to retirement or disability, a participant may elect to receive either a lump-sum distribution equal to the value of his/her account or to defer receipt of his/her account balance, provided a distribution is made or commences no later than the April 1st following the end of the calendar year in which the participant attains age 70-1/2.

In the event of death, a participant's entire account balance will be distributed to his/her beneficiary.

Withdrawals

Withdrawals are not permitted except for a severe financial hardship, such as the purchase of a primary residence, educational expenses, uninsured medical expenses or the prevention of eviction from or foreclosure on a primary residence. Hardship guidelines adhere to the final 401(k) regulations of the Code.

2. Summary of Significant Accounting Policies

The following is a summary of significant accounting policies which are in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP"), consistently followed by the Plan in the preparation of its financial statements.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of sources and applications of net assets during the reporting period. Actual results could differ from those estimates.

Andover Healthcare, Inc. Retirement Savings Plan
Notes to Financial Statements and Supplemental Schedule (Continued)
December 31, 2018 and 2017

2. Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued interest.

Investment Valuation, Income Recognition and Investment Transactions

The Plan has entered into an investment contract with the Custodian. The Custodian maintains participant contributions in pooled separate accounts which are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Investments are stated at fair value based upon the pooled separate accounts unit value as determined by the Custodian on the close of each business day.

Net appreciation or depreciation in fair value of investments represents dividends earned, realized gains and losses and the change in unrealized appreciation or depreciation during the year. Dividend income earned on investments is reinvested in the respective investment.

Purchases and sales of securities are recorded on a trade-date basis.

Administrative Expenses

For the years ended December 31, 2018 and 2017, the Sponsor absorbed certain Plan administrative expenses.

Benefit Payments

Benefit payments to participants are recorded when paid.

Party-In-Interest Transactions

All investments are managed by an affiliate of the Custodian; therefore, these transactions qualify as party-in-interest transactions. In addition, notes receivable from participants are party-in-interest transactions.

Subsequent Events

The Plan Sponsor evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through July 24, 2019, which is the date the financial statements were available to be issued.

3. Tax Status

The Plan is a John Hancock prototypical plan and is designed to operate in compliance with the applicable requirements of the Code. The Plan obtained its latest determination letter on November 19, 2001 in which the Internal Revenue Service stated that the Plan, as designed, was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's ERISA counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress. The Plan Administrator believes that it is no longer subject to income tax examinations for years prior to 2015.

4. Plan Termination

The Sponsor has stated its intent to continue the Plan indefinitely; however, continuation of the Plan is voluntary on the part of the Sponsor, and the Sponsor reserves the right to modify or terminate the Plan at any time. In the event of a Plan termination, participants will become 100% vested in their accounts, net of any expenses necessary to terminate the Plan.

5. Fair Value Measurements

The Plan has adopted accounting and reporting standards with respect to measuring fair value. These standards establish a framework that provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2018 and 2017.

Pooled separate accounts: Valued at the estimated fair value based on the value of the underlying assets. These investments are categorized in Level 2.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

6. Certified Financial Data

The Plan's investments and investment transactions were certified by John Hancock Life Insurance (U.S.A.), the Custodian of the Plan, as complete and accurate as of and for the years ended December 31, 2018 and 2017. Therefore, in accordance with the request of the Plan Administrator and as allowed under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure ERISA, this information was not subjected to auditing procedures generally accepted in the United States of America by the Plan's independent public accountants, except for comparing such information to related information included in the financial statements and supplemental schedule. The following is a summary of the unaudited information regarding the Plan, which was prepared by or derived from information prepared by the Custodian and furnished to the Plan Administrator.

	<u>2018</u>	<u>2017</u>
Investments, at fair value:		
Pooled separate accounts	\$ 1,932,083	\$ 2,168,060
Notes receivable from participants, at unpaid balance	<u>18,724</u>	<u>18,274</u>

In addition, the Custodian has certified the information included in the supplemental schedule Form 5500 - Schedule H - Part IV - Line 4i, Schedule of Assets (Held at End of Year).

7. Risks and Uncertainties

The Plan invests in various investment securities through pooled separate accounts. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with the Plan participants are probable of occurring.
