Other Matter – 2017 Financial Statements

The financial statements of the Plan as of December 31, 2017 were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated October 4, 2018, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1 Description of Plan

The following description of the Amtrol, Inc. Pension Plan (“Plan”) provides only general information. Participants should refer to the plan document for a complete description of the Plan's provisions.

General:

The Plan, which was previously amended and restated effective April 1, 2016, is a defined contribution plan covering all employees of Amtrol, Inc. (the “Company”), except leased, union, non-resident aliens, interns, and project employees, who meet the hour and age requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was amended effective January 1, 2018 to freeze the Plan to new entrants and future contributions. Further, the amendment allowed for immediate and full vesting of account balances as of the effective date of the amendment. The account of each participant was transferred in to the Worthington Industries, Inc. Deferred Profit Sharing Plan (“DPSP”) effective October 3, 2018.

On June 2, 2017, Worthington Industries, Inc. (“Worthington”) acquired the Company as part of a stock transaction.

Eligibility:

All employees of the Company, as outlined above, are eligible to participate in the employee deferral provisions of the Plan. All employees of the Company, as outlined above, age twenty-one and older who are employed for three months are eligible to participate in the employer contribution provisions of the Plan.

Contributions:

Employee Contributions – Employees with no prior deferral election are automatically enrolled in the Plan at a rate of 4% of compensation. Participants may opt not to contribute or to change their deferral rate to a different rate than the default auto-enrollment rate. Employees can defer the maximum amount allowed under the guidelines prescribed by the Internal Revenue Service. In addition, catch up contributions are allowed for those individuals meeting the requirements.

Employer Contributions - The Company may make discretionary contributions to each eligible participant's account by matching a percentage of the Participant's elective deferral for the plan year. Company discretionary matching contributions during 2018 and 2017 totaled \$0 and \$583,387, respectively.

Employer Discretionary Profit Sharing Contributions - The Company may also make additional contributions. There were no such contributions made to the Plan in 2018 or 2017.

Rollover contributions from other Plans are also accepted, providing certain specified conditions are met.

Participants' Accounts:

Each participant's account is credited with the participant's elective contributions, employer matching contributions, employer discretionary profit sharing contributions, earnings and losses thereon.

Vesting:

Effective January 1, 2018, all participants are 100% vested in elective deferrals, employer matching, and employer discretionary profit-sharing contributions, and rollover contributions made to the Plan.

Prior to January 1, 2018, all participants were 100% vested in employer matching contributions and employer discretionary profit sharing contributions after completing three years of service.

Forfeitures:

Forfeitures due to termination from the Plan before a participant is 100% vested shall be allocated to remaining participants in the same manner as the employer's contribution.

Forfeited non-vested accounts totaled \$0 and \$26,190 as of October 3, 2018 and December 31, 2017, respectively. During 2018 and 2017, \$0 and \$28,425 of forfeiture amounts, respectively, were used to reduce employer matching contributions.

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Upon termination of service by reason of separation of service, retirement, death or total and permanent disability, a participant receives a lump sum amount equal to the value of his or her account. A participant may also receive a partial withdrawal at a minimum of \$1,000. Benefits are recorded when paid.

Hardship Withdrawals:

Hardship withdrawals are permitted in accordance with Internal Revenue Service guidelines.

Investment Options:

Upon enrollment in the Plan, a participant may direct any contributions to any of the investment options offered by the Plan.

2 Summary of Significant Accounting Policies

Basis of Accounting:

The Plan's transactions are reported on the accrual basis of accounting.

Valuation of Investments:

Investments are stated at fair value. Marketable securities are reported at fair market value as of the balance sheet date. Fair market values represent quoted market prices or, if quoted market prices are not available, estimated fair values as determined by the Plan's investment broker. The fair value of the common/collective trust fund is valued based on the underlying investments which are generally fixed-income portfolios which are wrapped by stable value contracts. The fund will also hold cash for liquidity and may also invest in traditional GICs.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as held during the year. Other income during the year represents revenue sharing amounts credited back to the Plan for those funds which generate such amounts.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

2 Summary of Significant Accounting Policies, Continued

Administrative Fees:

Substantially all administrative fees are paid by the Company.

Risks and Uncertainties:

The Plan's investment include investments in mutual funds and a common collective trust fund holding investment contracts with varying degrees of risk, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statement of net assets available for plan benefits.

Reclassifications:

Certain prior year amounts have been reclassified to conform with the current year's presentation.

Subsequent Events:

Management evaluates subsequent events occurring subsequent to the date of the financial statements in determining and the accounting for and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through July 26, 2019, which is the date the financial statements were available to be issued.

3 Tax Status

On May 1, 2012, the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue code. The Plan has been amended, however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan administrator has analyzed tax positions taken by the Plan and has concluded that, as of October 3, 2018, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress.

4 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

- * Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
- * Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
 - * Quoted prices for similar assets or liabilities in active markets
 - * Quoted prices for identical or similar assets or liabilities in inactive markets
 - * Inputs other than quoted prices that are observable for the asset or liability
 - * Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- * Level 3: Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 3, 2018 and December 31, 2017.

Mutual Funds:

The fair value of the mutual funds are based on quoted market prices.

Common/Collective Trust Fund:

The Wells Fargo Galliard Stable Value Fund M is a common/collective trust fund which invests all of its assets in another stable return fund (the Wells Fargo Stable Return Fund G), a common/collective trust fund sponsored by Wells Fargo Bank, N.A. The Wells Fargo Stable Return Fund G invests in investment contracts and security-backed contracts. The fair value of the common/collective trust fund is based on the net fair value of the underlying assets. The underlying investments are valued at fair value based on commercial quotation services. The fair value is allocated among the contract holders based on a unit value. These fall into the Level 2 category of the valuation hierarchy.

Participant transactions (purchased and sales) may occur daily. Units of the fund are issued and redeemed at the current net asset value. Redemptions by participating plans occur at net asset value following the 12-month notice period.

There were no assets held for investment at October 3, 2018.

6 Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by John Hancock Trust Company LLC, the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest. Usual and customary fees were paid by the mutual fund for the investment management services. In addition, the Plan has arrangements with various service providers and these arrangements qualify as party-in-interest transactions.
