Note 1 - Plan Description

The following description of CorePower Yoga, LLC Employee Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of CorePower Yoga, LLC (the "Company") who have completed one year of service and 1,000 hours of service and are age 21 or older. Hours are measured annually after the first year of employment. The entry date for eligible participants is the first day of the first month following obtaining eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Company is the sponsor of the Plan. The board of directors of the Company administers the Plan. Reliance Trust Company (the "Trustee") functions as trustee and investment manager. Investment management fees and trustee fees are paid by the Plan in accordance with the plan agreement.

Contributions

The Plan provides for employee salary deferral contributions up to a maximum of 85 percent of annual compensation, as limited by the Internal Revenue Service (IRS), which is adjusted annually by the Secretary of the Treasury for inflation. This maximum percentage may be reduced by the plan administrator in certain circumstances. Eligible employees who have reached age 50 during the plan year may elect to make catch-up contributions, as limited by the IRS. Participants are eligible to defer on an after-tax basis through regular payroll deductions up to 85 percent of eligible compensation as Roth 401(k) deductions. Provided requirements are met, withdrawals of contributions and any earnings are tax free to the participant. A participant's combined pretax and after-tax contributions cannot exceed the maximum annual amount allowed by law. Employee contributions to the Plan are made through regular payroll deductions. The Plan also permits rollover contributions from other qualified retirement plans.

The Company will make a matching contribution equal to a discretionary percentage of the participant's elective deferrals, to be determined by the Company. The Company has the right to designate all or a portion of the matching contributions as qualified. To the extent matching contributions are so designated, they are nonforfeitable and may not be withdrawn from the Plan prior to separation from service or attainment of age 59½.

The Company will make nonelective profit-sharing contributions based on a discretionary amount determined by the Company.

No employer matching or employer nonelective profit-sharing contributions were made during the year ended December 31, 2018.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon and any qualified matching contributions.

Note 1 - Plan Description (Continued)

Employer matching contributions (including forfeiture) and the earnings or losses thereon not fully vested when contributed vest 50 percent upon completion of one year of service and vest 100 percent upon completion of two years of service.

Vesting for employer nonelective profit-sharing contributions is based on the participant's years of service and vests fully upon completion of three years of service.

A participant's account becomes 100 percent vested upon death, attaining normal retirement age of 65 while an employee, retirement due to disability, or termination of the Plan.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balances. Participants may have a maximum of one loan outstanding at any given time. The loans are secured by the balances in the participants' accounts and bear interest at a rates between 6.00 percent and 6.50 percent, which is commensurate with local prevailing rates, as determined quarterly by the plan administrator at loan origination, and mature at various dates through April 2047. Loans have a maximum term of five years, unless such loan is for the purchase of the participant's primary residence, in which case the repayment period may be payable with a period that is commensurate with the repayment period permitted by commercial lenders for similar loans. Principal and interest are paid ratably through payroll deductions. Participant loans are recorded in the financial statements at amortized cost (which represents unpaid principal plus accrued interest). Upon termination of a participant from employment, the participant's loan shall continue to be payable in accordance with the provisions of the participant's loan or be due in full.

Benefit Payments

Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account. Benefits are recorded when paid.

The Plan allows in-service distributions and partial distributions to participants age 59½ or older who have not terminated employment with the plan sponsor. The Plan also provides for hardship withdrawals for defined hardship events. Participants who are granted a hardship withdrawal are not allowed to make contributions for the six months following such withdrawal. The Plan allows in-plan Roth conversions. Furthermore, the Plan allows for terminated participant vested account balances of $1,000 or less to be automatically distributed and balances of $1,000 to $5,000 to be automatically rolled out of the Plan. The IRS has required minimum distributions once a participant reaches age 70½ during the previous plan year and is no longer employed by the Company.

Participant Termination and Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures can be used to pay administrative expenses of the Plan. There were no forfeitures for the year ended December 31, 2018, and there was no balance in the forfeiture account at December 31, 2018 and 2017.

Note 2 - Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Note 2 - Summary of Significant Accounting Policies (Continued)

Valuation of Investments and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Concentration of Investments

At December 31, 2018 and 2017, five investments accounted for 81 and 91 percent, respectively, of total investments at fair value.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including July 30, 2019, which is the date the financial statements were available to be issued.

Note 3 - Assets Certified by the Trustee

Reliance Trust Company (the "Trustee") holds the Plan's investments and executes all investment transactions. The investment balances and related investment income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Trustee.

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by the trustee, except for comparing the information contained therein to information included in the financial statements and the supplemental schedule of assets held at end of year.

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2018 and 2017:

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2018			
	Level 1	Level 2	Level 3	Investments (at Fair Value)
Mutual funds	$ 1,692,628	$ -	$ -	$ 1,692,628

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2017			
	Level 1	Level 2	Level 3	Investments (at Fair Value)
Mutual funds	$ 1,582,554	$ -	$ -	$ 1,582,554

There were no changes to the valuation techniques used during the period.

Note 5 - Income Taxes

Generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 - Income Taxes (Continued)

At December 31, 2018 and 2017, $69,493 and $46,337, respectively, was accrued for corrective distributions and was included as excess contribution payable on the statement of net assets available for benefits to be made in order to comply with nondiscrimination testing.

The Plan, as adopted, is a volume submitter plan, which does not require an application for a determination letter from the Internal Revenue Service (IRS). The volume submitter plan has received a favorable notification letter from the IRS dated June 1, 2015. The Plan has not individually sought its own determination letter.

Note 6 - Administration of the Plan

All usual and reasonable expenses of the Plan may be paid in whole or in part by the Company. Any expenses not paid by the Company will be paid by the trustee with assets of the trust. In 2018, all expenses were borne by the Company, except for monthly investment management service fees charged to the funds, loan application fees charged to participants who obtained a loan, and transaction fees charged to participants within the self-directed brokerage account. For the year ended December 31, 2018, fees ranging between 0.20 and 1.20 percent on a fund-by-fund basis based on the fund balance were retained to pay the investment provider and the recordkeeper and were included in net appreciation in fair value on the statement of changes in net assets available for benefits.

Note 7 - Related Party and Party-in-interest Transactions

Certain plan investments are mutual funds, which are managed by T. Rowe Price, the Plan's recordkeeper; therefore, these transactions qualify as party-in-interest and are exempt from the prohibited transaction rules. In addition, the Plan provides for loans to participants, which are also party-in-interest transactions that are exempt from the prohibited transaction rules.

Note 8 - Reconciliation of the Financial Statements to Form 5500

Benefits paid to participants and excess contributions payable, for financial reporting purposes, differ from amounts shown on the Plan's Form 5500 for the year ended December 31, 2018 due to the accrual of corrective distributions.
