INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Ellwood Texas Forge Retirement Income Plan
Houston, Texas

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Ellwood Texas Forge Retirement Income Plan (Plan), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by T. Rowe Price Trust Company, the Trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the Trustee as of December 31, 2018 and 2017, and for the year ended December 31, 2018, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held at end of year as of December 31, 2018, is required by the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA.

ELLWOOD TEXAS FORGE RETIREMENT INCOME PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of the Ellwood Texas Forge Retirement Income Plan (Plan) provides only general information. Participants should refer to the Plan document or the Summary Plan Description for a complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all salaried and hourly employees of Ellwood Texas Forge, L.P. (Ellwood Texas Forge Houston (ETFH)), Ellwood Texas Forge Navasota, LLC (ETFN), Ellwood Machining and Welding Company LLC (EMW) (ceased operations during 2018), C&J Cladding LLC (CJC), and Gulfco Forge Company, LLC (GFC) (collectively, Company and Plan Sponsor) and is in accordance with Section 401 of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: ETFH and EMW employees are eligible to participate in the Plan on the first day of the calendar month following their employment commencement date. GFC employees who have completed 30 days of service are eligible to participate in the Plan on the first day of the calendar month after they meet the service requirement. ETFN and CJC employees who have completed three months of service are eligible to participate in the Plan on the first day of the pay period after they meet the service requirement.

In addition, the Plan includes an automatic enrollment policy. Under this policy, if an employee does not submit an automatic enrollment waiver within 30 days of becoming eligible, he or she will be automatically enrolled in the Plan at a 3% deferral rate. The deferral rate increases 1% per year up to 6%. An employee has the option to cease enrollment, withdraw all contributions, and forfeit all Company contributions within 90 days of becoming eligible.

Contributions: Participants may contribute a pre-tax or post-tax (Note 11) portion of their compensation from 1% up to a maximum allowable by the Plan document and in accordance with other limiting provisions of the IRC and other applicable legal limits.

In any calendar year in which a participant is age 50 or older, an additional "catch-up contribution" (limited to \$6,000 in 2018) may be made. Participants may also contribute amounts representing distributions from other qualified defined contribution plans.

The Company determines a matching contribution on an annual basis. During 2018, the Company contributed a matching contribution according to the following schedule:

EMW, CJC, GFC	50% match up to 6% contributed
ETFH	75% match up to 6% contributed
ETFN	100% match up to 4% contributed
	50% match from 5 - 6% contributed

ETFH may also make discretionary contributions which are determined by management either annually or during each calendar quarter. ETFH made discretionary contributions of approximately \$211,000 in 2018. GFC may also make discretionary contributions which are determined by management annually. GFC did not make discretionary contributions in 2018. ETFN, EMW, and CJC may also make discretionary contributions which are determined by management during each calendar quarter. ETFN made discretionary contributions of approximately \$149,000 in 2018 and CJC made discretionary contributions of approximately \$23,000 in 2018. EMW did not make discretionary contributions in 2018.

Participant accounts: The Trustee maintains separate participant accounts for each participant. Each participant's account is credited with their voluntary and rollover contributions, earnings on account investments, Company matching contributions, and with an allocation of the Company's discretionary contributions. Allocations of the Company's discretionary contributions are based on participant compensation. The benefit to which a participant is entitled is the benefit that can be provided from his or her vested account.

ELLWOOD TEXAS FORGE RETIREMENT INCOME PLAN

NOTES TO FINANCIAL STATEMENTS

Notes receivable from participants: Participants may request a loan from the Plan. Participants may borrow from their accounts a minimum of \$1,000 and a maximum equal to the lesser of (a) 50% of their vested balance, or (b) \$50,000, reduced by the participant's highest outstanding loan balance during the prior 12 months. Loan terms generally range from 12 to 60 months, unless the loan is made for the purchase of a participant's principal residence in which the loan term cannot exceed 10 years. The loans are secured by the balance of the participant's account and bear interest at a reasonable rate, as defined by the Plan document.

Vesting: EMW, CJC, ETFN, and GFC participants are immediately vested in their contributions, any Company contributions, and earnings thereon.

Effective February 1, 2018, ETFH participants are immediately vested in their contributions, any Company contributions, and earnings thereon (Note 11). Prior to February 1, 2018, ETFH participants were immediately vested in their contributions and earnings thereon; however, ETFH's Company matching contributions, discretionary contributions, and earnings thereon to each participant's account vested according to the following schedule:

Years of Service	Vested Percentage
1	20%
2	40%
3	60%
4	80%
5 or more	100%

In the event a participant retired on or after the normal retirement age (age 60), became disabled, or died, the balance in the participant's account became fully vested.

Payment of benefits: Upon termination of service, death, disability, or attainment of age 59½, participants may receive a lump-sum amount equal to the vested value of the participant's account. Unless a lump-sum distribution is required by the Plan, participants may elect to receive alternate forms of distributions as defined by the Plan document. Participants are also entitled to receive all or a portion of their before-tax savings contributions in the form of a hardship withdrawal, if they have met Plan provisions for such a withdrawal.

As of December 31, 2018 and 2017, there were no significant amounts allocated to accounts of individuals who have withdrawn from the Plan but have not been paid.

Forfeitures: Forfeited balances of terminated participants' nonvested accounts are applied to reduce administrative expenses of the Plan and then future Company contributions. As of December 31, 2018 and 2017, forfeited nonvested accounts totaled approximately \$20,200 and \$14,900, respectively.

Investment options: Participants may direct their contributions and any Company contributions made on their behalf to a variety of investment options provided by the Plan.

Note 2. Significant Accounting Policies

The accounting policies followed by the Plan and the method of applying those policies which materially affect the determination of net assets available for benefits and changes in net assets available for benefits are as follows:

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting, and the general practices within the employee benefit plan industry.

ELLWOOD TEXAS FORGE RETIREMENT INCOME PLAN

NOTES TO FINANCIAL STATEMENTS

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets available for Plan benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade date basis. Dividend income is recorded on the ex-dividend date and interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and (losses) on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan document.

Payments of benefits: Benefits are recorded when paid.

Investment management fees and operating expenses: Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation (depreciation) in fair values of investments.

Administrative fees and expenses: Administrative fees and expenses are paid by the Company or the Plan, as provided by the Plan document.

Subsequent events: In preparing these financial statements, the Plan evaluated events that occurred through July 29, 2019, the date the financial statements were available to be issued, for potential recognition or disclosure.

Recent Accounting Pronouncements

Codification Improvements: In July 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-09, *Codification Improvements*. These amendments represent changes to clarify, correct errors in, or make minor improvements to the Codification, eliminating inconsistencies and providing clarifications in current guidance. The amendments in this ASU include those made to: Subtopic 220-10, Income Statement-Reporting Comprehensive Income-Overall; Subtopic 470-50, Debt-Modifications and Extinguishments; Subtopic 480-10, Distinguishing Liabilities from Equity-Overall; Subtopic 718-740, Compensation-Stock Compensation-Income Taxes; Subtopic 805-740, Business Combinations-Income Taxes; Subtopic 815-10, Derivatives and Hedging- Overall; Subtopic 820-10, Fair Value Measurement-Overall; Subtopic 940-405, Financial Services- Brokers and Dealers-Liabilities; and Subtopic 962-325, Plan Accounting-Defined Contribution Pension Plans-Investments-Other. The transition and effective date guidance is based on the facts and circumstances of each amendment. Some of the amendments in this Update do not require transition guidance and were effective upon issuance of this Update.

Fair Value Measurement: In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement* (Topic 820): *Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. The amendments in this Update modify the disclosure requirements on fair value measurements in *Topic 820, Fair Value Measurement*, based on the concepts in the Concepts Statement, including the consideration of costs and benefits. In addition, the amendments eliminate *at a minimum* from the phrase *an entity shall disclose at a minimum* to promote the appropriate exercise of discretion by entities when considering fair value measurement disclosures and to clarify that materiality is an appropriate consideration of entities and their auditors when evaluating disclosure requirements. The amendments on changes in unrealized gains and losses, the range and weighted average of significant unobservable inputs used to develop Level III fair value measurements, and the narrative

description of measurement uncertainty should be applied prospectively for only the most recent interim or annual period presented in the initial fiscal year of adoption. All other amendments should be applied retrospectively to all periods presented upon their effective date. Early adoption is permitted. An entity is permitted to early adopt any removed or modified disclosures upon issuance of this Update and delay adoption of the additional disclosures until their effective date. The Plan is currently evaluating the impact, if any, that adoption will have on its December 31, 2020, financial statements.

Note 3. Information Certified by T. Rowe Price Trust Company, the Trustee

The following is a summary of the investment information as of December 31, 2018 and 2017, and for the year ended December 31, 2018, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the Trustee furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by the Trustee related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the information which appears throughout the financial statements and the supplemental schedule related to the following investments as of December 31:

	2018	2017
Investments at fair value:		
Mutual funds	\$ 29,293,058	\$ 30,555,079
Common collective trust	8,918,686	8,978,128
	<u>\$ 38,211,744</u>	<u>\$ 39,533,207</u>

The Trustee also certified to the completeness and accuracy of \$2,367,032 of net depreciation in fair value of investments, \$903,844 of dividends earned on investments, \$13,680 of other income, and \$78,976 of interest related to notes receivable from participants for the year ended December 31, 2018. Notes receivable from participants that were certified as of December 31, 2018 and 2017, amounted to \$1,575,860 and \$1,653,061.

Note 4. Investments and Fair Value Measurements

Authoritative guidance regarding *Fair Value Measurements* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I measurements) and the lowest priority to unobservable inputs (Level III measurements). The three levels of the fair value hierarchy under the authoritative guidance are described as follows:

Level I Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level II Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified contractual term, the Level II input must be observable for substantially the full term of the asset or liability.

ELLWOOD TEXAS FORGE RETIREMENT INCOME PLAN

NOTES TO FINANCIAL STATEMENTS

Level III Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are the descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2018 or 2017:

Mutual funds: Mutual funds are public investment vehicles valued using the net asset value provided by the administrator of the fund on the last day of the Plan's year end using a quoted price in an active market.

Common collective trust: The T. Rowe Price Stable Value Common Trust Fund N (Fund) is a collective trust fund which holds interests in fully benefit-responsive contracts. The Fund is valued using net asset value (NAV), as provided by the Trustee on the last day of the Plan's year end, as a practical expedient to estimate fair value. The NAV is based on the value of the underlying assets owned by the trust, minus its liabilities, and then divided by the number of shares outstanding. This practical expedient is not used when it is determined to be probable that the Fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Assets at Fair Value as of December 31, 2018		
	Level I	Total
Investments in the fair value hierarchy:		
Mutual funds	\$ 29,293,058	\$ 29,293,058
Investment measured at net asset value (a):		
Common collective trust	-	8,918,686
Total assets at fair value	\$ 29,293,058	\$ 38,211,744
Assets at Fair Value as of December 31, 2017		
	Level I	Total
Investments in the fair value hierarchy:		
Mutual funds	\$ 30,555,079	\$ 30,555,079
Investment measured at net asset value (a):		
Common collective trust	-	8,978,128
Total assets at fair value	\$ 30,555,079	\$ 39,533,207

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

Transfers Between Levels

For the years ended December 31, 2018 and 2017, there were no significant transfers between Levels I and II and no transfers in or out of Level III.

Investments Measured Using NAV per Share as Practical Expedient

The following table summarizes the investment for which fair value is measured using the net asset value per share practical expedient as of December 31. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value		Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
	2018	2017		2018 and 2017	
Common collective trust: Stable Value Common Trust Fund N	<u>\$ 8,918,686</u>	<u>\$ 8,978,128</u>	N/A	Daily	Daily

Note 5. Related Party Transaction

Certain Plan investments in mutual funds and the common collective trust are managed by the Trustee. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for custodian and recordkeeping services were not significant for the year ended December 31, 2018.

Certain administrative functions are performed by officers or employees of the Company at no cost to the Plan. Certain other administrative expenses are paid directly by the Company for which it is not reimbursed.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of the ERISA.

Note 7. Tax Status

The Plan has adopted the PDS Premier Volume Submitter 401(k) Savings/PS Plan document, available through T. Rowe Price Retirement Plan Services, Inc. The Plan document has received an opinion letter from the Internal Revenue Service dated March 31, 2014, as to the Plan document's qualified status. The Plan has been amended and restated since receiving the determination letter; however, the Plan Administrator and the Trustee believe that the Plan is designed and operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by a taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, tax returns for years ended December 31, 2015, and thereafter remain subject to examination by the appropriate taxing authorities.

Note 8. Plan Transfers

Funds transferred from other plans and into other plans reflect amounts being transferred to and from affiliated plans as employees periodically transfer between companies for employment.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

Note 10. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of the financial statements to the Forms 5500 as of and for the years ended December 31:

	2018	2017
Net assets available for Plan benefits per the financial statements	\$ 39,886,317	\$ 41,225,204
Deemed participant loans	(104,392)	(81,302)
Net assets available for Plan benefits per Schedule H of Forms 5500	\$ 39,781,925	\$ 41,143,902
Net (decrease) in assets available for Plan benefits per the financial statements	\$ (1,338,887)	
Deemed distributions of participant loans	(23,090)	
Net (loss) per Form 5500	\$ (1,361,977)	

Note 11. Plan Amendments

Effective January 1, 2018, the Plan was amended and restated to allow for Roth 401(k) elective deferrals. Also, effective February 1, 2018, the Plan was amended for ETFH participants to be immediately vested in Company match and discretionary contributions and earnings thereon.

Note 12. Subsequent Event

Effective March 29, 2019, the Plan merged with and transferred rights to the assets of the Plan to the Ellwood 401(k) Retirement Plan, which is sponsored by Ellwood City Forge Company.
