INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the
PeroxyChem LLC Savings and Investment Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the PeroxyChem LLC Savings and Investment Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Reliance Trust, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that Reliance Trust held the Plan's investment assets and executed investment transactions as of December 31, 2018 and 2017. The plan administrator has obtained certifications from the trustee as of December 31, 2018 and 2017, and for the year ended December 31, 2018, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2018 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee and the agent on behalf of the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

PeroxyChem LLC Savings and Investment Plan
Notes to Financial Statements
As of December 31, 2018 and 2017 and for the Year Ended December 31, 2018

1. Description of Plan

The following description of the PeroxyChem LLC Savings and Investment Plan (the “Plan”) provides only general information. The Plan was originally effective March 1, 2014 and was most recently amended and restated effective January 1, 2018 (see Note 9). Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees of PeroxyChem LLC (the “Company”), who have completed one month of service with the Company. Non-resident aliens, and employees classified as seasonal, co-op student, intern, temporary, provisional or special project employee and an employee who has been hired by a participating employer for a specific project or for a definite and limited period of time are ineligible for Plan participation. Reliance Trust Company is the trustee of the Plan. The Plan is designed as a prototype plan under the recordkeeper and trustee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

On November 7, 2018 Evonik Industries AG signed an agreement with One Equity Partners to acquire PeroxyChem LLC, the Plan sponsor.

Contributions

Each year, participants may contribute up to 100 percent of their pretax annual compensation, as defined in the Plan document, provided that in no event shall a participant elect to contribute more than the maximum allowed by law. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Contributions may be designated as Roth 401(k) contributions. The Plan provisions include automatic enrollment for participants who do not complete a salary deferral agreement by their Plan entry date, and provided that no contrary election is made, the participant will automatically defer 5% of eligible compensation for each payroll period to be contributed to the Plan, and that amount will increase by 1% each Plan year up to a maximum of 10% of eligible compensation. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan provides for a discretionary matching employer contribution which is calculated each payroll period. For the year ended December 31, 2018, the discretionary employer match was 80% of the first 5% of an active participant’s eligible compensation contributed to the Plan.

The Plan provides for a safe harbor matching contribution equal to 3% of a participant’s eligible compensation. For the year ended December 31, 2018, the total safe harbor matching contribution was \$1,238,041. During 2019, forfeitures of \$124,037 was used to offset the 2018 safe harbor matching contribution.

The Plan also provides for a discretionary non-elective employer contribution. Non-union employees will receive a discretionary uniform allocation and Union employees’ allocation will be based on the Union’s Collective Bargaining Agreement. For the year ended December 31, 2018, the uniform allocation for non-union employees was 2% of eligible compensation, and ranged from 2% to 7% of eligible compensation for union employees depending on completed years of service. Employees must be employed on the last day of the Plan year in order to be eligible to receive the discretionary non-elective employer contribution. For the year ended December 31, 2018, the total discretionary non-elective employer contribution was \$934,294.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and Company matching contribution, as well as allocations of the Company’s non-elective employer contribution, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined

in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited Accounts

Forfeitures are generally used to pay administrative expenses or to offset any employer contributions. The total unallocated forfeiture account balance was \$158,787 and \$59,751 as of December 31, 2018 and 2017, respectively. Forfeitures of \$35,335 were used to pay administrative expenses during the year ended December 31, 2018. No forfeitures were used to offset employer contributions during the year ended December 31, 2018.

Vesting

A participant, at all times, has a fully vested (100%) interest in their own contributions, safe harbor matching contributions and rollover contributions, including actual earnings thereon.

Discretionary matching contributions and discretionary non-elective contributions vest according to the following schedule:

<u>Years of Vesting Service</u>	<u>Percentage</u>
Less than 1 year	0%
More than 1 year but less than 2 years	20%
More than 2 years but less than 3 years	40%
More than 3 years but less than 4 years	60%
More than 4 years but less than 5 years	80%
5 or more years	100%

Notwithstanding the above vesting for matching contributions, and the discretionary non-elective contribution, a participant will become 100% vested in these accounts upon their attainment of normal retirement age (65), early retirement age (55 with 10 years of service), on account of termination of employment due to death or disability while an employee, or upon a change in control of the Company. Former FMC Corporation employees transferring to PeroxyChem LLC as of March 1, 2014 are 100% vested for purposes of all contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts at a maximum amount equal to the lesser of \$50,000 or 50 percent of their vested account balances. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions. Loan terms shall not extend beyond five years from the date of the loan, unless the loan is for the purchase of a participant's primary residence.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or installment payments over a period of time. For termination of service due to other reasons, a participant may elect to receive the value of the vested interest in his or her account as a lump sum distribution or installment payments. In circumstances when a terminated participant has a vested account balance less than \$1,000, the participant's vested account balance shall be distributed in a lump sum. In the event of a mandatory distribution greater than \$1,000 but does not exceed \$5,000, if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the plan administrator will pay the distribution in a direct rollover to an individual retirement account designated by the plan administrator. Hardship and in-service distributions are also permitted from participant accounts, based on the terms of the Plan document.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the trustee and investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments consists of the realized gains or losses and the unrealized appreciation or depreciation of those investments.

Notes Receivable from Participants

Notes receivable from participants (participant loans for Form 5500 reporting purposes) are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2018 excess contributions to the applicable participants during 2019.

Payments of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

All reasonable administrative expenses, including custodial and third party administration fees necessary to operate and administer the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses of maintaining the Plan that are paid directly by the Company are excluded from these financial statements. A participant's account may be charged for expenses associated with a specific optional feature, including administration of participant loans, elected by that participant, and are included in administrative expenses. Certain investment related expenses are included in the net appreciation (depreciation) of fair value of investments.

Recently Issued Accounting Guidance

In August 2018, the Financial Accounting Standards Board issued *Accounting Standards Update 2018-13, Fair Value Measurement (Topic 820), Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement* ("ASU 2018-13"). ASU 2018-13 was issued as part of a disclosure framework project to improve the effectiveness of disclosures in the notes to the financial statements. ASU 2018-13 removes, adds and modifies certain disclosure requirements from Topic 820, however, the added disclosures are not required for nonpublic entities. ASU 2018-13 is effective for all entities for fiscal years beginning after December 15, 2019. Certain amendments are to be applied prospectively while others are to be applied retrospectively. Early adoption is permitted. An entity is permitted to early adopt any removed or modified disclosures and delay

adoption of the additional disclosures until their effective date. The Plan has not yet determined the impact on the notes to the financial statements that will result from the adoption of ASU No. 2018-13.

Subsequent Events

The Plan has evaluated subsequent events through July 17, 2019, the date the financial statements were available to be issued.

3. Unaudited Information Certified by the Plan Trustee

The Plan Sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information included in the accompanying financial statements and supplemental schedule was derived from information certified by Reliance Trust, the trustee, as complete and accurate:

- Investments, at fair value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2018 and 2017.
- Investment activity, including interest and dividend income and net appreciation (depreciation) in the fair value of investments; and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2018.
- The information for all registered investment companies (mutual funds), common/collective trust fund, and participant loans listed in the schedule of assets (held at end of year) at December 31, 2018 as shown in the supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2018 and 2017.

PeroxyChem LLC Savings and Investment Plan
Notes to Financial Statements
As of December 31, 2018 and 2017 and for the Year Ended December 31, 2018

Registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The shares of registered investment companies held by the Plan are deemed to be actively traded.

Common/collective trust fund: Valued at the net asset value of units held by the Plan at year-end. The Plan is applying the practical expedient to its investment in the JP Morgan Stable Asset Income Fund. When available, quoted market prices are used to value the underlying investments held by the collective trust. For underlying investments consisting of fixed maturities, valuations are generally obtained from third-party pricing services for identical or comparable assets or liabilities, non-binding broker quotes (when pricing service information is not available) or through the use of valuation methodologies using observable inputs. For underlying investments where vendor pricing is not available, internally developed valuations using one or more unobservable inputs or non-binding quotes are used to determine fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future returns. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments, at fair value:				
Registered investment companies	\$ 25,110,243	\$ 25,110,243	\$ -	\$ -
Common collective trust(*)	886,115	-	-	-
Total	\$ 25,996,358	\$ 25,110,243	\$ -	\$ -

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments, at fair value:				
Registered investment companies	\$ 22,345,033	\$ 22,345,033	\$ -	\$ -
Common collective trust(*)	523,303	-	-	-
Total	\$ 22,868,336	\$ 22,345,033	\$ -	\$ -

*In accordance with fair value measurement guidance, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented as investments in the statements of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation

techniques may require transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2018 and 2017, there were no transfers in or out of levels 1, 2, or 3.

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31, 2018 and 2017.

The JP Morgan Stable Asset Income Fund (the "Fund") is a collective investment trust fund established, operated and maintained by JPMorgan Chase Bank, N.A. The Fund's objective is to seek to provide capital preservation, liquidity, and current income at levels that are typically higher than those provided by money market funds. The Fund invests in a highly diversified fixed income strategy by investing in other collective trust funds, a separate account and fixed income securities, which may include U.S. treasury and agency securities, mortgage-backed securities, asset-backed securities, private mortgages, corporate debt and short-term investments. The Fund also enters into investment contracts to provide benefit-responsive wraps. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the Fund, plus earnings, less participant withdrawals. The existence of certain conditions can limit the Fund's ability to transact at contract value or to redeem assets. Examples of such conditions include, but are not limited to, termination of the Fund or a unit holder, tax disqualification of the Fund and certain trust amendments if issuers' consent is not obtained.

5. Tax Status

Effective November 21, 2014, through the adoption of a Great-West Trust Company Defined Contribution Prototype Plan and Trust, the Plan was amended and restated. The Internal Revenue Service ("IRS") issued an opinion letter dated March 31, 2014, stating that the prototype plan document as then designed was in accordance with applicable Internal Revenue Code ("IRC") requirements. The Plan has been amended since relying on the prototype opinion letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

6. Related-Party and Party In Interest Transactions

Certain Plan investments are shares of registered investment companies (mutual funds) and a common/collect trust fund managed by JP Morgan. JP Morgan was the third-party recordkeeper for the Plan, until its recordkeeping services were acquired by Empower. Therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA. Fees incurred by the Plan for investment management services are included in the net appreciation (depreciation) in fair value of

PeroxyChem LLC Savings and Investment Plan
Notes to Financial Statements

investments. Fees paid directly from participant accounts, including those for the administration of participant loans, are included in administrative expenses. Additionally, for participants who have elected to take a participant loan, the loans are secured by the respective participant's account balance.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contribution.

8. Risks and Uncertainties

The Plan provides for various investment options including a common/collective trust fund and mutual funds. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

9. Plan Amendments

Effective January 1, 2018 the Plan was amended and restated in order to incorporate past amendments as well as to make other administrative changes to the Plan.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2018 and 2017:

	<u>2018</u>	<u>2017</u>
Net assets available for benefits per the financial statements	\$ 28,962,850	\$ 25,702,631
Employer contributions receivable	(2,048,298)	(2,061,962)
Excess contributions payable	322	-
Net assets available for benefits per the Form 5500	<u>\$ 26,914,874</u>	<u>\$ 23,640,669</u>

The following is a reconciliation of the changes in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2018:

	<u>2018</u>
Net increase in changes in net assets available for benefits per the financial statements	\$ 3,260,219
Change in employer contribution receivable	13,664
Change in excess contributions payable	322
