NOTE 1 - DESCRIPTION OF PLAN

The following description of the Chuhak & Tecson, P.C. Cash or Deferred Profit Sharing Plan and Trust (the "Plan") is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the plan document.

GENERAL

The Plan is a defined contribution plan covering substantially all employees of Chuhak & Tecson, P.C. (the "Employer"). Employees may make elective deferrals upon reaching age 21 and completing three months of service. In order to receive discretionary Employer contributions, an employee must be age 21, complete one year of service, and be employed on the last day of the Plan Year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

CONTRIBUTIONS

Each year, participants may contribute up to the maximum percentage allowable, not to exceed the limits of the Internal Revenue Code ("IRC"), of pre-tax or after-tax ("Roth 401(k)") earnings as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan or into a self-directed brokerage account. The Plan currently offers various mutual funds and a collective investment trust as investment options. In addition, at its discretion, the Employer may make annual contributions or matching contributions on behalf of eligible participants. For 2018, the Employer made a discretionary contribution in the amount of $617,975. There was no matching contribution.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution and allocations of (a) the Employer's matching or discretionary contribution, (b) investment earnings or losses and (c) self-directed plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

VESTING

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are fully vested in the Employer's matching and discretionary contributions accounts, plus actual earnings thereon, upon completion of six years of continuous service.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the Wall Street Journal prime rate at the date of issuance. Principal and interest is paid ratably through payroll deductions.

PAYMENT OF BENEFITS

On termination of service due to death, disability, separation or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump sum amount. In addition, in-service withdrawals are allowed only for participants who are employees and who are fully vested after attainment of age 59 ½.

FORFEITED ACCOUNTS

Forfeited accounts may be used to reduce Employer contributions or pay plan expenses. At December 31, 2018 and 2017, forfeited accounts totaled $12,490 and $13,158 respectively. These accounts were used to reduce the 2018 and 2017 Employer discretionary contributions, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's investment policies utilizing information provided by the investment advisors and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

ADMINISTRATIVE EXPENSES

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Fees related to investment advisory services provided and to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses.

USE OF ESTIMATES

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. While actual results may differ from those estimates, management does not expect the differences, if any, to have a material effect on the financial statements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. If a participant ceases to make loan payments and the Plan administrator deems the participant loan is in default, the participant loan balance is reduced and a deemed distribution is recorded.

RECLASSIFICATION

Certain reclassifications have been made to the 2017 consolidated financial statements to conform with the 2018 presentation.

SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through July 9, 2019, the date the financial statements were available to be issued. No subsequent events have been identified that would require adjustment to or disclosure in the accompanying financial statements and related notes.

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform, and they did not perform, such auditing procedures with respect to the information certified by the TD Ameritrade Trust Company, the Custodian of the Plan, as of and for the year ended December 31, 2018, except for comparing the information included in the Plan's financial statement supplemental schedule.

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN (CONTINUED)

TD Ameritrade Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of certain investments supplied to plan management and reflected in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2018 and 2017, the related investment activity reflected in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2018, and the information reflected on the supplemental schedule of assets (held at end of year) as of December 31, 2018, except for the self-directed brokerage account investments of $10,263,381 and $10,859,611 at December 31, 2018 and 2017, respectively, the related loss of $359,719 for the year ended December 31, 2018, the notes receivable from participants of $267,368 and $348,053 at December 31, 2018 and 2017, respectively, and the related interest income on notes receivable from participants of $12,273 for the year ended December 31, 2018.

NOTE 4 - FAIR VALUE OF FINANCIAL INSTRUMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2
Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 4 - FAIR VALUE OF FINANCIAL INSTRUMENTS (CONTINUED)

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual Funds
Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Cash, Interest-Bearing
Valued based on yields currently available on comparable accounts.

Self-Directed Accounts
Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices. Certain immaterial assets within the accounts consist of investments whose fair value has been determined using unobservable measurements.

Collective Trust Fund
Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee of the Collective Trust Fund, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE 4 - FAIR VALUE OF FINANCIAL INSTRUMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets that were accounted for at fair value on a recurring basis as of December 31, 2018 and 2017. As required by the fair value measurements and disclosures topic, these assets are classified in their entirety based on the lowest level input that is significant to the fair value measurement. The Employer's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect their placement within the fair value hierarchy levels.

NOTE 4 - FAIR VALUE OF FINANCIAL INSTRUMENTS (CONTINUED)

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2018 and 2017.

Description	2018	2017	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
TD Ameritrade – Collective Trust Fund					
Galliard/Wells Fargo Stable Value Fund M (a)	$608,915	$970,312	None	Daily	None
Total Investments at NAV	$608,915	$970,312			

(a) Stable Return Fund – The fund invests primarily in investment contracts issued by financial companies including Guaranteed Investment Contracts (GICs), Separate Account GICs, and Security Backed Investment Contracts. All investment contract issuers and securities utilized by the fund must be rated investment grade by one of the Nationally Recognized Statistical Rating Organizations at time of purchase. The fund will generally not invest more than 3% of its total assets in the GICs of a single issuer at the time of purchase.

NOTE 5 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are a collective trust fund managed by TD Ameritrade Trust Company. TD Ameritrade Trust Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan allows participants to take loans from their accounts in the Plan. These notes receivable from participants qualify as party-in-interest transactions and totaled $267,368 and $348,053 at December 31, 2018 and 2017, respectively. Fees paid by the Plan to the custodian amounted to $4,769 for the year ended December 31, 2018.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Employer contribution portion of their accounts plus actual earnings thereon.

NOTE 7 - TAX STATUS

The Internal Revenue Service has determined and informed Chuhak & Tecson, P.C. by a letter dated April 10, 2018, that its volume submitter plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since the date of the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken uncertain positions that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. If the Plan were to incur any income tax liability in the future, interest on any income liability would be reported as interest expense and penalties on any income tax would be reported as income tax expense. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods pending or in progress.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
