Note 1 - Plan Description

The following description of Matrix Providers Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established January 1, 2012, restated on January 1, 2016, and most recently amended on January 1, 2019. The Plan is available to eligible employees 19 years or older on the day they are hired. Discretionary profit-sharing contributions are available to employees 21 years or older who have completed 1,000 hours of service within a consecutive 12-month period. The entry date for eligible participants is immediately following obtaining eligibility. The Plan is subject to the provisions of the Employee Retirement Security Act of 1974 (ERISA).

The board of directors of Matrix Providers, Inc. administers the Plan. Beginning on August 15, 2018, Great-West Trust Company, LLC (Great-West) serves as trustee, manages plan assets, and maintains the Plan's records. Prior to August 15, 2018, these functions were managed by John Hancock Life Insurance Company (U.S.A). Great-West offers plan participants a variety of investment options through various mutual funds and a fixed-income fund. Individual accounts are invested in the various investment options at the direction of the participants.

Contributions

The Plan provides for employee salary deferral contributions up to a maximum of 90 percent of annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. The Plan allows participants to contribute up to 90 percent of their compensation on an after-tax basis. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Company may make annual discretionary contributions to participants who are employed through the end of the year. The Company may make a discretionary matching contribution equal to a uniform percentage or dollar amount of the participant's elective deferral. Each year, the Company will determine the formula for the discretionary matching contribution. To the extent matching contributions are designated as qualified, they are nonforfeitable and may not be withdrawn from the Plan prior to separation from service or attainment of age 65. There were no discretionary contributions for the year ended December 31, 2018.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting

Participants are immediately 100 percent vested in employee salary and rollover contributions, any income or loss thereon, and any qualified matching contributions.

Note 1 - Plan Description (Continued)

The Company's discretionary contributions, if any, vest according to the following schedule:

Years of Service	Vesting Percentage
Less than 2	- %
2	20
3	40
4	60
5	80
6 or more	100

A participant's account becomes 100 percent vested upon death, attaining normal retirement age (the age of 65), retirement due to disability, or termination of the Plan.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 minus the difference between the highest balance of loans in the past 12 months and the outstanding balance of loans from the Plan on the date the loan is made or 50 percent of their account balance, whichever is less. The notes receivable are secured by the balance in the participant's account and bear interest at rates that range from 5.25 percent to 6.00 percent, which are commensurate with local prevailing rates as determined periodically by the plan administrator. Principal and interest are paid ratably through monthly payroll deductions.

Benefit Payments

Distributions are payable upon the retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account. For termination of service due to death, a complete distribution will be made by December 31 of the year containing the fifth anniversary of the participant's death. Upon a distributable event, if a participant's balance is less than $5,000, a lump-sum distribution will be made.

The Plan allows in-service distributions and partial distributions to participants age 59½ or older who have not terminated employment with the pan sponsor. Furthermore, the Plan allows for terminated participant vested account balances of $5,000 or less to be automatically distributed in cash. The IRS has required minimum distributions once a participant reached age 70½ during the previous plan year and is no longer employed by the Company.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions or to pay administrative expenses of the Plan. At December 31, 2018 and 2017, there were no forfeited account balances.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Party-in-interest Transactions

Certain plan assets are investment funds that were managed by Great-West Trust Company, LLC or its affiliates or John Hancock Life Insurance Company (U.S.A.). Great-West Trust Company, LLC and, previously, John Hancock Life Insurance Company (U.S.A.) are trustees of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts and disclosures at the date of the financial statements and during the reporting period. Accordingly, actual results may differ from those estimates.

Benefit Payments

Benefits are recorded when paid.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Concentration of Investments

At December 31, 2018 and 2017, two and three investments accounted for 78 percent and 39 percent, respectively, of total investments at fair value. During the year ended December 31, 2018, five investments accounted for 78 percent of investment loss. A significant change in the market value of these investments would significantly affect the net assets available for benefits and related investment income of the Plan.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including July 29, 2019, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

In 2018, the Plan changed its trustee from John Hancock Life Insurance Company to Great-West Trust Company, LLC (collectively, the "Trustee"). The Trustee of the Plan held the Plan's investments and participant notes receivable and executed all related transactions during the periods under audit. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Trustee.

Note 4 - Tax Status

The Plan is a prototype plan. The prototype plan has received a favorable opinion letter from the Internal Revenue Service (IRS) indicating that the Plan, as designed, is qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management’s own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan’s assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following valuation methodologies have been used to value the Plan's investments:

Mutual Funds

Mutual funds are valued at quoted prices reported in active markets.

Common Collective Trust

The common collective trust is valued at net asset value per share or its equivalent of the funds, which is based on the fair value of the funds' underlying assets. There are no redemption restrictions or unfunded commitments on these investments.

Pooled Separate Accounts

The pooled separate accounts are valued at net asset value per share or its equivalent of the funds, which are based on the fair value of the funds' net underlying assets. There are no redemption restrictions or unfunded commitments on these investments.

Note 5 - Fair Value Measurements (Continued)

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2018 and 2017:

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2018			
	Investments (at Fair Value)	Level 1	Level 2	Level 3
Mutual funds	$ 2,346,412	$ 2,346,412	$ -	$ -

	Investments (at Fair Value)	Level 1	Level 2	Level 3
