Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Artis—Naples, Inc. Retirement Plan (Plan), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the *Basis for Disclaimer of Opinion* paragraphs, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Delaware Charter Guarantee & Trust Company dba: Principal Trust Company (Principal Trust Company), a member of the Principal Financial Group and Great-West Trust Company, LLC, the custodians of the Plan, and Principal Life Insurance Company, TIAA and CREF, and Great-West Life & Annuity Insurance Company, the insurance companies of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodians and insurance companies hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained a certification from the custodians and insurance companies as of and for the years ended December 31, 2018 and 2017, that the information provided to the Plan administrator by the custodian and insurance companies is complete and accurate.

As discussed in Note 4, because of inadequacies in the Plan's prior year records, we were unable to perform auditing procedures with respect to individual participant account balances accumulated from inception of the Plan or to satisfy ourselves as to the basis on which participants' equity is stated as of December 31, 2018 and 2017, or the propriety of the distributions to participants who terminated and withdrew from the Plan during the years then ended.

Disclaimer of Opinion

Because of the significance of the matters described in the *Basis for Disclaimer of Opinion* paragraphs, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2018, is required by the DOL Rules and Regulations for Reporting and Disclosure under the ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matters described in the *Basis for Disclaimer of Opinion* paragraphs, we do not express an opinion on this supplemental schedule.

ARTIS—NAPLES, INC. RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

NOTE 1 DESCRIPTION OF PLAN

The following description of the Artis—Naples, Inc. Retirement Plan (Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan originally effective August 1, 1989, sponsored by Artis—Naples, Inc. (the Employer and Plan administrator). The Plan has been amended throughout the years to comply with tax legislation and was most recently amended effective July 1, 2013. The amendment reflected a name change of the Employer and Plan administrator from Philharmonic Center for the Arts, Inc. to Artis—Naples, Inc., as well as a name change of the Plan from Philharmonic Center for the Arts, Inc. Retirement Plan to Artis—Naples, Inc. Retirement Plan. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

Salary Deferrals

Eligible employees are allowed to participate in a salary reduction arrangement on the first day of the month immediately following their hire date.

Employer Contributions

Employees become eligible to participate in Employer matching contributions after completing one year of employment with at least 1,000 hours of service.

Contributions

Eligible participants are permitted to elect to have a percentage, limited by Plan provisions, of their compensation contributed as pre-tax contributions to the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation, and their contributions invested in the designated default fund until changed by the participant. Eligible participants are also allowed to contribute age 50 catch-up contributions and Special Code Section 403(b) catch-up contributions.

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans or conduit IRAs. Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

The Employer, at their discretion, may make qualified matching and discretionary contributions during the Plan year. The Employer made a matching contribution equal to 100% of deferrals up to 2% of eligible compensation for staff for the period from January 1, 2017 through June 30, 2018, and 100% of deferrals up to 3% of eligible compensation for staff for the period from July 1, 2018 through December 31, 2018. The Employer also made matching contributions equal to 100% of deferrals up to 6% of eligible compensation for musicians for the years ended December 31, 2018 and 2017.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Employer's matching contribution (if applicable), and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. Income is allocated daily based on the shares in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided by the participant's account. The Plan currently offers various investment options for participants including a pooled separate account, variable annuities, mutual funds, and the insurance company general investment account.

Vesting

Participants are immediately vested in salary deferral and rollover contributions plus actual earnings thereon. Vesting in the Employer matching contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service. A participant is 100% vested after five years of credited service. A participant is fully vested upon reaching normal retirement age, death, or permanent disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding note balance during the one-year period ending on the day before the new note is made or the greater of 50% of their vested account balance, \$10,000, or any outstanding note balance on the date the new loan is made. Principal and interest is paid ratably through payroll deductions. Note terms are up to five years, except for notes to fund the purchase of a principal residence, for which the note may be repaid over a reasonable period that may exceed five years. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. At December 31, 2018, the interest rate was 5.75%.

Benefit Payments

Participants may receive the value of their accounts upon termination of service, death, or disability. Distributions may be in the form of a lump sum or installment. The Plan allows for hardship distributions on elective deferrals and in-service distributions upon attainment of age 59½, subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed \$5,000, the Plan administrator will authorize the benefit payment without the participant's consent.

Forfeited Accounts

Forfeited nonvested accounts are used to reduce future Employer contributions and pay administrative expenses. Forfeited nonvested accounts as of December 31, 2018 and 2017 totaled \$-0-. There were no forfeitures used to reduce Employer contributions for the years ended December 31, 2018 and 2017. There were no forfeitures used to pay administrative expenses for the years ended December 31, 2018 and 2017, respectively.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Plan Loans

Participants may borrow amounts from TIAA, the Plan insurance company. The loan amount cannot be less than \$1,000, or more than the excess of 90% of the traditional annuity accumulation over the outstanding loan balance for any other loans. In no event can the amount of the loan, when added to the outstanding balance of all other loans from any of the Employer's plans, exceed the least of the following:

- (A) \$50,000 reduced by the excess (if any) of:
 - a. The highest outstanding balance of loans from any of the Employer's plans during the one-year period ending on the day before the date on which the loan is to be made; over
 - b. The outstanding balance of loans from any of the Employer's plans on the date on which the loan is to be made;
- (B) 50% of the present value of the vested accrued benefit under any of the Employer's plans;
- (C) 45% of the value of the accumulation under the Group Supplemental Retirement Annuity Certificate (GSRA) and any companion GSRA issued by TIAA.

The loans are secured by the balance in the participant's account and bear interest at a rate which is the greater of (a) the "published monthly average" for the calendar month ending two months before the date on which the loan interest rate is determined, and (b) the interest rate to be credited before the annuity starting date or the participant's prior death, as stated in the applicable rate schedule, plus 1% per year. The "published monthly average" is the monthly average corporate yield shown in Moody's Corporate Bond Yield Averages published by Moody's Investor Services, Inc. or any successor thereto. The loan interest rate is adjustable and can be adjusted by TIAA not more than quarterly, nor less frequent than annually. Interest is paid directly to TIAA outside of the Plan. At December 31, 2018, interest rates of loans ranged from 4.00% to 4.38%.

Loan terms are up to five years, except for loans to fund the purchase of a principal residence, for which the loan may be repaid over a reasonable period that may not exceed ten years. Upon establishment of the loan, the amount of the loan is transferred to the participant's traditional annuity account, if the amount in the traditional annuity account is not adequate to cover the collateral requirements of the loan. As principal is repaid, the collateral becomes available once again for participant use.

The loans are issued directly from funds owned by TIAA and not from a participant's account. Accordingly, loan amounts are not recorded as Plan assets in the financial statements. The amount of outstanding Plan loans with TIAA totaled \$24,316 and \$17,394 at December 31, 2018 and 2017, respectively.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are valued at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

The Employer pays certain administrative expenses on behalf of the Plan.

Benefit Payments

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the plan document.

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through July 30, 2019, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

TIAA and CREF, the insurance company of the Plan, has supplied the Plan administrator with certifications as to the completeness and accuracy of notes receivable from participants, and all investment information reflected on the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017, the statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2018.

Delaware Charter Guarantee & Trust Company dba: Principal Trust Company (Principal Trust Company), a member of the Principal Financial Group, the custodian of the Plan, and Principal Life Insurance Company, the insurance company of the Plan, have supplied the Plan administrator with certifications as to the completeness and accuracy of notes receivable from participants, and all investment information reflected on the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017, the statements of changes in net assets available for benefits for the period from January 1, 2018 to February 19, 2018 and the year ended December 31, 2017, and the supplemental schedule of assets (held at end of year) as of December 31, 2018.

Effective February 20, 2018, Great-West Life & Annuity Insurance Company (Great-West) replaced Principal Trust Company as the Plan's third-party administrator and record keeper.

Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the insurance company and custodian, respectively of the Plan, have supplied the Plan administrator with certifications as to the completeness and accuracy of all investment information reflected on the accompanying statement of net assets available for benefits as of December 31, 2018, the statement of changes in net assets available for benefits for the period February 20, 2018 to December 31, 2018, and the supplemental schedule of assets (held at end of year) as of December 31, 2018.

NOTE 4 SCOPE LIMITATION

As a result of the inability to obtain Plan level information prior to January 1, 2008, certain participant account information could not be obtained from the Plan's third-party administrators in order to adequately complete testing of transactions from and allocations to participant accounts. The Plan administrator is aware of these limitations with the providers and believes a good faith effort was made to obtain this information. Since January 1, 2009, participant information necessary to adequately test transactions from and allocations to participant accounts exists and such tests as deemed necessary have been completed.

NOTE 5 FAIR VALUE OF INVESTMENTS

Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2018 and 2017.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Account: Valued at the NAV of units as determined by the insurance company. NAV is a readily determinable fair value and is the basis for current transactions.

NOTE 5 FAIR VALUE OF INVESTMENTS (CONTINUED)

Fair Value Measurements (Continued)

Variable Annuity Accounts: Valued using market quotations obtained from independent pricing sources. Price is readily determinable fair value.

Insurance Company General Account: Valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

NOTE 5 FAIR VALUE OF INVESTMENTS (CONTINUED)

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs:

Instrument	Fair Value		Valuation Technique	Unobservable Inputs	Significant Input Values

NOTE 6 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in their company contributions.

NOTE 8 PLAN TAX STATUS

The Plan does not have an opinion letter from the Internal Revenue Service (IRS) regarding the Plan's tax status under applicable sections of the Internal Revenue Code (IRC). However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 PARTY-IN-INTEREST TRANSACTIONS

The Plan investments are managed by Principal Trust Company and Great-West Trust Company LLC, the custodians of the Plan, and Principal Life Insurance Company, TIAA and CREF, and Great-West Life & Annuity Insurance Company, the insurance companies of the Plan. These companies are the custodians and insurance companies, respectively, as defined by the Plan and therefore, the investment transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services are generally assessed as a percentage of assets invested, and are deducted directly from investment returns.

NOTE 10 INDIVIDUAL AND GROUP ANNUITY CONTRACTS WITH INSURANCE COMPANIES

Some participants maintain an individual annuity contract with TIAA. As part of the contract, TIAA maintains a portion of the contributions in a "guaranteed account", which is called the Traditional Non Benefit Responsive Annuity. The account is credited with earnings on the underlying investments and charged for withdrawals and administrative expenses charged by TIAA. The guaranteed account is included in the financial statements at fair value (which represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses) because it is not fully benefit responsive. The Traditional Non Benefit Responsive Annuity is subject to a 10-year withdrawal period. Upon termination of the contract, the amount of each transfer payout annuity payment will be determined as of the annuity starting date for the transfer payout annuity by the amount of the Traditional Annuity accumulation and the interest rates in the rate schedules under which any premiums, additional amounts, and internal transfers were applied to the account. The average yield and crediting yield was 4.27% and 4.16% for the years ended December 31, 2018 and 2017, respectively. There are no reserves against fair value for credit risk of the contract issuer or otherwise.

This contract meets the fully benefit-responsive investment contract criteria and therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Contract value, as reported to the Plan by TIAA, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTE 10 INDIVIDUAL AND GROUP ANNUITY CONTRACTS WITH INSURANCE COMPANIES

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, 4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

The Plan entered into a group annuity contract with Principal Life Insurance Company. As part of the contract, Principal Life Insurance Company maintains a portion of the contributions in a "guaranteed account" which is called an insurance contract. The account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by Principal Life Insurance Company.

This contract meets the fully benefit-responsive investment contract criteria and therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. NOTE 10 INDIVIDUAL AND GROUP ANNUITY CONTRACTS WITH INSURANCE COMPANIES
(CONTINUED)

The Plan holds investments in a fully benefit-responsive investment contract with Great West Life & Annuity Insurance Company (Great West). Great West maintains the contributions in a general account. The account is credited with earnings at a guaranteed rate of interest and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula agreed-upon with the contract issuer, but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting. The crediting yield was approximately 1.35% for the year ended December 31, 2018.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Great West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract may be terminated at any time for the full sum of the Participant Annuity Accounts, subject to a 12-month deferred payment term.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants. In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.
