POWER DISTRIBUTION INCENTIVE SAVINGS PLAN

Notes to Financial Statements

1. Description of Plan:

The following description of the Power Distribution Incentive Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all eligible employees of Power Distribution, Inc. (the “Company”). In August 2017 the Plan commenced operations and certain participant accounts were transferred from the Smiths Group Incentive Savings Plan to the Plan. Employees become eligible to participate in the Plan upon attaining age 18 along with completion of 30 days of service. Employees are eligible for entry to the Plan on the day the eligibility requirements are satisfied. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions: The Plan provides for participant contributions of pre-tax and after-tax annual compensation, as defined in the Plan. The Plan provides for matching contributions up to 50% of the first 6% of compensation. There were no discretionary matching contributions during 2018 and 2017. Participants of qualifying age may make additional “catch-up” contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain limitations.

Participant Accounts: Each participant’s account is credited with the participant’s contributions and allocations of (a) the Company’s contributions and (b) Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investment Options: Participants may direct the trustee as to the investment of their account balances in accordance with guidelines established by the Plan. Participants may change their investment elections at any time.

Vesting: Participants are immediately vested in their contributions and matching contributions, plus actual earnings thereon.

Plan Administration: Overall responsibility for administering the Plan rests with the Company. Participant accounts are administered by Principal Trust Company, the trustee and third-party administrator of the Plan.

1. Description of Plan, Continued:

Payments of Benefits: Distribution of the vested portion of a participant's account will occur upon the participant's termination of service, death, disability, retirement, or hardship withdrawal, as defined by the Plan. Participants are entitled to receive a lump-sum, installment or annuity payments in amounts equal to the vested value of their account.

Notes Receivable from Participants: Participants may borrow from their Plan accounts a minimum of $1,000 up to a maximum equal to the lessor of $50,000 or 50% of their vested account balance. Loan terms cannot exceed five years, unless the proceeds are used to acquire a principal residence. The loans are secured by the vested balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Management has evaluated notes receivable from participants for collectability and has determined that no allowance is considered necessary.

2. Summary of Significant Accounting Policies:

Basis of Accounting: The financial statements of the Plan are prepared on the accrual method of accounting.

Investment Valuation and Income Recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess Contribution Liability: Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to participant contributions. Excess contributions were paid on February 15, 2019 and March 15, 2018.

Payments of Benefits: Benefits are recorded when paid.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the Plan's management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies, Continued:

Subsequent Events: Management has evaluated subsequent events through July 30, 2019, the date the financial statements were available to be issued, and has determined that there are no subsequent events to be reported in the accompanying financial statements.

3. Fair Value Measurements:

The Financial Accounting Standards Board ("FASB") has issued guidance for measurement and disclosure of fair value and established a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation are quoted prices for similar instruments in active and inactive markets; and model driven valuations with significant inputs and drivers derived from observable active markets.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for investments carried or disclosed at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Unit value calculated based on the net assets or observable NAV of the underlying pool of securities or investments. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value.

Collective investment trusts: Unit value calculated based on the net assets or observable NAV of the pool of underlying securities which are made up of a collective trust fund as well as a variety of separate accounts and mutual funds. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value.

3. Fair Value Measurements, Continued:

Group annuity contract: Valued at contract value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of the Plan's year end date:

	Investments at Fair Value as of December 31, 2018		
	Level 1	Level 2	Total
Investments:			
Mutual funds	$ 2,813,679	$ -	$ 2,813,679
Group annuity contract	-	830,056	830,056
Total assets in the fair value hierarchy	2,813,679	830,056	3,643,735
Investments measured at net asset value			9,397,150
Total investments at fair value	$ 2,813,679	$ 830,056	$ 13,040,885

	Investments at Fair Value as of December 31, 2017		
	Level 1	Level 2	Total
Investments:			
Mutual funds	$ 3,453,013	$ -	$ 3,453,013
Group annuity contract	-	30,228	30,228
Total assets in the fair value hierarchy	3,453,013	30,228	3,483,241
Investments measured at net asset value			9,923,245
Total investments at fair value	$ 3,453,013	$ 30,228	$ 13,406,486

Certain investments that were measured at NAV as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the tables above are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

3. Fair Value Measurements, Continued:

The following tables summarize investments measured at fair value based on NAV as a practical expedient as of December 31, 2018 and 2017, respectively:

Investment	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
December 31, 2018:				
Pooled separate accounts	$ 290,265	None	Daily	30 days
Collective investment trusts	$ 9,106,885	None	Daily	30 days

Investment	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
December 31, 2017:				
Pooled separate accounts	$ 278,414	None	Daily	30 days
Collective investment trusts	$ 9,644,831	None	Daily	30 days

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Group Annuity Contract:

In 2017, the Plan entered in a group annuity contract with Principal Trust Company ("Principal"). Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

4. Group Annuity Contract, Continued:

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

5. Administrative Expenses:

Although not required by the Plan, a portion of the costs of the Plan administration is absorbed by the Company. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses related to specific participant transactions are charged directly to the participant’s account. The Plan paid administrative fees totaling $34,396 in 2018 and $9,547 in 2017.

6. Risks and Uncertainties:

The Plan provides for investments in various securities. Investments are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants’ account balances and the amounts reported in the financial statements

7. Tax Status:

The Internal Revenue Service ("IRS") has determined and informed the prototype sponsor by a letter dated March 31, 2014 that the adopted prototype plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code. The plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Management has evaluated the effects of accounting guidance related to uncertain tax positions and concluded that the Plan had no significant financial statement exposure to uncertain income tax positions at December 31, 2018. The Plan is not currently under audit by any tax authority.

8. Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would remain 100% vested in their accounts.

9. Financial Information Certified by the Trustee:
