Note 1 - Description of plan:

The following description of the Novelis Hourly Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan Sponsor is Novelis Corporation (the Plan Sponsor, Company, or Plan Administrator). The Plan is a profit-sharing plan with a Safe Harbor 401(k) and a Roth 401(k) feature. All full-time hourly employees of the Company's Warren, Terre Haute, and Fairmont plant locations who are covered by the labor contract negotiated between the Company and union are eligible to participate in the Plan upon date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is administered by the Company's Pension and Investment Committee (PIC). The PIC determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The Plan was amended and restated, effective January 1, 2014 so that union employees working at the Fairmont location who were hired after November 1, 2012 are excluded from the Plan. The Plan was amended and restated, effective February 17, 2017 so that union employees working at the Warren location who were hired after February 17, 2017 are excluded from the Plan.

Contributions

Each year, participants may contribute up to 75% of annual pre-tax compensation, as defined in the Plan, subject to certain Internal Revenue Service (IRS) limitations. The participant may also elect to make all or a portion of their basic contribution on a Roth 401(k) or after-tax basis. In addition, employees may elect to contribute all or a portion of their quarterly performance bonus on a before-tax or Roth 401(k) basis ("Special Contribution"). Participants who have attained age 50 on or before the last day of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from qualified defined benefit or defined contribution plans (rollover).

The Company may make discretionary profit sharing contributions as determined in accordance with applicable collective bargaining agreements. During 2018, none of the collective bargaining agreements required Novelis to make any Company contributions to the Plan.

Upon enrollment in the Plan, a participant may direct all contributions in 1% increments to any of the Plan's investment options. Participants may change their investment options daily.

Note 1 - Description of plan - continued:

Participant accounts

Each participant's account is credited with the participant's contributions, an allocation of any Company contributions, and Plan earnings and losses, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested at all times in their respective accounts.

Payment of benefits

A participant is entitled to a lump-sum amount equal to the vested value of his or her account upon attainment of age 59½, termination of service, retirement, disability, or death. The Plan does not permit hardship withdrawals. However, active participants may elect to make up to two withdrawals from the Plan in any given plan year from their discretionary profit sharing account once the amounts have been held for at least 2 years. Participants should refer to the Plan document for a complete description of the priority of withdrawal accounts.

Terminated or retired participants with more than $5,000 in the Plan may leave their account balance in the Plan indefinitely and may elect to make up to 12 withdrawals from the Plan per year. Participants who keep a balance in the Plan beyond age 70½ and who are no longer employed by the Company will be required to take annual required minimum distributions from the Plan.

Notes receivable from participants

Participants are permitted to borrow from their account within the limits specified by the Internal Revenue Code (IRC). Participants should refer to the Loan Policy Manual for a complete description of the priority of note withdrawal accounts.

Note 1 - Description of plan - continued:

Notes receivable from participants - continued

Participants may borrow from the Plan in any amount greater than $1,000 up to 50% of the participant's vested account balance, not to exceed $50,000. Note terms are for a period not exceeding five years unless for the purchase of a principal residence, in which case the note repayment period may not extend beyond 15 years. Notes are secured by the balance in the participant's account and bear interest at the prime rate as published in the Wall Street Journal, on the first business day of the month in which the note is obtained. Principal and interest is paid ratably through payroll deductions or in a lump sum payment. Participants may have no more than two notes outstanding at any time.

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account. Investment related expenses are included in net appreciation of fair value of investments.

Note 2 - Summary of significant accounting policies:

Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Collective trust fund

Investments in the collective trust fund are required to be reported at fair value. The collective trust fund is composed primarily of fully benefit-responsive investment contracts held by the fund. These contracts are not considered fully benefit-responsive to the Plan as the underlying contracts are not direct investments between the Plan and the issuer. The Plan has elected to value the collective trust fund using the net asset value (NAV) as the practical expedient to determine fair value.

Note 2 - Summary of significant accounting policies - continued:

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The PIC determines the Plan's valuation policies utilizing information provided by investment advisors and Vanguard Fiduciary Trust Company (Vanguard). See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes both realized and unrealized gains and losses on investments.

Payment of benefits

Benefits are recorded when paid.

Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. If a participant ceases to make note repayments and the Plan Administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded.

Plan transfers out

Plan transfers out represent transfers to an affiliated plan.

Note 2 - Summary of significant accounting policies - continued:

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate risk, market risk and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

New accounting pronouncements

In February 2017, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2017-06, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): Employee Benefit Plan Master Trust Reporting*. All plans held in a master trust will be required to disclose the dollar amount of each plan's interest in each general type of investment. This will supplement the existing requirement to disclose the master trust's balances in each general type of investment. The amendments also will require all plans to disclose their master trust's other asset and liability balances, which include, among other items, amounts due from brokers for securities sold, amounts due to brokers for securities purchased, accrued interest and dividends, and accrued expenses. Each plan also will be required to disclose the dollar amount of the plan's interest in each of those other asset and liability balances. In addition, the amendments will require health and welfare benefit plans to disclose the name of the defined benefit pension plan in which investment disclosures relating to 401(h) account assets are provided. The update takes effect for fiscal years beginning after December 15, 2018. Early adoption is permitted, and an entity should apply the amendments in the update retrospectively to each period for which financial statements are presented. Management has elected to not early adopt ASU No. 2017-06.

Note 2 - Summary of significant accounting policies - continued:

New accounting pronouncements - continued

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, *Fair Value Measurement (Topic 820) Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement* (ASU 2018-13). ASU 2018-13 changes the fair value measurement disclosure requirements of Accounting Standards Codification 820, *Fair Value Measurement* (ASC 820). Applicability of the provisions in ASU 2018-13 can depend on whether the reporting entity is a non-public entity. New disclosure requirements under ASU 2018-13 are applicable only to other than non-public entities and not applicable to this Plan. Eliminated and modified disclosure requirements under ASU 2018-13 impact the reporting of transfers between Level 1 and Level 2 assets (defined in Note 4), Level 3 asset disclosures, and disclosures about investments in certain entities valued at net asset value. ASU 2018-13 is effective for all entities for fiscal years beginning after December 15, 2019. Early adoption is permitted. Entities early adopting are permitted to early adopt the eliminated or modified disclosure requirements and delay the adoption of all new disclosure requirements until the effective date. Retrospective or prospective application to periods presented varies by specified disclosure. Management has not elected to early adopt ASU 2018-13 as of December 31, 2018. Management does not believe the adoption of ASU 2018-13 will have a material impact on the Plan's financial statements.

Subsequent events

The Plan has evaluated subsequent events through July 31, 2019, which is the date these financial statements were available to be issued. All subsequent events, if any, requiring recognition as of December 31, 2018, have been incorporated into these financial statements.

Note 3 - Interest in Novelis Master Savings Trust and information certified by the trustee:

The Plan's investments are held by Vanguard in the Novelis Master Savings Trust (Master Trust), where they are commingled with the investments of the Novelis Savings and Retirement Plan. The Plan has a specific interest in the net assets of the Master Trust, which represents the total of the specific interests of the individual participants in the Plan.

Note 3 - Interest in Novelis Master Savings Trust and information certified by the trustee - continued:

Vanguard is the trustee for the Plan. Vanguard holds the Plan's investment assets and executes investment transactions. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2018 and 2017, and net investment loss from Novelis Master Savings Trust, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2018, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Vanguard.

At December 31, 2018 and 2017, the Plan's interest in the net assets of the Master Trust was approximately 2.7% and 2.8%, respectively. Investment gains (losses) and expenses are allocated to the Plan based upon its pro rata share in the assets of the Master Trust. The following represents the fair value of the Master Trust at December 31, 2018 and 2017 and the related income for the year ended December 31, 2018:

	December 31, 2018	December 31, 2017
Investments, at fair value:		
Collective trust fund	$ 120,216,845	$ 120,767,938
Mutual funds	588,807,410	596,743,312
Total investments	709,024,255	717,511,250
Plan's share of Master Trust net assets	$ 19,100,014	$ 20,413,307

	For the Year Ended December 31, 2018
Investment income (loss):	
Interest and dividends	$ 9,718,436
Net depreciation in fair value of investments	(44,411,927)
Total investment loss	$ (34,693,491)

Note 4 - Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the FASB Accounting Standards Codification No. 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 4 - Fair value measurements - continued:

The following is a description of the valuation methodologies used for assets of the Master Trust measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

- Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Master Trust are open-end mutual funds that are registered by the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Master Trust are deemed to be actively traded.

- Units of participation of the collective trust funds are valued at NAV provided by the fund's trustee as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value daily without any redemption notice or restrictions. Plan level initiated transactions require a 12-month redemption notice in order to withdraw at full book value. Plan level initiated transactions with less than a 12-month redemption notice may incur an adjustment to book value.

The methodologies described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Fair value measurements - continued:

The following tables set forth by level, within the fair value hierarchy, the Master Trust's assets at fair value as of December 31, 2018 and 2017:

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 588,807,410	$ -	$ -	$ 588,807,410
Total assets in the fair value hierarchy	$ 588,807,410	$ -	$ -	588,807,410
Investments measured at NAV:*				
Collective trust fund				120,216,845
Investments at fair value				$ 709,024,255

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 596,743,312	$ -	$ -	$ 596,743,312
Total assets in the fair value hierarchy	$ 596,743,312	$ -	$ -	596,743,312
Investments measured at NAV:*				
Collective trust fund				120,767,938
Investments at fair value				$ 717,511,250

*In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

There were no significant transfers between Level 1 and Level 2 investments or into or out of Level 3 investments during the years ended December 31, 2018 and 2017.

Note 4 - Fair value measurements - continued:

The following tables summarize investments measured at fair value based on NAVs per share as of December 31, 2018 and 2017.

December 31, 2018	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Collective trust fund	$ 120,216,845	N/A	Daily	Daily

December 31, 2017	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Collective trust fund:	$ 120,767,938	N/A	Daily	Daily

Note 5 - Related-party transactions:

Plan investments include shares of mutual funds and a collective trust fund managed by the Vanguard Group, an affiliate of Vanguard, the trustee of the Plan. These transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules.

Note 6 - Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7 - Tax status:

The underlying prototype plan has received an opinion letter from the IRS dated May 28, 2014 stating that the form of the Plan is qualified under Section 401(a) of the IRC, and therefore, the related trust is tax-exempt. The Plan Administrator has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
