INDUSTRIAL INSULATION GROUP, LLC 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2018 AND 2017, AND FOR THE YEAR ENDED DECEMBER 31, 2018

1. DESCRIPTION OF PLAN

The following description of the Industrial Insulation Group, LLC 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General — Industrial Insulation Group operates as a standalone LLC that is wholly owned by Johns Manville. The Plan is a defined contribution plan covering employees of Industrial Insulation Group, LLC and its wholly owned domestic subsidiaries (the “Company”) who are not leased employees or members of a collective bargaining unit. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Investments — Participants direct the investment of their contributions into the various funds offered by the Plan.

Contributions — Each year, participants contribute to the Plan through a reduction in salary on a pretax basis or Roth deferral contributions from 1% to 75% of eligible salary for the year ended December 31, 2018, as defined in the Plan, not to exceed the maximum dollar limit prescribed each year by law. Participants may also contribute amounts representing distributions from other qualified plans.

Company Contributions — The Company will make matching contributions of 50% of each eligible Participant’s total deferral up to the first 8% of eligible compensation. The Company may also make an additional matching contribution each year at its discretion. No additional contributions were made during 2018.

Participant Accounts — Individual accounts are maintained for each Plan participant. Each participant’s account is credited with the participant’s contribution, the Company’s matching contribution, and allocations of Plan earnings, and charged with withdrawals and an allocation of Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Eligibility — Employees are eligible to participate as of their date of hire.

Vesting — Participants are fully vested in their employee rollover accounts, their pretax deferrals, Roth contributions, and actual earnings thereon. Vesting in the Company’s matching contribution account and actual earnings thereon is based on years of continuous service. A participant is 100% vested after two years of credited Plan service.

Withdrawals — If a participant’s employment is terminated for reasons other than death, disability, or retirement, the participant forfeits any unvested Company contributions and applicable earnings. Participants with vested balances (excluding rollover contributions) greater than \$5,000 can elect to defer distribution of their account until the minimum required distribution rules apply. All other participants are subject to a lump sum payout or rollover to Fidelity Individual Retirement account. If the participant dies before receiving a full distribution of their account, the vested portion must be distributed to the designated

beneficiary no later than December 31 of the calendar year containing the fifth anniversary of the participant's death.

In-service hardship withdrawals are available and are subject to six months suspension of participant contributions.

Notes Receivable from Participants — The Plan's loan provisions allow participants to borrow up to 50% of the value of their vested account balances; however, in no event within the previous 12-month period can the participant's aggregate loan balance exceed \$50,000. All loans are collateralized by the participant's account balances and bear interest at 1% over the prime rate as of the last day of the month preceding the loan withdrawal. Interest rates on participant loans range from 4.25% to 5.25% and have maturity dates through 2024. Principal and interest are paid ratably through payroll deductions.

Forfeited Accounts and Disallowed Contributions — When certain terminations of participation in the Plan occur, the non-vested portion of the participant's account as defined by the Plan, represents a forfeiture. The plan document permits the use of forfeitures to be allocated among participants or to either reduce future employer contributions or plan administrative expenses for the plan year. However, if a participant is reemployed and fulfills certain requirements, as defined in the plan document, the account will be reinstated. There were no forfeitures allocated to participants during 2018. At December 31, 2018 and 2017 forfeited non-vested accounts totaled \$0 and \$90,783 respectively. During 2018, employer contributions and administrative expenses were reduced by \$93,119 and \$725 respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates — The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties — The Plan provides various investment options to its participants. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the value of the participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition — The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants — Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Administrative Expenses — Administrative expenses of the Plan are paid by the Plan or Plan Sponsor as provided in the Plan document. Management fees and operating expenses charged to the Plan for investments are deducted from income earned from such investments on a daily basis and are not separately reflected.

The Plan also has a revenue-sharing agreement whereby certain investments return a portion of the investment fees to participants who hold investments in the funds generating the credits. For the year ended December 31, 2018 revenue credits of \$2,912 were applied to individual participant accounts that invested in the funds generating the revenue credits. The Plan held undistributed revenue credits of \$899 and \$186, as of December 31, 2018 and 2017, respectively.

Payment of Benefits — Benefit payments to participants are recorded upon distribution. There were no amounts payable to participants at December 31, 2018 and 2017 that requested a distribution prior to the Plan year-end but had not yet been paid.

Excess Contributions Payable — The Plan is required to return contributions received during the Plan year in excess of the IRC limits.

3. INFORMATION CERTIFIED BY THE TRUSTEE

The following is a summary of the unaudited information regarding the Plan as of December 31, 2018 and 2017, and for the year ended December 31, 2018, included in the Plan's financial statements and supplemental schedule. The summary was derived from information prepared by Fidelity Management Trust Company, the trustee of the Plan, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustee that such information is complete and accurate.

Statements of Net Assets Available for Benefits	<u>2018</u>	<u>2017</u>
Investments at fair value:		
Participant-directed investments	\$13,736,703	\$14,543,898
Notes receivable from participants	539,611	653,003

Statement of Changes in Net Assets Available for Benefits

Net depreciation in fair value of investments	(1,097,632)
Dividends and interest	287,000
Interest income on notes receivable from participants	30,253

Note 8: All investment balances and investment information included in the notes, excluding the level of investments in Note 8, Fair Value Measurements.

4. FEDERAL INCOME TAX STATUS

The Plan uses a prototype plan document sponsored by Fidelity. Fidelity received an opinion letter from the IRS, dated March 31, 2014, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. The Plan Sponsor believes the Plan has maintained its tax-exempt status. Therefore, no provision for income taxes has been included in the Plan's financial statements.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company may discontinue its contributions at any time and may also terminate the Plan subject to the provisions of ERISA. In the event of termination, all participants' accounts become fully vested.

6. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and common collective trusts managed by Fidelity. Fidelity is the trustee and record keeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan issues loans to participants, which are secured by the vested balances in the participants' accounts. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

7. NONEXEMPT PARTY-IN-INTEREST TRANSACTION

During 2018, the Company remitted participant contributions of \$25,228 and loan payments of \$5,381 to the trustee on dates later than required by Department of Labor (DOL) Regulation 2510.3-102. The Company has filed form 5330 with the IRS and paid the required excise tax on the transaction. In addition, participant accounts have been credited with the amount of investment income that would have been earned had the participant contribution been remitted on a timely basis.

8. FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, established a single authoritative definition of fair value, set a framework for measuring fair value, and requires additional disclosures about fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value.

Collective trust funds – Valued at the net asset value of units of a collective trust. The net asset value as provided by the trustee, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the Plan in order to ensure that securities liquidation will be carried out in an orderly business manner. There are no unfunded commitments or other redemption restrictions related to the Plan’s collective trust funds.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level within the fair value hierarchy a summary of the Plan’s investments measured at fair value on a recurring basis at December 31, 2018 and 2017:

Fair Value Measurements as of December 31, 2018, Using

	Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	NAV	Total
Common Collective Trust Funds	\$ -	\$ -	\$ -	\$ 7,299,359	\$ 7,299,359
Mutual Funds	<u>6,437,344</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>6,437,344</u>
Total	<u>\$ 6,437,344</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 7,299,359</u>	<u>\$13,736,703</u>

Fair Value Measurements as of December 31, 2017, Using

	Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Common Collective Trust Funds	\$ -	\$ 7,558,214	\$ -	\$ 7,558,214
Mutual Funds	<u>6,985,684</u>	<u>-</u>	<u>-</u>	<u>6,985,684</u>
Total	<u>\$ 6,985,684</u>	<u>\$ 7,558,214</u>	<u>\$ -</u>	<u>\$14,543,898</u>

Transfers between Levels — The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. The Plan’s policy is to recognize significant transfers between levels at the end of the reporting period. For the year ended December 31, 2018, there were no transfers between levels.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

A reconciliation of net assets available for benefits per the financial statements to the total net assets per the Form 5500 as of December 31, 2018 and 2017, and the decrease in net assets per the financial statements to the net loss per the Form 5500 for the year ended December 31, 2018, is as follows:

	<u>2018</u>	<u>2017</u>
Net assets available for benefits per the financial statements	\$14,264,612	\$15,198,791
Plus excess contributions payable	-	33,240

10. SUBSEQUENT EVENTS

Effective January 1, 2019, in conjunction with the merger of Industrial Insulation Group, LLC into Johns Manville, participants of the IIG Plan became participants of the Johns Manville Employees 401(k) Plan (JM Plan), a defined contribution plan offered through Johns Manville. All assets and liabilities of the IIG Plan were transferred to participant accounts in the JM Plan, and all IIG participants maintained their vesting status as of December 31, 2018. Accordingly, there was a transfer of investments to the JM Plan on January 1, 2019 of \$14,264,612, including notes receivable from participants of \$539,611.
