Report on the Financial Statements

We have audited the accompanying financial statements of the Waterworks Aquatics Retirement Plan (the Plan), which comprise the Statements of Net Assets Available for Plan Benefits as of December 31, 2018 and 2017, the related Statement of Changes in Net Assets Available for Plan Benefits for the Year Ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risks assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of the Plan as of December 31, 2018 and 2017, and the changes in its net assets available for plan benefits for the year then ended December 31, 2018, in conformity with accounting principles generally accepted in the United States of America.

Other Matter

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2018, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

1. Plan Description

The following description of the Waterworks Aquatics Retirement Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

a. General

The Plan, originally effective September 1, 2009, and restated January 1, 2016, is a defined contribution plan covering all employees of Waterworks Aquatics (the Company) and affiliated employers who have attained the age of 18 years of age and completed either 250 hours of service within three consecutive months or one year of service, whichever occurs earlier, excluding union employees and nonresident aliens. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b. Contributions

Participants may elect to defer up to the maximum allowed by law in pre-tax or Roth contributions to the Plan. Participants may also contribute amounts representing distributions from other qualified plans. The Company matches 100 percent of participant deferrals up to 3 percent of compensation plus 50 percent of participant deferrals in excess of 3 percent up to 5 percent of compensation for a maximum matching contribution equal to 4 percent of compensation under a safe harbor provision, as defined in the plan document. During 2018, company safe harbor contributions totaled $52,828.

c. Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's contribution, if applicable, and the Plan's earnings and losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their accounts into various investment options offered by the Plan.

d. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Due to the safe harbor provision in the plan document, participants are immediately 100 percent vested in the Company's safe harbor contributions portion of their accounts plus actual earnings thereon. Vesting in the Company's other discretionary contributions is based on years of service. Participants become 20 percent vested upon completing two years of service and vest an additional 20 percent each year thereafter until they are 100 percent vested after six years of service.

e. Distribution of Benefits

Upon termination of employment due to termination of service, death, disability, or retirement, participants may elect to receive the value of their vested account balance in a lump-sum payment.

f. Notes Receivable from Participants

Participants may borrow the lesser of $50,000 (reduced by the participant's highest outstanding loan balance during the 12-month period ending on the date of the loan) or 50 percent of their vested account balance with a minimum loan amount of $1,000. Loan terms range up to five years but may be extended if the proceeds are to be used for the purchase of a primary residence. The loans are secured by the balance in the participant's account. Principal and interest are paid ratably through payroll deductions. As of December 31, 2018 and 2017, there were no loans outstanding.

2. Summary of Significant Accounting Policies

a. Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

b. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

d. Payment of Benefits

Benefits are recorded when paid.

e. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

f. Administrative Expenses

Certain administrative expenses incidental to the administration of the Plan, including fees of the administrative agent and independent public accountants, may be paid by the Plan. The Company, at its discretion, decided to pay for certain of these administrative expenses on behalf of the Plan. Most investment options have management fees, which reduce the overall return on assets. The net realized and unrealized depreciation in fair value of investments is reflected with these fees.

g. Subsequent Events

The Plan has evaluated the subsequent events through July 24, 2019, the date the financial statements were available to be issued.

3. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

4. Fair Value Measurement

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

4. Fair Value Measurement (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Exchange traded funds and common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuations method are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017.

Assets at Fair Value as of December 31, 2018

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 693,222	$ -	$ -	$ 693,222
Exchange traded fund	34,471	-	-	34,471
Common stocks	60,246	-	-	60,246
Investments, at fair value	$ 787,939	$ -	$ -	$ 787,939

Assets at Fair Value as of December 31, 2017

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 567,112	$ -	$ -	$ 567,112
Exchange traded fund	36,794	-	-	36,794
Common stocks	127,588	-	-	127,588
Investments, at fair value	$ 731,494	$ -	$ -	$ 731,494

5. Tax Exempt Status

The Company has adopted a prototype plan subject to a favorable opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014. The plan administrator believes the Plan has been operated in accordance with the applicable provisions of the Internal Revenue Code (IRC). Although the Plan has been amended, the Company routinely self-reviews the administration of the Plan and self-corrects any compliance issues in accordance with the Employee Plan Compliance Resolution System. Accordingly, the plan administrator believes that the Plan is designed in accordance with applicable sections of the IRC and, accordingly, is exempt from income taxes.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for plan years ending on December 31, 2014, or prior.

6. Plan Termination

The Company has the right under the plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

7. Party-in-Interest Transactions

Charles Schwab & Co. Inc. is the Custodian of the Plan's assets and holds and manages investments. Transactions with Charles Schwab & Co. Inc. are party-in-interest transactions, as defined by ERISA.

8. Reconciliation to Form 5500

WATERWORKS AQUATICS RET PLAN
Annual Fee Disclosure

March 5, 2019

WATERWORKS AQUATICS RET PLAN
25 WATERWORKS WAY
IRVINE, CA 92618

Dear Client,

Department of Labor regulations require that retirement plan service providers report the compensation they have earned from each retirement plan to the plan administrator on an annual basis for use by the plan administrator to complete IRS Form 5500, Schedule C.

Enclosed please find the report of compensation earned by Charles Schwab and its affiliates, for WATERWORKS AQUATICS RET PLAN for services provided during the period of January 1, 2018 - December 31, 2018.

Because retirement plans with fewer than 100 participants generally are not required to file Schedule C, please refer to the IRS instructions for Form 5500 to determine if it's necessary for you to report the information we've provided on your plan's annual return.

If you have any questions regarding the information on the enclosed report or about using this information to prepare Form 5500 for the plan, please contact the plan's third party administrator or recordkeeper.

Sincerely,
Charles Schwab & Co., Inc.

WATERWORKS AQUATICS RET PLAN
Information for Form 5500, Schedule C
For January 1, 2018 - December 31, 2018

This information summarizes the compensation paid for your plan to Charles Schwab & Co. Inc., and its affiliates (Schwab), or to other service providers, for services related to the plan. Information provided is for the period shown above or for the portion of the plan year that Schwab provided services for your plan. Amounts paid from the plan may be reportable on the plan's annual Form 5500, Schedule C, if applicable. Please refer to the instructions for Form 5500, Schedule C to determine if your plan is required to file the form and for more details of what should be reported.

Direct Payments From The Plan to Schwab:

Account Type	Paid To	EIN	Description	Amount
Plan - Level	Charles Schwab & Co., Inc.	94-1737782	Other Investment Fees and Expenses	$60.00
Participant Brokerage	Charles Schwab & Co., Inc.	94-1737782	Brokerage Fees	$11.58
Total Direct Payments From the Plan to Schwab				$71.58

Several Schwab entities may work together to provide services to your plan and may share the proceeds of fees collected with Charles Schwab & Co, Inc., Charles Schwab Bank, Schwab Retirement Plan Services, Inc., Schwab Retirement Plan Services Company, or Charles Schwab Investment Management, Inc. as needed to support the cost of services provided by these affiliates.

The above fees include brokerage or other investment related fees charged to accounts in the plan for services provided by Charles Schwab and its affiliates when those trading arrangements and/or services are requested by parties with trading authority. This could include authorization from plan participants if your plan offers a participant self -directed brokerage option. More detailed fee information is provided when each account is opened or as the particular trading arrangements and/or services are requested. For more information regarding these fees, please contact a Schwab representative for more information and a current copy of the Schwab Pricing Guide and account application(s).

Direct Payments From The Plan To Other Service Providers:

Account Type	Paid To	EIN	Description	Amount
Plan - Level	VLP CORPORATE SERVICES LLC	Not Available	TPA Fee	$847.50

**The other service providers listed in this report are those to whom fees have been paid from your plan account(s) at Schwab during the year, at the specific direction of the plan fiduciary or other authorized party. Such fees reported may not represent all amounts that were paid by the plan to these providers. If available, the Employer Identification Numbers ("EINs") listed were provided to us at the time of payment. You should contact these providers for disclosure of their services and fee schedules. If you have retained additional service providers for this plan that are not listed in this report or other fees that were paid from the plan and not specifically disclosed separately from other plan transactions, you may want to contact such other service providers for more information. For example, if the Plan permits a participant self directed brokerage option and a broker, investment advisor or other financial service provider has been authorized to direct investments and charge a fee / commission you will need to contact the broker, investment advisor or other financial service provider for a report summarizing such fees. If Schwab were directed to separately pay a fee to a broker, investment advisor or other financial service provider such payment will be reflected in the list of direct payments to other service providers. However, if a broker, investment advisor or other financial service provider reduces a settled trade amount by the broker, investment advisor or other financial service provider's fee / commission, Schwab may not be privy to such fee / commission amount and you will need to obtain a summary of such fees from the broker, investment advisor or other financial service provider.
