GREATER CLEVELAND PARTNERSHIP 401(K) PLAN
Notes to Financial Statements
Year Ended December 31, 2018

NOTE 1 – DESCRIPTION OF PLAN

The following description of Greater Cleveland Partnership 401 (k) Plan (“Plan”) is provided for general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan covering all employees of Greater Cleveland Partnership (the “Company”). Employees may elect to participate in the Plan upon the completion of 90 days of eligible service as defined by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Contributions – Participants may elect to contribute to the Plan a percentage of compensation, subject to certain limits under the Plan and established by the Internal Revenue Service (“IRS”). The Plan also contains provisions to accept designated Roth Contributions. The Company makes a safe harbor contribution equal to 3% of eligible compensation to all participants. In addition, the Company also contributes up to an additional 1% in an amount equal to 25% of a participant’s contributions.

Participant Accounts – Participants direct the investment of their contributions and their share of Company contributions into various investment funds. Individual accounts are maintained for each Plan participant. Each separate account is increased or decreased with a pro rata allocation of each selected investment fund’s earnings or loss. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account. In 2017, the Plan modified the investment line-up as approved by the 404(k) Investment Review Committee. The majority of the new investment options are in a common collective trust versus the historical registered investment company options.

Vesting – Participants are vested immediately in all contributions plus earnings thereon. There are no forfeitures related to this Plan.

Notes Receivable from Participants – A participant may borrow from his or her account up to a maximum amount equal to the lesser of \$50,000 or 50% of the account balance. Loan terms range from one to five years or up to thirty years if the loan is to acquire a principal residence. The loans are collateralized by the balance in the participant’s account and provide for interest at a fixed rate of prime plus 1% at the time of the loan. Principal and interest are paid through payroll deductions in accordance with the payment schedule in the promissory note.

Year Ended December 31, 2018

NOTE 1 – DESCRIPTION OF PLAN (Cont'd)

Payment of Benefits – Plan benefits are based solely on the amount contributed to the participant's account by the Company and the participant and the cumulative share of any income and gains and losses. Payment of benefits upon retirement, disability, death, or other termination of employment may be made at the participant's option directly to the participant or in the form of a rollover. Withdrawals of a participant's interest in his or her account may be made prior to termination, subject to certain restrictions.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared using the accrual basis of accounting.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2018, no allowance for credit losses was recorded.

Valuation of Investments and Income Recognition – The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at net asset value per share, or contract value, as practical expedient under ASC 820, "Fair Value Measurement." Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. The change in the difference between current value and the cost of investments and the gain or loss on the sale of investments is reflected in the statements of changes in net assets available for benefits as net appreciation in fair value of investments. The cost of investments sold is based on the average cost of the investments. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Year Ended December 31, 2018

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (Cont'd)

Subsequent events – Subsequent events have been evaluated for potential recognition and/or disclosure through July 11, 2019, the date the financial statements were available to be used.

Expenses – Certain administrative expenses are paid by the Company and are therefore excluded from these financial statements. In 2017, the Plan moved to an institutionally priced investment line-up and direct compensation agreement with Plan service providers to enhance the transparency of fees in the plan.

Payment of Benefits – Benefits are recorded when paid.

NOTE 3 – INCOME TAX STATUS

The newly adopted prototype plan document sponsored by Fidelity Management & Research, Co. received an opinion letter from the Internal Revenue Service dated March 31, 2014, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (“IRC”). The Plan itself has not received a determination letter from the IRS. However, the Plan’s management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan’s financial statements.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2015.

NOTE 4 – UNAUDITED INFORMATION

The following is a summary of the unaudited information regarding the Plan as of December 31, 2018, included in the Plan's financial statements and supplemental schedules, that was prepared by or derived from information prepared by Fidelity Management Trust Company, the trustee of the Plan, and furnished to the plan administrator. The plan administrator has obtained certifications from the trustees that such information is complete and accurate:

NOTE 5 – FAIR VALUE OF FINANCIAL INSTRUMENTS

Accounting Standards Codification (ASC) 820 establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of fair value hierarchy under ASC 820 are:

GREATER CLEVELAND PARTNERSHIP 401(K) PLAN
Notes to Financial Statements
Year Ended December 31, 2018

NOTE 5 – FAIR VALUE OF FINANCIAL INSTRUMENTS (Cont'd)

Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities. Level 1 yields the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities. A quoted price in an active market provides the most reliable evidence of fair value and shall be used to measure fair value whenever available.

Level 2 – Observable inputs other than quoted prices in Level 1. Inputs such as quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar liabilities that are not active, or other inputs that are observable or can be corroborated by observable market data.

Level 3 – Unobservable inputs that are significant to the valuation of assets or liabilities and are supported by little or no market data. This includes discounted cash flow methodologies, pricing models and similar techniques that use significant unobservable inputs.

Quoted market prices are used when available to determine the fair value of investment securities and these are categorized as Level 1. The inputs used in fair value of Level 1 instruments are quoted.

The following table sets forth by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018. Common Collective Trust funds are fully benefit-responsive investment contracts. These investments are measured at fair value using the net asset value per share (NAV). Such investments are not categorized in the fair value hierarchy but are provided to permit reconciliation of the fair value hierarchy to the amounts presented in the Statement of Net Assets Available for Benefits. The NAV has been applied as a practical expedient for estimating fair value as these investments can be redeemed at the net asset value.

NOTE 6 – INVESTMENT IN COMMON COLLECTIVE TRUST FUND

The Plan maintains various investment options with the Wilmington Trust Collective Investment Trust. The funds are designed to provide long-term investors with an asset allocation strategy designed to maximize their retirement savings consistent with an acceptable level of risk tolerance, ranging from aggressive to conservative, and projected retirement date associated with each fund. To pursue its investment objectives, the funds are diversified across an international equity, global real estate, commodities, intermediate-term bonds and inflation-protected bonds.

GREATER CLEVELAND PARTNERSHIP 401(K) PLAN
Notes to Financial Statements
Year Ended December 31, 2018

NOTE 6 – INVESTMENT IN COMMON COLLECTIVE TRUST FUND (Cont'd)

The plan also maintains an investment in the Wells Fargo Stable Value Fund M (the Fund), a common collective trust fund. The Fund's objective is to provide investors with a moderate level of stable income without principal volatility. The Fund achieves this objective by investing all of its assets in Wells Fargo Stable Return Fund G (Fund G), a collective trust fund sponsored by Wells Fargo. Fund G invests in a variety of investment contracts, including traditional guaranteed investment contracts (GICs), security backed investment contracts, and separate account GICs.

Common collective trust funds have been valued using the net asset value per share which is the contract for these investments.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to alter, suspend, or terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the Plan assets will be distributed to the participants under federal law.

NOTE 8 – RELATED PARTY TRANSACTIONS

Certain Plan investments (Fidelity Advisors) are managed by organizations related to the Trustees and is considered to be a party-in-interest as defined in ERISA. In 2017, the Plan moved to an institutionally priced investment line-up and direct compensation agreement with Plan service providers to enhance the transparency of fees in the Plan. In 2018, the majority of the fees were reflected in the statements as a reduction of investment market value. Fees paid by the Plan for the recordkeeping services amounted to \$58,220 for the year ended December 31, 2018.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan holds various investment securities. Investment securities as defined in ERISA, are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
