NOTE 1 – DESCRIPTION OF PLAN

The following description of the Powerhouse Retail Services 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement and the related Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Powerhouse Retail Services, LLC (the Plan sponsor) ("Company") who have one month of service and are age 21 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to amounts statutorily specified in the Internal Revenue Code ($18,500 for 2018 and $18,000 for 2017) of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions ($6,000 for 2018 and 2017). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants.

The Company also may make discretionary matching profit-sharing contributions, as defined in the Plan document. Profit-sharing contributions are allocated to eligible participants based upon the percentage of the participant's compensation to the total compensation of all eligible participants. Since the Plan's inception, the Company has elected to match 100% of the first 3% of a participant's salary deferral. Additional profit sharing amounts may be contributed at the option of the Company's management and are invested in a portfolio of investments as directed by the participants. Contributions are subject to certain statutory limitations.

Participant Accounts

Each participant's account is credited with the participant's and matching employer matching contribution and allocations of the Company's additional profit sharing contribution. Each participant's account is also credited with that account's investment earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the balance in the participant's vested account. Participant account balances are invested in participant directed investments in various mutual fund investments offered by the Plan through a pooled separate account arrangement with underlying mutual fund investments. Participant investment accounts may be changed at any time by the participants.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual payments of at least statutorily determined minimum amounts. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Benefit payments are recorded when paid.

Forfeited Accounts

At December 31, 2018 and 2017, forfeited non-vested accounts totaled $12,962 and $4,566, respectively. These accounts will be used to reduce future employer contributions. However, during the years ended December 31, 2018 and 2017, no employer contributions were reduced by amounts from forfeited non-vested accounts.

Plan Amendment

Effective January 1, 2018, the Company changed its plan administrator and record keeper from John Hancock Life Insurance Company, USA, to BOKF, NA. The Company also changed its third party administrator from Nova 401(k) Associates to BOFK, NA. The investment options available to employees were also replaced. Also effective January 1, 2018 the plan was amended to increase the maximum employer discretionary profit-sharing deferral percentage from 50% of the first 3% of a participant's salary deferral to 100% of the first 3% of salary deferrals and the plan began allowing for Roth types of contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the plan are prepared on the modified cash basis of accounting which is a comprehensive basis of accounting that is not in accordance with generally accepted accounting principles. The modified cash basis of accounting does not give accounting recognition to receivables and the related income until they are received in cash nor does it give recognition to payables and other accrued expenses and the related expenses until they are paid in cash. Additionally, security investments are reflected at fair value. Accordingly, the financial statements are not intended to present the net assets available for benefits and changes in net assets available for benefits of the plan in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the

measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded when received. Net appreciation or depreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Administration Expenses

Fees related to the administration of distribution payments are charged directly to the participants' account and are included in administrative expenses. The Company bears the remaining costs of Plan administration. Expenses that are paid by the Company are excluded from the financial statements.

Third Party Fee Agreements

The various investment providers to the Plan retain investment earnings to help cover the cost of operating the funds. These fees, which approximated 0.19% of the Plan's investments for the year ended December 31, 2018, have been netted against investment income.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits

Subsequent Events

Subsequent events were evaluated through July 17, 2019, which is the date the financial statements were available to be issued.

NOTE 3 – INFORMATION CERTIFIED BY TRUSTEES

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by BOKF, NA, and John Hancock Life Insurance Company, USA, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental information. The following table presents the value of participant-directed Plan assets that were certified by BOKF, NA, and John Hancock Life Insurance Company, USA, at December 31, 2018 and 2017, respectively:

	2018	2017
Investments at Fair Value	$ 2,205,522	$ -
Liquidated participant accounts (cash)	$ -	$ 1,498,496

BOKF, NA, has certified the completeness and accuracy of the following related to the aforementioned assets for the period January 1, 2018 through December 31, 2018, and John Hancock Life Insurance Company, USA, has certified the completeness and accuracy of the following related to the aforementioned assets for the period January 1, 2017 through December 31, 2017:

	2018	2017
Net Appreciation (Depreciation) in Fair Value of Investments	$ (253,160)	$ 144,531
Dividends	44,703	29,567
Net Investment Income	$ (208,457)	$ 174,098

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within level 1 that are observable for the asset, either directly or indirectly, such as quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, inputs other than quoted prices that are observable for the asset, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Assets at Fair Value as of December 31, 2018			
	Total	Level 1	Level 2	Level 3
Mutual funds	$ 2,502,522	2,502,522	-	-

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018.

The mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the United States Securities and

Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 – RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain underlying mutual funds of the pooled separate accounts of the Plan are mutual funds managed by John Hancock Life Insurance Company U.S.A. (Insurance Company), the Trustee as defined by the Plan as of December 31, 2017, and, therefore, transactions with these mutual funds are party-in-interest transactions. Certain administrative fees related to the administration of the plan were paid by the plan or by the Organization. Fees paid directly to Insurance Company by the Plan for the investment management services amounted to $822 for the year ended December 31, 2017. Fees paid directly to Nova 401(k) Associates, the third party administrator for the Plan as of December 31, 2017 totaled $540 for the year ended December 31, 2017.

BOKF, NA, the trustee for the Plan for the year ended December 31, 2018, is a party-in-interest to the Plan and transactions with the Plan by this entity would be considered party-in-interest transactions. Powerhouse Retail Services, LLC, the Plan Sponsor, pays certain administrative fees, including auditing fees and fiduciary bond premiums for the Plan which totaled $19,490 and $22,829 during 2018 and 2017, respectively.

Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 6 – EXCESS PARTICIPANT CONTRIBUTIONS

The Plan failed the Actual Deferral Percentage (ADP) test for the 2018 and 2017 plan years, and the Actual Contribution Percentage Test (ACP) for the 2018 plan year. In order to correct the failure of these tests, federal law generally requires that corrective distributions be made no later than December 31 of the following year.

The Company opted to correct the nondiscrimination testing failures using the one-to-one correction method, which generally requires an excess contribution amount to be refunded to highly compensation employees. The accompanying statements of net assets available for benefits included $953 and $32,185 as of December 31, 2018 and 2017, respectively, in excess participant contributions paid to participants related to this issue.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 8 – TAX STATUS

The Internal Revenue Service has determined and informed the Plan by a letter dated September 30, 2014, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2015.

NOTE 9 – PROHIBITED TRANSACTIONS

During 2018 and 2017 the Company failed to remit to the plan's Trustee certain employee contributions totaling $3,632 and $5,283, respectively, within the time period prescribed by the Department of Regulations. Delays in remitting the contributions to the trustee were due to administrative errors, and the Company has or will make contributions to the affected participants' account to compensate those participants for potential lost income due to the delays.
